

UN Assembly Near Vote on Tibet Issue

Asian Delegates
Worried Over
Possible Effects

United Nations, N.Y. —(AP)—The general assembly headed for a vote today on Tibet, an issue that has sparked sharp east-west exchanges and caused apprehension among many Asian delegates.

The vote will come on a watered-down resolution by Ireland and Malaya to put the assembly on record reaffirming the right of the Tibetan people to choose their own way of life.

Backed By U.S. —The resolution makes no mention of communist China or the charges that the Peiping government brutally stamped out an anti-communist uprising in the Himalayas, an land of the Lamas last spring. The sponsors eliminated such charges in the hope they would allay the fears of Asian neutrals.

The resolution received strong support from the United States, which accused the communists of trying to frighten delegates away from discussing the issue.

U.S. Ambassador Henry Cabot Lodge made the charge after Soviet Deputy Foreign Minister Vasily V. Kuznetsov declared consideration of Tibet by the assembly would only aggravate the cold war.

Heads Drive to Oust Castro as Cuban Chief

New York —(AP)—A former brother-in-law of Cuban Premier Fidel Castro says he heads a movement called the "White Rose" with thousands of guerrillas fighting the Castro regime in Cuba.

Dr. Rafael Diaz-Balart, 33, said last night his movement "respects everyone that works against Castro but is working with absolute independence from every other group."

Diaz-Balart, who said he has known Castro since both were students at the University of Havana in 1945, said the White Rose movement was organized in cells with an organized underground in "every neighborhood" of Cuba.

He said guerrilla fighting was going on in Roiento, Pinar del Rio and Las Villas Provinces.

Independent Movement —His sister Mirta was married to Castro in 1948 and is the mother of the premier's son Fidel, Jr. They were divorced in 1955.

Diaz-Balart said his movement is independent of former Cuban President Fulgencio Batista, now living on the Portuguese island of Madeira, and the Dominican Republic regime of Generalissimo Rafael Trujillo.

He discussed the movement after a pro-Castro newspaper in Havana, Diario Nacional, charged yesterday that former officials of Batista were openly recruiting volunteers in New York.

Judge Orders Temporary Writ to Halt Steel Walkout

Cuban Army Leader Arrested by Castro

Accused of Treason and of
Plotting Coup in Effort to
Unseat Havana Government

Camaguey, Cuba —(AP)—The commander of Prime Minister Fidel Castro's armed forces in Camaguey province, accused of treason, surrendered quietly today after radio calls by the government rallied peasants and workers against his headquarters.

Castro himself flew from Havana. Between 4,000 and 5,000 workers and machete-armed peasants swarmed the streets of this provincial capital in a call to arms against Maj. Hubert Matos. Armed action proved unnecessary.

Maj. Camilo Cienfuegos, the Cuban army commander, walked unopposed into Matos' headquarters and arrested him on a charge of plotting a coup d'etat to unseat the Castro government.

A critic of some phases of Castro's agrarian reform program, Matos offered his resignation Monday when the prime minister's 29-year-old brother Raul was named the new minister of the Cuban armed forces. The appointment gave Raul complete control of Cuba's armed forces.

Staff Loyal to Him —About 15 members of Matos' staff, in refuge with him at the military headquarters, told Cienfuegos they supported Matos' actions.

"You are loyal soldiers, but loyal to the wrong person," the army commander told them.

He did not order their arrest. Matos was ordered into house arrest at his official residence within the military headquarters. His wife and four children live there with him.

Matos was described by residents here as "an able and honest leader who refused to go as far to the left as some of his associates."

Soviet Chief Backs Peiping On Formosa

State Department
Denies Offers of
Concessions Made

Washington —(AP)—Soviet Premier Nikita S. Khrushchev has sent a confidential letter to President Eisenhower backing up red China's claim to nationalist-held Formosa.

State department officials confirming receipt of the letter, vigorously denied that it expressed red China's willingness to abandon use of force to settle international problems in all Far East areas including Formosa.

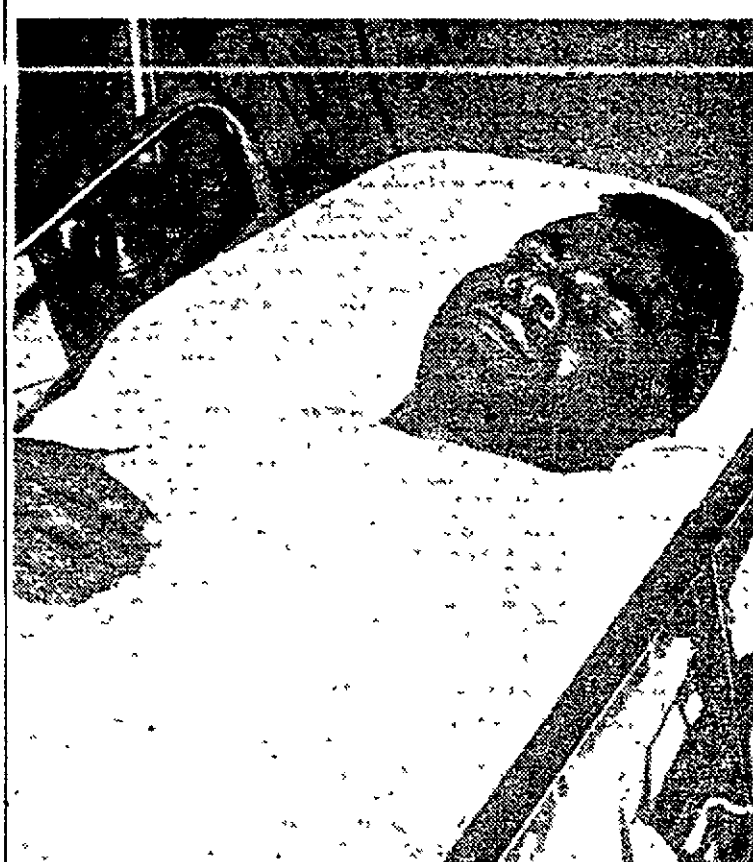

Far From Agreement —These authorities said there is "no foundation in fact" for a report to that effect.

The Chicago Sun-Times in a Washington dispatch had told of such a report, presenting it only as a version which could not be corroborated. The story reported the letter "is said to contain a new offer from red China to the United States."

Khrushchev's letter, delivered to the state department last Wednesday, is understood to sum up anew Khrushchev's views on red China.

Eisenhower and Khrushchev wound up far apart in their Camp David conferences about Asia. They agreed to discontinue talks on that subject because of this wide gulf.

Officials familiar with Khrushchev's letter said it offers no new concessions which might ease the sharp dispute between red China and the United States.

Last of Quintuplets Dies

Five Tiny Baby Girls Lose Fight for Life

BY GARTH JONES

San Antonio, —(AP)—Baby D, last survivor of the five toylike girls born to the wife of an air force lieutenant yesterday, died at 6:40 a. m. today.

The parents, First Lt. and Mrs. Charles G. Hannan, were asleep when Baby D succumbed. Both had been in near-shock during the night after the deaths of the other four quints within 94 hours of their birth.

"They were just like baby dolls," half sobbed a technician in a blue uniform when the word spread rapidly through the hospital to her.

Hannan authorized this statement: "My wife and I were terribly sorry to learn of the death of our babies and are stricken with grief. However, we are confident that all is

Union Set To Appeal Immediately

Pittsburgh — (AP) — A federal judge today issued a Taft-Hartley injunction temporarily halting the record 99-day steel strike.

The United Steelworkers union said it would file an immediate appeal with the U. S. Third circuit court of appeals in Philadelphia.

Arthur J. Goldberg, USW general counsel, asked Judge Sorg to stay the injunction order pending the Philadelphia appeal.

The injunction issued by Judge Herbert P. Sorg in U. S. district court prohibits the United Steelworkers union from continuing its strike against the nation's basic steel industry.

The government sought the injunction on orders from President Eisenhower. The president said the strike was endangering the nation's economic health and safety.

Judge Sorg denied the union's request for a stay of execution of the injunction.

Judge Sorg told Goldberg his motion "would best be presented to the circuit court in Philadelphia."

The hearing, which began yesterday, was to have resumed at 10 a. m. At noon Judge Sorg was still in his chambers conferring with government attorneys and counsel for the United Steelworkers.

The delay presumably was caused by steel company objections to a union request that a retroactive pay clause be included in any injunction the court might decide to issue.

Industry Objects —During the delay, company attorneys filed a legal brief stating their objections. They claimed such a clause would put the court in the position of "settling in favor of the union one of the most important terms of collective bargaining."

The retroactive pay clause proposed by the union would result in the court specifying that benefits in any settlement reached during the injunction period would be retroactive to the first day the injunction was in force.

The government argued yesterday that lost steel production was threatening the nation.

14 Laotians Facing
Trial on Treason Counts

Vientiane, Laos —(AP)—Prince Souphanouvong and 13 other leaders of the pro-communist Neo Lao Haksat party will go on trial in Vientiane Monday on charges of high treason.

Justice Sec. Thao Tane told a newsman death sentences were unlikely. He explained that the Laotians, being "deeply Buddhist," oppose capital punishment, and there has been no death sentence since the little Indo-Chinese kingdom became independent in 1949.

Girl, Taken for
Prowler, Killed

Santa Rosa, Calif. —(AP)—A 16-year-old girl collecting on a newspaper route for her mother was shot to death last night by an elderly subscriber who thought she was a prowler.

Sheriff John Ellis, noting a woman had been raped and killed in the area, said residents had been apprehensive.

The young shooting victim was Marjorie Lois Fisher Templeton.

Collecting for her mother who runs a motor paper route for the Santa Rosa Democrat, the girl knocked on the door of John Lewis Newland, 71, a friend of the girl, Gilbert Michael Gonzales, 18, waited in an auto at the curb.

Newland, who with his wife operates a rest home with four elderly patients, told Ellis he heard a noise at the door, feared a prowler and armed himself with a .32 caliber revolver.

Ellis quoted Newland as saying that when he went to the door the screen opened, alarming him, and he fired.

\$183.61 Per Person
Tax Collected in State

Washington —(AP)—Total tax collections in Wisconsin by all units of state and local government amounted to \$183.61 per person in 1957, compared with a national average of \$169.22, the Department of Commerce said today.

The state's taxes amounted to \$95.59 per \$1,000 of income, against a national average of \$83.46.

Hints at Accord on Missile Agency Fate

Brucker Tells About Talk
On Issue at White House

BY BEM PRICE

Washington —(AP)—Sec. of the Army Wilber M. Brucker hinted today that the fate of the army ballistic missile agency, deeply involved in the space race with Russia, was settled at a White House conference today.

Brucker was a late — and not previously announced — participant in a meeting between President Eisenhower and his top space advisers.

The session was set up to solve the problem of how to push the United States into stronger competition with the Soviets in the outer reaches.

He May Talk —Emerging from the talks some time after the others had left, Brucker was asked if there had been a decision on the missile agency and its crack team of space experts headed by Dr. Wernher von Braun.

He first replied that was a matter in the province of the president.

Asked if that meant there had been no decision, Brucker answered:

"I didn't say that."

About the same time the White House said Eisenhower probably will make a statement about the meeting after he arrives in Augusta, Ga.

The president left directly after his space conference for a 5-day golfing vacation.

Specific questions before

Chessman Gets Stay

Granted Until Nov. 3 To File Another Appeal

Washington —(AP)—The supreme court today granted a stay of execution for Caryl Chessman, under sentence, to die Friday in California's gas chamber.

The stay was granted to permit the convict-author to file a new appeal. The appeal must be filed by Nov. 3.

Counsel for Chessman had asked Justice Douglas to grant a stay, but Douglas referred the request to the full court.

In granting the stay, the court noted that Chief Justice Warren had disqualified himself from the case. Warren is a former governor of California.

State May Reply —The decision to grant a stay thus was made by eight justices.

After the filing of a new appeal on behalf of Chessman, the state of California may file a reply in opposition to further supreme court consideration of the case.

The eight justices then will decide in closed conference whether they will grant a hearing on the new appeal. A refusal to do so would mean that Chessman's conviction with the penalty would stand.

Announcement of the court's action was contained in an order which was distributed to newsmen by the tribunal's public relations officer, B. E. Whittington.

No reference was made in the court chamber to the tribunal's action when it opened its session for today.

The court's order stated: "The application for a stay of execution of the death penalty imposed upon the petitioner presented to Mr. Justice Douglas, and by him referred to the court, is granted pending the timely filing

and the consideration of a petition for certiorari. The application for extension of time to file such a petition for certiorari is denied. The chief justice took no part in the consideration of these applications."

George T. Davis, San Francisco attorney for Chessman, had asked Douglas to extend to Nov. 18 the time for filing a new appeal. This was rejected in the court's order, giving Davis only until Nov. 3 to file.

Policeman Lawrence Duke, Left, poses with holdup suspect Gordon Powell, 37, and bank teller Mrs. Mary Briggs shortly after Duke arrested Powell in El Monte, Calif. Mrs. Briggs said Powell handed her a note demanding money and left with \$1,737. Powell later complimented the police for their quick work in capturing him.

Winter Changes Turn Up Many Household Needs

Most families have settled down for the fall and winter.

This means the storm windows are up, the summer furniture has been stored and the heavier clothing has been aired and readied.

During the transition from summer to winter living, families often find there are many things they need or there are many items which won't be used much any more.

The easy and inexpensive way to find what you need and sell what you don't need is in the Post-Crescent want ads.

First Killing Frost Hits Tuesday Night

Wisconsin — Becoming mostly cloudy tonight, with rain likely over north portion. Thursday mostly cloudy, with partial clearing over west and moving east. Rain ending north with showers south. Outlook for Friday: Fair and mild.

Appleton — Temperatures for the 24-hour period ending 9 a. m. today: High 51, low 31. Temperature at 10 a. m. today 45, with the discomfort index 49. Barometer reading 30.35 inches with wind southeast eight to 10 miles an hour.

Sun sets at 5:01 p. m.; rises Thursday at 6:16 a. m.; moon rises at 8:30 p. m. Prominent star is Fomalhaut.

Ike, Herter Confer On Summit Session

Consider French Go-Slow Attitude
On East-West Meeting; Believe
U. S. Wants Parley in December

Washington — President Eisenhower met with Sec. of State Christian A. Herter today apparently to consider France's go-slow approach to an east-west summit meeting.

In a 40-minute conference at the White House the two were believed to have talked over ways to settle the backstage allied dispute on the timing of a meeting with Russia's Premier Nikita S. Khrushchev.

Afterward Herter declined to say anything about their talk, leaving all that to the president.

While the two were in conference the French government announced its approval in principle for an east-west summit meeting, but approached it as business for next spring.

Meet in Paris?
Eisenhower is understood to have proposed a summit session of the western powers early next month in Paris, preliminary to a possible session with Soviet Premier Nikita S. Khrushchev in the first 10 days of December.

British Prime Minister Harold Macmillan and West German Chancellor Konrad Adenauer were reported ready to accept Eisenhower's plan but the Paris announcement in effect reaffirmed French President Charles de Gaulle's reluctance to hurry the matter.

Appear Confident
Eisenhower and Herter appeared confident, however, that backstage talks would iron out this hitch within the next few days while the president golfed and rests in Augusta, Ga.

Mainly to reassure de Gaulle, however, Eisenhower has expressed readiness to fly to Paris for the western

Indians Great Fire Fighters, California Finds

Natives Either Work For Hollywood or Sweat in Hot Line

Los Angeles — Around these parts, Indians are usually engaged in one of two sweaty occupations: Biting dust or fighting fires.

They perform the former function as villains on horseback for Hollywood and the latter as heroes on foot for the forest service.

Southern California has a habit of producing fires bigger than it can handle alone, so it's a rare year when the redman isn't summoned to help save the area that was vilified him in film for the matinee multitudes.

On the 14,200-acre fire controlled north of here Tuesday night, for example, more than 850 of the 2,400 firefighters were Indians, mostly from Arizona and New Mexico.

"These fellows make good firefighters," said Don Jirsa of the forest service. "They're not only in excellent physical condition, but they know how to fight a fire. The forest service trained all of them."

One such firefighter is Victor Tenorio, 43, of Santo Domingo, N.M.

"One reason we fight forest fires," he said, "is because we love forests. We and others depend on forests for raw materials and recreation. When there is a forest fire, we want to fight it."

But the motive is not entirely altruistic. The Indians make \$1.96 an hour, usually work 12 or 16 hours a day. The average fire lasts a week.

You can tell where the Indians are from by their headgear. Each tribe or pueblo wears its own distinctively colored metal safety helmet.

Cindy Got Lonesome, Scared All

Oakland, Calif. — The bear hunters couldn't find Cindy — and they didn't welcome Cindy when she found them, badly as they wanted her.

Cindy is a 100 pound, 10 month old brown bear, accustomed to admiring crowds at Knowland State Park zoo. Vandalism sawed the lock off her cage Monday night and she strolled away.

The park gates were closed Tuesday while police and park officials, armed with rifles and shotguns, searched in vain.

Then Cindy, lonesome, silently walked up behind Ed Henshel, a park employee, and gave him a friendly nudge. Henshel didn't like that and left.

Next she greeted Jim Young, a TV cameraman. He froze while the bear hunters crept up.

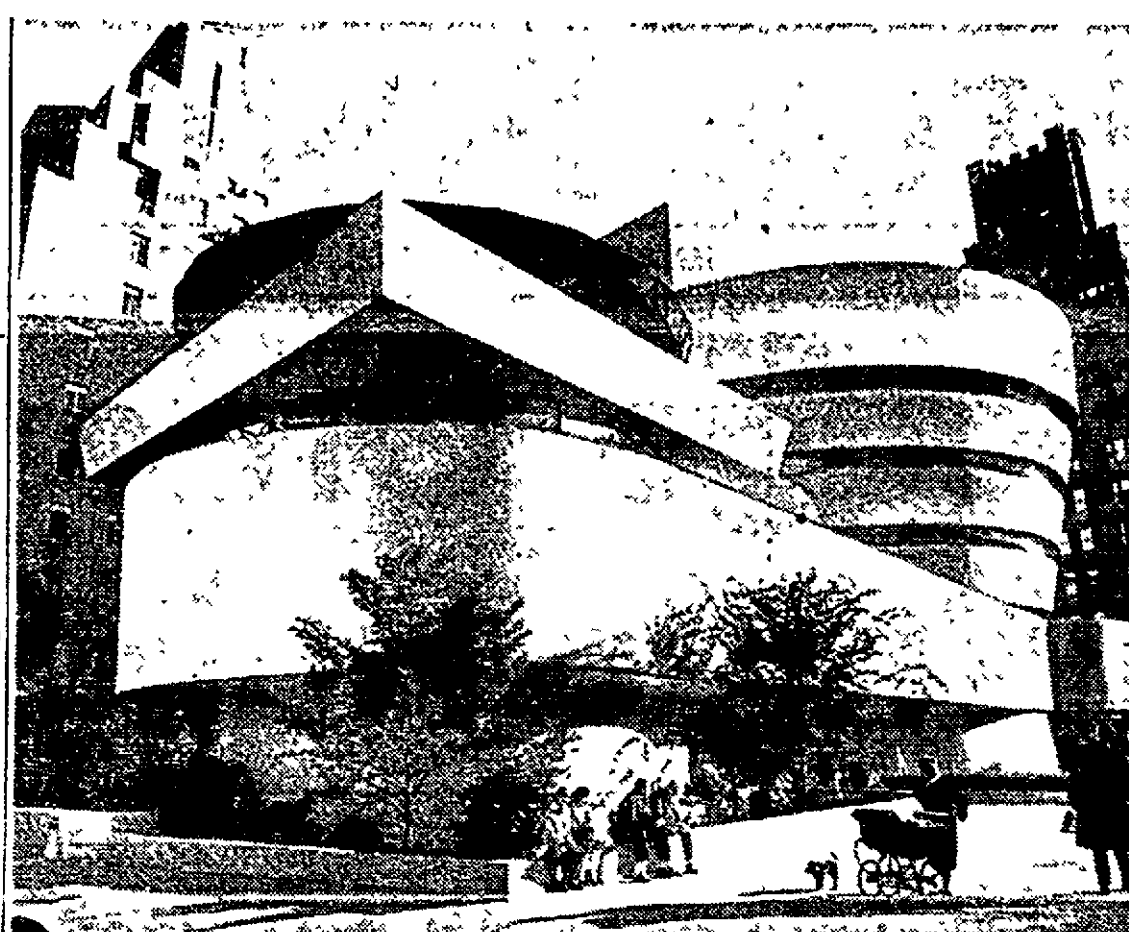

Cindy, happy as a puppy scampered from one hunter to another, frightening each.

Finally however park director Gene Rippe lassoed Cindy and led her, now angry and snarling, to her cage.

years in the institution without having once received a visitor or a letter, the hospital said Tuesday.

Records show she was committed for "simple melancholia." Staff doctors in 1941 described Miss McDaniel as a "very nice, quiet, agreeable old lady."

Officials said none of the 30,000 patients admitted since 1893 could approach her record of isolation from the outside world.

This is an exterior view of the new Solomon R. Guggenheim museum in New York City. The structure, built round and round like corkscrew, was designed by the late Frank Lloyd Wright.

Mayors Term Air Force Rocket Meeting Waste

'This Is Fraud' Say Men Who Went to Florida for Demonstration of Might

Panama City, Fla. — "It is a waste of the taxpayers' money and a waste of our time," the mayors of two Vermont cities have termed the air force's rocketry meeting at Tyndall air force base, a waste of the taxpayers' money.

Mayors James E. Fitzpatrick of Burlington and Dan J. Healy of Rutland telephoned the Burlington Free Press last night to say they were outraged by what they had seen here.

Healy said: "This is a outrage. It is an outrage being perpetrated not only on the taxpayers of Vermont but on the taxpayers of the entire United States. We are going to pay our own way home."

Fitzpatrick said: "This entire thing is a fraud. This is terrible. This is a waste of the taxpayers' money and a waste of our time."

The air force flew the mayors to Florida Monday for a scheduled weeklong demonstration of missile flying.

Air force officers, who asked that their names not be used, said they were distressed at the mayors' comments. They said they offered Fitzpatrick and Healy an opportunity to visit activities at the meet and both refused.

They also offered rides in jet aircraft and were turned down.

48 Pearls Found in Oyster by Shucker

Lancaster, Pa. — Charles Wantz, an oyster shucker at a Lancaster sea food market, opened an oyster Tuesday and found 48 pearls.

Prof. John McDermott, biologist at Franklin and Marshall college, said that "48 pearls in a single oyster are unheard of as far as I know."

Wantz gave the pearls to the school's biology department after jewelers said they were worthless except for science and curiosity.

The pearls ranged in size from one-sixteenth to one-fourth inch. Most of them were irregular — but so was the oyster.

Housewife Says She Served In Red Party as FBI Agent

Los Angeles — A housewife says she served in the communist party for 15 years as an undercover agent for the FBI.

"My principal job was to infiltrate the Douglas Aircraft plant in Santa Monica," Mrs. Moisselle Clinger, 42, told the house un-American activities committee yesterday.

"I was asked to supply the names of engineers and technicians whom I considered to be 'liberal.'"

She said she left the communist party three years ago.

"I reported to the FBI at least once a week," Mrs. Clinger told the committee. "I decided to quit when, after 15 years, I became sick of it all. I thought I had done all I could do, physically. In other words, I'd had it."

Mrs. Clinger said the communist party's biggest headache was its difficulty in raising money.

"We were always holding parties in an effort to get money," she said. "One of our chief duties was to convince people who weren't communists to give us money so we could keep going."

She said one of the fund

Odd-Shaped Museum in East Opens

New York — A museum built round and round like a corkscrew opens here today to the public.

The only major contribution to the looks of this metropolis by the late pioneering architect Frank Lloyd Wright, it is the Solor on R. Guggenheim museum, on 5th Avenue between 88th and 89th streets.

Outside, it looks like a giant toasted popover. The diameter at the summit is 128 feet and only 100 feet at the base.

Inside a ribbon of wall and inclined floor circles upward from the main central court, with pictures hung only on the outside wall. Stand on the ground floor and look up and you see a great expanding bowl rising in soft white spiraling stripes to a glass dome.

The daring design represents a radical break with traditional structure in Europe as well as in this country. Though the building occupies only a corner of a city block, the display ramp is more than a quarter mile long.

UW to Receive \$200,000 From Ford Foundation

Washington — The University of Wisconsin Tuesday was named as one of 10 schools to share in a \$19-million Ford Foundation grant designed to spur "a major advance in engineering education."

Wisconsin will receive \$200,000 from the fund of \$19,050,000, according to Henry T. Heald who announced the grant at the annual dinner of the American Institute of Consulting Engineers.

In a prepared address, he said: "In the last two decades, a revolution has been under way in the practice of engineering. Yet engineering education — the gateway to professional practice — has lagged behind."

raising parties was held at the home of Poet Lawrence Lipton, now identified with the Venice, Calif., beatniks.

"Mr. Lipton's wife at the time was the late Craig Rice, writer of detective stories," said Mrs. Clinger. "We used her name to get people to come to the party, but she had nothing to do with us."

Lipton, advised of this testimony, said he recalled no such money-raising session but remembered there dozens of parties at his various homes in Santa Monica.

"I didn't know most of the people," he said. "They came from the USO, from writers' groups, from the film colony, from all over. If they used Craig — well, they used me too. These informers, they're vicious, involving people this way. All I remember about money raising is one we had for Bundles for Britain."

Rockefeller Ends His Chicago Visit; Sees Some Ground Gained

New York Governor Hopes to Start Move to Break Nixon Power

Chicago — Gov. Nelson A. Rockefeller of New York wound up a Chicago visit today after establishing a beachhead from which he could battle Vice President Nixon for midwestern support for the Republican presidential nomination.

Rockefeller made no sweeping inroads during a 2-day stay here on the strong support Nixon commands in the Midwest.

But the New York governor gained a little ground in meetings with newspaper executives and Republican leaders. Several conceded that while they were not sold on Rockefeller, they were impressed by him and would not

rush into any final decision on a presidential candidate. Rockefeller met last night with several prominent midwestern businessmen at the exclusive Chicago club. The list of guests was kept secret but it reportedly included some of the top contributors to GOP campaigns.

The Rockefeller forces hope this foot in the door will expand into a full-fledged Rockefeller for president boom in the Midwest.

The Chicago visit was the first of a series Rockefeller plans into politically-strategic areas throughout the country.

He will visit California, Oregon, New England and probably Wisconsin next month. His approach probably will be the same it was in Chicago — speeches on top national issues before large groups and emphasis on personality and charm in meetings with small ones.

Visit Wisconsin
While the Nixon-Rockefeller contest grows increasingly more prominent on the national political scene, Rockefeller insists "I am not now a candidate."

But Chicago treated him as a candidate. The New York governor provided ample ground for this view. He told a meeting of the Inland Daily Press association yesterday that he plans to speak in various parts of the country on such topics as foreign affairs, national defense, the nation's economy, farm policy and education.

He met here with a group of Wisconsin Republicans interested in seeing him run for the party nomination and made tentative plans to appear next month in that state, site of a strategic presidential primary next year.

The grange at Tibbets was awarded first place for community service.

South Greenville Grange Couple Wins Honors

Elkhorn — Mr. and Mrs. Alton Schnetzer, route 2, Neenah, members of the South Greenville grange, were awarded second prize in the state grange young couple of the year contest.

The award was made Tuesday during the farm organization's 88th annual meeting. Mr. and Mrs. Lee Cohen, rural Beloit, were named the outstanding couple.

Mrs. Schnetzer is juvenile matron of the South Greenville grange.

Frank Pischke of the Elkhorn grange and Chester Smith of the Allenville grange, both of Oshkosh area, were honored for encouraging local granges in community service. They are district deputies.

The grange at Tibbets was awarded first place for community service.

REGULARITY REGAINED

Are you blaming constipation on middle age when the cause is really lack of bulk in the foods you eat? If this is the case, you can correct the trouble the Kellogg's All-Bran way.

Here's why: Kellogg's All-Bran is a whole-bran cereal — nature's best bulk forming food. So just a daily half-cup serving of Kellogg's All-Bran can give you all the good food bulk you need to restore youthful regularity.

Millions stay on schedule this appetizing way. Try Kellogg's All-Bran every day for 10 days — see if it doesn't help you, too.

Canary Islands Only Good for Vacationing

Young Scientist Reports on First Part of Expedition, Shows Dismay at Barren Land

BY TIMOTHY WYNGAARD
Canary Islands — American City, located on the island of Fuerteventura, has all the comforts of a typical American community. Constructed primarily with air force material, and using air force supplies, it lacks only a movie house to make it an example of a typical American small town.

The other inhabitants of Fuerteventura are not so fortunate, however. Due to its volcanic origin and lack of

rainfall, most of the island is unsuited to raising crops of any kind. The only crops raised on the islands in any amount are dates and tomatoes.

Ranges of volcanic mountains rise directly from the ocean shore and stretch inland along both east and west coasts of the island. The mountains level off in the center of the island, however, and the land in this central area is the most fertile.

Huge Rocks Seen
Rocks ranging up to the size of automobiles lay strewn like pebbles on the sides of the mountains. Faults, places where a thin layer of hard rock has pushed up vertically through the softer volcanic rock, run down the mountains like walls. Ravines, up to 40 feet deep, dot mountain sides every few hundred yards.

Overlying this scene is an almost entire lack of vegetation. The few waterholes which spot the countryside stand out because of their rich, green palm trees. Other than these few places, the entire island is brown for 10 months of the year. During November and December torrential rains make the island bloom.

Needless to say, the island

Hawaiian Senator Says Formosa Must be Defended

Taipei, Formosa — The only U. S. senator of Asian descent Tuesday said the United States must defend nationalist China's offshore islands.

"We must stand firm," said Sen. Hiram L. Fong (R-Hawaii). "On the lines now drawn—the 38th parallel in Korea and the offshore islands in the Formosa strait."

"We cannot afford to let the offshore islands fall into the hands of the communists."

Fong is making a tour of Asian and Pacific countries. He left today for Manila after a 4-day stay on Formosa.

The senator said Formosa has all the makings of a tourist paradise and that its scenic beauty surpasses Hawaii's.

Justice in Mississippi

The people of Carroll county, Mississippi, must find a way to get Negroes on juries or face the inability to convict a Negro of any crime which requires a trial by jury. Robert Lee Goldsby, a Negro, was convicted of murder in Carroll county but will go free unless Mississippi can find a way to try him before a properly constituted jury within eight months of his appeal.

A citizen of the United States is entitled, under the constitution, to a trial by an impartial jury. Presumably that means by a jury selected from all levels of society without discrimination as to religion or race. In a state like Mississippi, where there is a large Negro population, it is reasonable to suppose that a jury panel freely drawn would include some Negroes. However, the jury which tried Goldsby had no Negro members because in Carroll county Negroes are not permitted to vote and the jury lists are drawn from the registered voters. The county has a population more than half Negro.

Mississippi's attorney general, Joe T. Patterson, in his petition to the supreme court, declared that if the decision was not reversed, all Negroes would be immune to successful prosecution for any and all crimes in the jurisdiction where Goldsby was tried. However, the supreme court refused to review the case and so the decision by the lower court stands.

One way for Mississippi to remedy the situation is to permit the Negroes to vote. The right to vote is regarded as of prime importance by President Eisenhower and his civil rights commission recently has put in a great deal of time studying the situation in southern states with a view to opening up the vote to Negroes. The Mississippi attorney general's plea was supported by the claim that "if all members of a race voluntarily refrained from seeking to become qualified for jury service over the years, as in the instant case, we know of

no legal means by which they can be required to become so qualified, and we are sure that this court would not suggest that the Negroes be coerced against their will to become qualified jurors."

However, Judge Richard T. Rivese of the Fifth Circuit held that the failure of Negroes to register as voters was not their own choice. Judge Rivese, who is a native of Alabama, said he was not surprised that Negroes were not allowed to vote in some counties because in his home state, where Negroes constitute a majority of the residents, they take no part in government either as voters or jurors.

The civil rights commission recently reported that 14 Mississippi counties had not a single Negro voter registered in 1955 although Negroes made up 109,000 of the counties' 230,000 population. Furthermore, the commission pointed out that in exactly half of Mississippi's 82 counties fewer than one per cent of the Negroes of voting age were registered. In the whole state, the commission declared, only 22,000 Negroes were registered as voters and only 8,000 of them were believed to have paid their poll taxes.

Whether the ruling authorities in Mississippi will attempt to set up legal juries remains to be seen. Since the Goldsby ruling by the court of appeals, a Negro named Mack Lee Parker, an accused rapist of Poplarville, Miss., was lynched. It was reported at the time that citizens knowing of the Goldsby ruling feared that any conviction of Parker would finally be set aside because of jury discrimination and hence they took the law into their own hands.

Mississippi now faces a severe test. It has seen how its refusal to let Negroes vote has boomeranged against its system of justice and it now remains to be seen whether the United States supreme court is going to see lynchings as a boomerang against the court's decisions. The situation is interesting — and dangerous.

Baseball and Monopoly Legislation

Rep. Emanuel Celler, (D-N.Y.) has threatened the baseball world with strong anti-trust legislation if the Washington team of the American league is moved to Minneapolis. Celler accused Calvin Griffith, owner of the team, with going back on his word to congress and he added, "This kind of action invites action by congress to get a strong baseball anti-trust bill. If Griffith moves he deserves criticism and proves that baseball is not a sport but a business . . . Young Griffith wants to go to Minneapolis because he thinks he can make more money there . . . If baseball is a sport then what Griffith is thinking of doing is not likely to happen, but if it's really a business, as it seems to be, then it is only natural for Mr. Griffith to move where he can get the most shekels for his team and if that is the case, and that seems to be the case, then baseball should not be wholly immunized from the anti-trust laws."

Leo D'Orsey, a former director of the Washington baseball organization and currently an adviser on financial matters, said Celler's statement is ridiculous. He asks, "What did Celler do when the New York Giants, Brooklyn Dodgers and Philadelphia Athletics decided to move? Nothing. Is Griffith's case any different?" Of course, Celler's attitude is ridiculous.

The Twain Dissolves

Gamal Nasser's disillusion with the promises of the Soviet Union and his growing awareness of the dangers of any kind of alliance with communist countries, even under the guise of "neutrality," is beginning to be reflected in the United Arab Republic. There is no better sign than the bitter complaints from the Russians.

Soviet officials charge that Egyptians attending Russian films are "threatened and intimidated." They also say that soviet pamphlets are forbidden in Cairo while the United States can hand out propaganda leaflets attacking the Soviet Union at will.

The Egyptian officials have denied there is any official move against the Russians. But they admit that policemen stand outside the theater where the Russian films are shown and do happen to notice and remember the people who come to see the films. And some 650 Egyptian and Syrian

students who were exchanging cultural ties in various red eastern European countries all have come home without replacements.

Meanwhile there again are moves from both Moslems and Christians for a united action against communism. The director of the culture department of one Cairo university has called for such action to combat what he calls "the deadliest plague that ever afflicted the human race." University students have paraded with posters and chants emphasizing that Jesus and Mohammed are prophets of the one true God. There are quite a number of Christians, particularly Roman Catholic and Coptic, among the student population of the Cairo universities.

At any rate, the aura of brotherhood with the communists which Nasser invited in his anger at the west a few short years ago seems to have dissolved.

Farm Surplus Not Russian Problem Yet

From The Davenport (Iowa) Morning Democrat

Soviet Premier Nikita Khrushchev in Iowa marveled at our farm output and challenged the United States to a "production race."

He did not seem to realize that, under present conditions, our problem is not increasing production but holding it down.

Farm surpluses as of June 30, the U. S. Government has reported with modest pride, were down to the lowest point since last November. The total of \$8.6

billion now listed includes \$2.4 billion in crops under price support and \$6.2 billion in farm commodities owned outright by the government.

While this is now a month from November, on June 30 a year ago total value of our farm surplus was \$7 billion. From now to December the overproduction and surplus will climb as crops are stored away. There will be more stored wheat and corn to be paid for by we taxpayers.

Khrushchev undoubtedly wants more farm production. We doubt if he wants as proportionately large a surplus as we pile up. He would then find he faced a farm production problem — but a different kind of one.

In this hungry world there is, of course, no such thing

as a "farm products surplus." There is just lack of a distribution system that will get food to the places where it is needed and that will make it possible for folks who need the food to pay for the cost of raising it.

Our farm surplus is a challenge for Mr. Khrushchev. If he ever matches it, making use of his surplus will give him a new challenge.

New Cars Lighter Except for Payments

From The Arkansas Gazette

Following the lead of Europeans, American automobile manufacturers are using more aluminum in their cars to bring the weight down. There has been no announcement that payments will be any lighter.

Better Make It Snappy, Nelson

What Others are Saying

Many Changes in World Since Death of Willkie 15 Years Ago

From The Chicago Sun-Times

The 15 years since Wendell L. Willkie's death have seen, by all odds, the swiftest changes in all history. The jet age . . . the rocket age . . . the atomic age . . . the space age — Willkie knew nothing of these.

"Reich Hit by 6,000 Planes," the headlines said on the day of his death. "Mighty Yank Drive Rolls for Cologne." and "Russians Head for Budapest." Slogging footsoldiers and, propeller-driven bombers dropping TNT. Russia as an ally. Willkie died a very long time ago.

Yet the spirit of Wendell Willkie, and the impact of Wendell Willkie upon his Republican party, remain strong and fresh today. Why?

Partly because he was a powerful, vibrant, unforgettable personality. No one who saw him in action — dark hair flying and eyes flashing — could ever forget him. In those dark days of

his party's fortunes he was a figure to arrest the imagination. He was an amateur, a rebel whose unorthodoxy could bewilder the party professionals, a dynamic orator who could bring crowds cheering to their feet.

Possibly all of that was enough to warrant his fame in his time. But something more than all of that gave Wendell Willkie his place in history.

Willkie saw things clearly; he had a way of tapping into eternal truths, and recording what he saw and felt.

In the first chapter of his book, "One World," he wrote: "I traveled a total of 31,000 miles . . . The net impression of my trip was not one of distance from other peoples, but of closeness to them. If I had ever had any doubts that the world has become small and completely interdependent, this trip would have dispelled them altogether . . . Our thinking in the future must be worldwide."

He met and talked with Joseph Stalin on that trip, and in the course of commenting on the quality of Russian schools, remarked: "If you continue to educate the Russian people, Mr. Stalin, the first thing you

know you'll educate yourself out of a job." Stalin laughed. We doubt if Khrushchev would find it funny. Willkie believed in America, and understood the sources of strength.

He showed this when he said, "Only the productive can be strong, and only the strong can be free."

And again: "Minorities are rich assets of a democracy, assets which no totalitarian government can afford. Dictatorships must, of necessity, fear and suppress them, but within the tolerance of a democracy, minorities are the constant spring of new ideas, stimulating new thought and action, the constant source of new vigor."

And again: "Our success thus far as a nation is not because we have built great cities and big factories and cultivated vast areas, but because we have promoted the fundamental assurance of freedom upon which all our material development has depended, and have tolerated, and learned to use, our diversities."

This kind of man with this kind of vision, outlives his time. Not only his party, but all Americans, are in his debt.

Looking Backward

Crescent Against Street Tunnel

79 YEARS AGO

Quoted from the Appleton Crescent for the week of Oct. 23, 1880.

The long deferred culvert and tunnel walls under the Prospect Street bridge progresses slowly.

We have no faith in the durability of a tunnel there, with less than a six or eight foot base wall — in fact, we consider the tunnel an entirely unnecessary humbug. The council ought to do something to relieve the past and present prevailing nuisance of Market street — a stench to civilization, there in the very business heart of the city and endangering the health of all living in its vicinity.

25 YEARS AGO

Wednesday, Oct. 17, 1934.

Harry Hoeffel, Appleton, was to serve in a legal capacity for the Appleton Child Psychiatric Foundation, it was announced by Dr. Wallace Marshall, one of the persons closely interested in the project.

W. E. Smith was named general chairman of the committee in charge of the annual convention of the Wisconsin Federation of Labor to be held in Appleton, July 16, 17, 18 and 19, 1935, it was announced that day by Appleton Trades and Labor council.

Miss Mary Catherine Steinberg was unanimously elected president of the alumna chapter of St. Mary Springs academy to succeed Miss Katherine Dohr.

C. S. Curtis, a field representative, was to speak at Neenah on the Townsend old age pension plan which was scheduled to come before congress at its next session.

10 YEARS AGO

Wednesday, Oct. 19, 1949

Miss Wilma Shultz, dean of girls at Lawrence college, was guest speaker at the induction of 17 Appleton High school students into the Edward Weissmiller chapter of Quill and Scroll, international journalism society.

William Laux and H. P. Martin of the Service Bakery, and Ben A. Pfefferle of the Elm Tree Bakery, were attending the annual convention of the American Bakers association and the 1949 baking industry exposition at Atlantic City, N. J. Officers of the Outagamie

Under the Capitol Dome

New Department to Promote Recreation

BY DAVID CARLEY

Madison — The continuing shrinkage of distances between our places of residence and desirable recreational locations, brought about through better roads and faster modes of transportation, has made the recreation industry an important item in our state and national economy. Shorter hours of work and changing habits of our people, together with transportation advances, have

Carley

David Carley is the director of the state division of industrial development, a part of the state executive office.

brought this about. And, of course, our great interest in the provision of recreational opportunities stems not only from our economic sense of values but from our sense of social obligation as well.

Today some 80 million Americans take vacation trips annually. In doing so, they spend about \$10½ billion on domestic travel alone; another \$1½ billion is spent on foreign travel.

Gov. Nelson has recognized the highly important role the recreation industry plays in our state economy. He is aware also of the great social implications of our growing need to provide recreational opportunities for the Wisconsin citizen. In response to these observations he introduced legislation providing for the creation of a department of Resource Development which will include a full-time recreation specialist. He will be charged with aiding the recreation industry in every way possible both in promotional aspects as well as in the development phases of the industry.

STUDY COMING

Of great importance to the industry was the passage of legislation in the current session to study closely the recreation and tourist industry in Wisconsin. This study, to be done by the industrial development section of the Resource Development department and the University of Wisconsin School of Commerce, will be ready for study by the 1961 legislature.

Among other things, we have been asked to determine the number of people who visit the state, for what recreational purpose and how much money they spend. We are also to analyze in general our recreational facilities themselves for their degree of attractiveness and their adequacy. The efforts of this state to attract new and repeating visitors as compared to those of other states is also

one of the areas of investigation.

I am very interested, in addition to developing the data discussed above, in learning more about two special areas of recreational opportunity in Wisconsin, our camping facilities and our winter recreation potential. Of course, we are interested in all phases of the industry but I believe that these two require our detailed interest and more research and development on these two areas will be forthcoming in the next few years.

In addition to the data expected to be developed from the current tourist study, Gov. Nelson and this department are concerned about other aspects of the outdoor recreation problem.

THE PLAN

We have decided to take the following steps in this connection:

1. Make an intensive review of all factors affecting public outdoor recreations.
2. Make an inventory of the existing facilities, areas, and opportunities available for outdoor recreation and an inventory and classification of areas, facilities and resources which potentially may provide outdoor recreation.
3. A determination of the nature and an estimate of the need of the people for outdoor recreation opportunities in the foreseeable future.
4. An investigation and analysis of the authority of different segments and levels of government with respect to public outdoor recreational resources and facilities.
5. The nature, location and size of recreational land and water areas and facilities to be developed, including a preliminary program and procedure for the development, administration and financing.

Hitler Could Feel Proud Of Lies Today

From The Denver Post

Two things Adolf Hitler liked especially to boast about — his efficiency in slaughtering Jews and his ability to make people believe big lies.

In view of this, wouldn't Hitler have been proud of his spiritual heirs in Germany and elsewhere if he could see the propaganda campaign they are now waging.

The idea now being pushed by the hate publicists who carry on Hitler's work is that the Nazis didn't exterminate 6 million European Jews, that this is all just a fiction.

Some of these propagandists say the 6 million figure can't be true because that number didn't exist in the first place, and that the figure is just a device to bilk West Germany of reparations money. Others say the 6 million who vanished from Europe while the Nazis were operating their camps and gas chambers really materialized a mong the United States population and that all the talk about mass murder is just a cover-up for this development.

So it goes, despite postwar testimony of the Nazis themselves, and the evidence of several different investigations on the extent of the horror.

The crime of mass murder was awesome enough. To lie into nonexistence would be an even more impressive achievement. Hitler would indeed be proud.

GRIN AND BEAR IT

By Lichty

"A quick swing around the country convinces me that I MUST be a candidate! . . . The country is in much too good shape to be allowed to fall into the clutches of my opponent!"

Leaders Want City To Prepare for Shoppers' Mall

Chamber-City Report Committee Asks Better Parking, Traffic Flow

A series of recommendations which would prepare Appleton for a College avenue shopping mall — when continuing studies show one is needed — were filed Tuesday at city hall.

The recommendations came from a special report committee of six men selected from the 21 city and chamber of commerce officials who toured Kalamazoo, Mich., and Toledo, Ohio, shopping malls Oct. 3.

Report committeemen included City Atty. Don L. Jury, Director of Public Works Edwin J. Duszynski, Walter L. Rugland, Karl P. Baldwin, John Conway and Chamber President Gus A. Zuehlke.

Mall At Later Date

The recommendations would improve Appleton's parking facilities, speed traffic flow and still permit inauguration of the mall concept of planning at a later date, the report says.

The recommendations:

1. Establish a parking authority to study, construct and operate Appleton's parking facilities. Specifically, the report committee would like to see a ramp built in Jones park, more off-street parking lots purchased and other off-street lots improved by ramps.

2. Seriously consider application of the mall concept in the next two years because of "the probable necessity of reconstruction of College."

Any consideration, says the report, should include continuing study of existing malls and obtaining additional information on the feasibility of mall planning for Appleton. Toward this end, outside engineering specialists should be secured to do long-range planning for the central business district.

Mention Franklin Street

3. A complete study of perimeter streets and main traffic carriers should be undertaken. This study should include possibilities of widening existing streets and intersections, rerouting traffic that has no destination downtown and improving traffic access and exit to the downtown area and public parking facilities. One action which would help, says the report, would be purchase of Franklin street right-of-way and opening the perimeter street to speed flow around the business core.

This, the report says, is true in the case of Appleton where construction of a mall

learned from Kalamazoo and Toledo in terms of Appleton and College avenue:

"Creation of the mall would unify the business district and both sides of the street would tend to increase in value.

"Revitalization of the 100 per cent area of the central business district increases tax revenue possibilities.

"The mall would tend to generally increase property value in the downtown area.

Perimeter Roads

"Traffic congestion could be minimized or eliminated to a large extent by rerouting vehicles that have no destination in the central business district. Traffic around the core would have to be carried on perimeter roads.

Elimination of parking on the main business thoroughfares would not only enhance traffic movement but would provide the downtown visitor with a safer environment in which to shop, work or conduct business.

"A mall would necessitate improvement and establishment of perimeter streets and adequate traffic arteries, thereby aiding access to and exit from the core area.

"An engineering study which would probably be necessitated prior to the inauguration of any major downtown revitalization program, would aid the city and business leaders in their long range plans.

"The firm of Victor Gruen and associates, Detroit, which did the Kalamazoo planning is the same firm engaged by the H. C. Prange company to make an economic survey of the Appleton area prior to the construction of the new Prange store.

5,087 Spaces

"Subsequent to making this study Victor Gruen did some work on the application of the mall concept to downtown Appleton. This study was reported and developed in the "Harvard Business Review" November - December, 1954.

"This study called for 5,087 parking spaces in Appleton's core area by 1960.

"Since this time a number of cities have adopted the mall concept or are presently considering its applications in redevelopment of their downtown areas.

"Maintenance costs of a mall area would probably not be as costly as the maintenance of present roadways. This factor is particularly true in the case of Appleton where construction of a mall

The Importance of Adequate dental diagnosis was stressed by Dr. Robert E. Lee, Eau Claire, in a talk to members of the Outagamie County Dental society Tuesday. Chatting with Dr. Lee, left, are Dr. R. D. Furstenberg, Appleton, society vice-president; Dr. Earl Fetting, Appleton, arrangements chairman; and Dr. F. W. Cousineau, Hortonville, society president.

Dentists Told Of Importance Of Diagnosis

Dental diagnosis is the most neglected phase of dentistry today, Dr. Robert E. Lee, Eau Claire dentist and staff member of the Marquette university dental school, says.

Speaking Tuesday at the Appleton Elks club, Dr. Lee told Outagamie county dentists he feels diagnosis is a neglected area despite modern techniques and equipment now available.

He stressed importance of complete examinations with use of X-rays, study models, photographs and accurate records. He said age, sex and personality of the patient should be taken into consideration.

Dr. Lee said adequately-trained auxiliary personnel are needed to assist dentists if there is to be better dental care for more people.

It also is necessary for the dentist to keep abreast of modern methods by reading and attending post graduate courses so patients will not receive outdated and inadequate dental service, he said.

might be less costly than reconstruction of College avenue roadway which probably will be required in approximately two years.

Good Advertisement

"Construction of a mall would advertise the city of Appleton, create interest and serve as an important part of community planning.

"Revitalization and continued growth of the downtown area would maintain and enhance tax revenue sources.

Faith, Truth Found in Mans' Personality

Defeat Also Was Part of Prophet Lives, Pastor Says

Faith and truth have no meaning except when expressed and demonstrated in the personalities of men, the Rev. Harold Humbert, pastor of the First Baptist church, said Sunday.

The Rev. Humbert used the prophet Jeremiah as an example of a personality to be studied under the conditions of his times. He said by studying the man and the times together one is able to understand the message of the bible.

Jeremiah was called by God, the Rev. Humbert said,

when he was a very young man and became a prophet under exceedingly discouraging conditions. "He had no message of hope, because people continued in their sins."

Lonely Man

The Rev. Humbert said God had warned the people that if they did not obey his laws He would bring judgment on the people. Through his prophets, God warned the people to heed his commands. When they did not, the "army of Babylon" stormed Jerusalem and carried away its leaders.

Jeremiah was among the prophets sent to warn the Israelites. He was a lonely man because he knew the people would not repent and he therefore carried a message of judgment.

"Any man who would attempt to do anything for God, especially if he aspires to Christian service in a full-time capacity, needs a clear call from God," the Rev. Humbert said.

"Jeremiah needed such a call because of the depressing conditions of his day, but everyone who would attempt to do great things for God

Breaks Arm in Fall

Mrs. Nellie Thompson, 82, Middleton Junction, broke her left arm when she fell on the stairs at the home of Miss Lora Zahrt, 518 N. Division street, where she was visiting, at about 5 a.m. today. She was taken to St. Elizabeth hospital by Lindy's Ambulance service.

will also share in the miseries of defeat and discouragement."

Jeremiah was put in prison, branded as a traitor, and sentenced to death for the work he did warning the people. At times he was so discouraged he said he would never again speak in God's name.

"We are all tempted to give up, to quit in our work for God. If we survey the evil forces and conditions of our modern world we are often inclined to lose heart and hesitate in the battle for righteousness. Men have all ways and will continue to have periods of defeat and discouragement. The Holy Spirit can restore such men and women as take hold of the promises of God to a place of self confidence and usefulness in God's kingdom."

A COMPLETE POWER WORK SHOP

Model 37 Deluxe Moto-Shop Illustrated

DREMEL

5 POWER TOOLS IN ONE NEW DREMEL MOTO-SHOP

A complete power workshop packed into one low-cost, compact unit. From a large capacity 15" Jig Saw, attachments can be connected to the power take-off, converting it into a Disc Sander, Bench Grinder, Buffing Wheel, and a Flexible Shaft Machine... all powered by ball bearing rotary motor. As a Jig Saw, it cuts 1 1/2" wood, 18 gauge copper, 1/16" steel, etc. Table tilts for angle cutting. A unique blade guard makes it safe for the whole family. Outperforms heavier, more expensive makes.

The Flexible Shaft is a complete shop in itself, grinds, drills, polishes, carves, etc. Handy for drilling holes when making inside cuts with Jig Saw. Moto-Shop is the perfect "ALL-FAMILY" workshop. Recommended for craftsmen, hobbyist, model builders — youth handicraft programs in schools, boys' clubs, scouting, etc.

Model 57 MOTO-SHOP. Includes Jig Saw with disc sander attachment only. Other attachments can be added as you need them **\$33.95**

DELUXE MODEL 57 MOTO-SHOP with all attachments shown above **\$49.95**

You Must Be Satisfied or Your Money Back

For 2¢ plain

by Harry Golden

In Quest of a Linotype Machine

This is the third of a series of articles from Harry Golden's latest bestseller, "For 2c Plain."

The conduct of the southern Negro in the emotional controversy over segregation will

be recorded as one of the most noble stories of the human spirit.

It is fantastic that the Negro has not done a single thing wrong.

Over 11 million people, half of whom are illiterate, another third of whom are semiliterate; a civilization of many sharecroppers, truck drivers, and janitors—and they have not, done a single thing wrong.

Their houses are bombed, and the Negroes say, "Let's go to church and pray for the fellows who have bombed our houses." A cross is burned on their hills, and the Negroes become this age's greatest embers.

It is as if the Negroes suddenly had seen the same vision that inspired the founding fathers of America and had become this age's greatest connoisseurs of true democracy.

It involves the process of going to the judge with a writ, and when the judge says, "You have not exhausted all your means of possible relief," the Negro says, "Thank you, I'll start all over again in the morning," and a year later he is back again with the writ, and his children march up to the public school, and they are stopped, and the Negro marches down still another road of peaceful recourse.

The Real Meaning
This response is all the more remarkable when we consider the real meaning of racial segregation:

You are 15 years old, and you have never seen your father in anything but overalls, and you have never seen your mother in anything but a uniform on the way to another woman's home. A car pulls up in your filth-littered yard, and a man shouts to you, "Boy, tell Jim to come at 7 o'clock tomorrow instead of 8," or, "Boy, tell Nettie not to come tomorrow." And Jim is your father. And Nettie is your mother. So if you take a carton of cigarettes off a truck or get behind the wheel of a car that is not yours—because of the degradation, the lack of self-esteem, the uselessness of trying to prove your individual worth—you know by instinct that a record of even four juvenile arrests will not disqualify you from that job of janitor which is waiting for you.

What are they talking about when Sen. Harry Byrd of Virginia and Gov. Marvin Griffin of Georgia demand that racial segregation remain part of the American culture? They are talking about human degradation and death. Because of the entire system of racial segregation, seven Negro women die in childbirth to one white woman. Because of the system of racial segregation, tuberculosis, which is eighth as the cause of death among the white race, is second as a cause of death among the Negroes.

"Beat" the Law
And what about the effect on the southern white children growing up in an atmosphere of evasion? Children pick up the paper every morning and see big headlines: We have a

new scheme to "beat" the law.

And here is the greatest tragedy of all. The south has produced some of the most creative minds of the American civilization, but now creativity has come to a halt. This civilization is not thinking about foreign affairs. It is not thinking of the expansion of its educational and health facilities. No, it is pre-occupied with the project of trying to keep a 15-year-old Negro girl from going to a public school.

Caste has been first, but sexual myth has also played a part in this human drama.

In my state, we have a white school which has a linotype machine and other printing facilities to teach children this highly skilled trade. There is no Negro school with such facilities.

So when the white men get together they talk about the superstition that the Negroes want to associate with white women, and when the Negroes get together they talk about a linotype machine.

There was a great calm over the south after the supreme court decision. The south was waiting for leadership which never came. There was no leadership in the state capitals because the politicians saw an opportunity to ride this issue for another 25 years. A quarter of a century ago, we had Cotton Ed Smith, Mr. Heflin, and Sen. Bilbo. The fellows today are no different. Their approach is a little fancier, but they are really nothing more than Bilbos in gray flannel pants.

World At An End
All of this relates to the statement of a woman outside Central High school in Little Rock as the nine Negro children finally went through the door. This woman gasped: "My God, the niggers are in!" Why should this woman have felt that her world had suddenly come to an end? Actually this woman has been brought up in an atmosphere which tried to give her caste the easy way. While the Negroes were going to the back of the bus and to separate schools and filling the jobs of janitors, this woman had status without money, without the necessity of voting, without the need to join a labor union.

Still, the remarkable thing about the whole matter is the way the Negroes have responded. They just have not done anything wrong. The white woman says: "The Negroes are very happy; they do not want to end racial segregation, my maid told me so." She calls her maid in and says: "Nettie, what do you think of this supreme court decision?" And the maid says: "Lordy, Miz Emily, we never sees the paper."

And that night the maid goes home and says to her husband: "Jim, get a move on you with that supper; we'll be late for the NAACP meeting and let's try to put some life into our integration committee this time." (Copyright, 1959)

Virginia Quadruplets Year Old and Thriving

Richmond, Va. — (AP) — The Englehart quadruplets—two boys, two girls—are a year old today and thriving.

The mother, Mrs. Edward G. Englehart, is doing a bit of extra work to help her sanitation employe husband provide for the quads and the six other children.

She baby sits five neighbor children in her home.

Annual Award Dinner Planned By Boy Scouts

Milton College President to be Guest Speaker

Percy L. Dunn, president of Milton college, will speak at the annual Fox Valley Boy Scout council fellowship and recognition dinner Thursday.

The dinner is one of the outstanding yearly events for adult scouters. F. Dwight Donelson, Valley council scout executive, said. It will be held at Riverview Country club at 7 p.m.

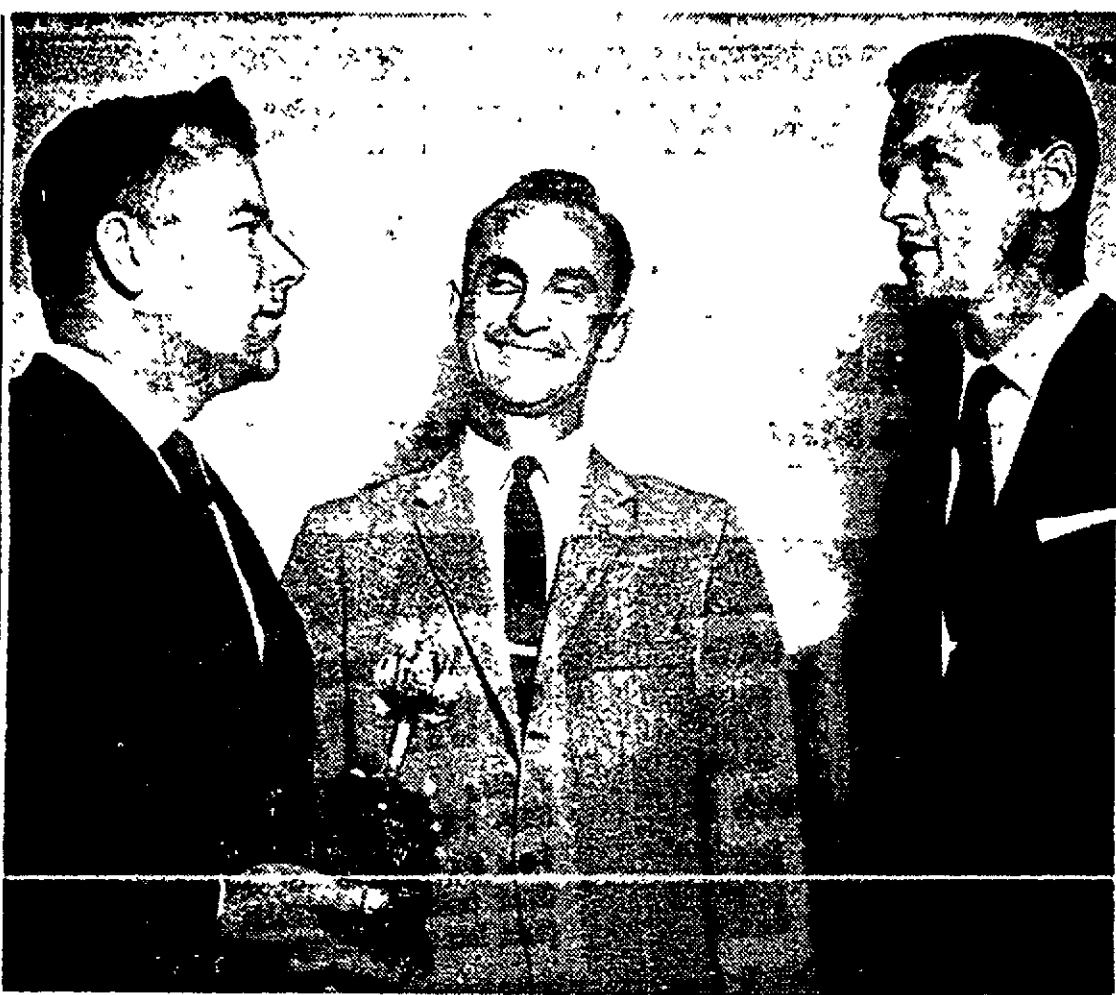

The Silver Beaver, highest award given by a council, will be presented to three council leaders for outstanding contributions and service to boyhood. Recipients will not be announced until the presentation is made.

A 35-year veteran award will be presented to Harold Brown, scoutmaster of Troop two at First Methodist church.

Dunn has a long background in scouting. After 27 years of work with local groups in New York state, he was made director of registration in the personnel department of the National Boy Scout council. In the summer of 1957 he was one of six scoutmasters to lead a delegation of scouts from Region 7 to the National Boy Scout jamboree at Valley Forge.

He also attended the world scouting jamboree in Warwickshire, England and led scouts on a tour of the European continent.

The recognition dinner will close with a tribute to Valley Boy Scout leaders.

The Post-Crescent Traveling trophy for toastmasters was awarded to Appleton Toastmaster club member C. E. Seghers at the speech contest between the Appleton and Green Bay Toastmaster clubs. Martin Van de Laarschoot represented the Green Bay group. Left to right are Seghers, Wayne Nunenkamp, newly installed president of the Appleton club; and Knight Blank, educational vice-president.

Better Teacher Preparation Sought for UW Graduates

To combat assigning second-field, such as chemistry and biochemistry. The related field would be one in which the teacher could instruct an occasional class, or would be related to the primary field so an understanding of it would be desirable for teaching the primary subjects.

The faculty announced this week that future teachers will have the field in which they are prepared labeled on their certificates.

Under the new system, UW education majors can satisfy their teaching requirements using three different methods:

1. By preparing one comprehensive teaching field, such as science or social studies. Students would spend about 40 per cent of their class time studying their fields.

2. By preparing themselves in two specific fields, not necessarily related, such as English and history. Students would spend almost half their time preparing for the two specific fields. The system is the same as in the past, but the school will ask students to strengthen their minor field.

3. By preparing one primary field and one related

Radio City Organist To Appear at Arena

Richard Liebert, chief organist at New York's famed Radio City Music Hall, will present a concert at the Brown County Arena Saturday night, Oct. 31.

Liebert, who has appeared with such famous conductors as Paul White and Charles Previn and who has been the guest artist of Pittsburgh, Buffalo and Rochester Symphony orchestras, is touring the country with his program of popular organ music.

Besides being an outstanding organist, Liebert also is well known as a composer. He is a member of the American Society of Composers, Authors and Publishers. Some of the ballets he has composed have been performed at the Music Hall, while his most famous waltz composition, "Come Dance With Me", brought him international fame.

Infant Boy Drowns In Farm Water Tank

Baraboo — (AP) — A 19-month-old boy drowned Monday in a partially-filled water tank at his Franklin township farm home.

The victim was Timothy Bray, son of Mr. and Mrs. George Bray, Jr.

The parents said the boy apparently fell into the tank

Darin Record Still on Top In Fox Cities

'Mack the Knife' Also No. 1 Tune Across Nation

BY DICK DISC

Continuing to top other records in the Fox Cities is Bobby Darin's version of "Mack

the Knife". It's also first in the nation.

"Put Your Head On My Shoulder", second place number, was a strong contender this week and has a good chance of gaining the top spot.

One new tune in the top 10 this week is "Don't You Know" by Della Reese.

Fox Cities Top 10 Here's the top 10:

1. "Mack the Knife" by Bobby Darin.

2. "Put Your Head On My Shoulder" by Paul Anka.

3. "Mr. Blue" by the Fleetwoods.

4. "Teen Beat" by Sandy Nelson.

5. "Primrose Lane" by Jerry Wallace.

6. "Just Ask Your Heart" by Frankie Avalon.

7. "The Three Bells" by the Browns.

8. "Morgen" by Rex Allen.

9. "Don't Destroy Me" by Crash Craddock.

10. "Don't You Know" by Della Reese.

Five years ago, one of the big tunes was "In the Chapel in the Moonlight" and 10 years ago folks were humming "Let's Take An Old-Fashioned Walk."

New Records

Records in review: "Midnight Stroll" by the Revels is a rather weird sounding instrumental featuring spooky background effects along with stringy sounding guitar work. Good number if you like rock and roll in a haunted house atmosphere.

"Livin' Doll" by Cliff Richard and the Drifters has a big beat background that adds much to this typical rock number. It moves along at a good pace and has some fine sound. Good lyrics, too. Top notch number.

"Reville Rock" by Johnny and the Hurricanes. Different treatment of the old bugle call that has the sound of their other familiar number, "Red River Rock." It's a wild disc that's well suited to spirited dancing. The other side is a little gem called "Time Bomb."

New in albums: "Golden Saxophones" with the Billy Vaughn orchestra — another musical production of saxophones with rhythm accompaniment. Included are old standards such as "Tennessee Waltz," "Indian Summer," "Wabash Blues."

Five Tiny Baby Girls Lose Fight for Life

CONTINUED FROM PAGE 1

for the best and God has a better place for them.

"We know the hospital and the staff here at Lackland did everything they could to save our babies. They were just too immature. The best medical facilities were available.

"We hope we can get a little peace and quiet now."

Baby D was the fourth born. She weighed 1 pound 13 ounces.

Fought For Life

Making a desperate effort to save the last survivor was Capt. William D. Munroe. He worked almost constantly with the one child throughout the night.

Baby B, so designated to indicate order of birth, died at 5:40 p. m. yesterday. Baby A died at 6:10 p. m. Baby E died at 9:25 p. m. and Baby C at 10 p. m.

The births, a 42 million to 1 medical rarity, represented the third set of quintuplets in United States medical history and only the forty-seventh in all recorded annals. They were three months premature.

Baby A weighed 1 pound 9 ounces, B weighed 1 pound 5 1/2 ounces, C 1 pound 2 1/2 ounces, D 1 pound 13 ounces, and E 1 pound 13 ounces. Baby D, the strongest, was weighed several hours after her birth. The others, because of their condition, were not weighed until after their deaths.

Mother Doing Well

The mother, joyous at the first news of the quintuplet births, was reported doing well. Her husband described her to newsmen as a "pretty blue-eyed blonde with short hair." He said she was about 5-foot-3 in height and weighed about 120 pounds. The Hannans were childhood sweethearts at a Catholic school in Taylor, Texas, before their marriage there Sept. 7, 1953.

The couple has two sons, Robert, 5, and Pat, 4. They had spent more than two years in Japan before returning to the United States Aug. 1, 1959.

Hannan told reporters he and his wife both had hoped for a girl this time, and when he walked into his wife's hospital room after the births, she smiled at him and said, "Well, you wanted a girl and now you've got five."

He said he kissed her for each of the newly born quint.

22 Milk Co-ops Meet to Back Hike in Price

Group Threatens Chicago Strike if Demand Not Met

Madison — Representatives of 22 dairy cooperatives gathered here today for a meeting sponsored by the Pure Milk association which has threatened a milk strike in Chicago to back demands for a price increase.

PMA members in Wisconsin, Illinois and Indiana supply about 43 per cent of the fluid milk shipped to the Illinois metropolis. Members of the association are demanding at least \$1.50 per hundred-weight more for their milk, now selling at \$4 per hundred.

The PMA has 14,000 members.

Today's meeting was called to discuss plans to seek the higher price.

Affeldt Speaks

Paul Affeldt, president of the Pure Milk Products cooperative of Wisconsin, said he would urge representatives to set up a bargaining and negotiation group within the framework of an organization formed last May, the Federated Dairy cooperatives.

Affeldt, of Sparta, and William C. Eckles, general manager of PMP, largest dairy cooperative in the state, believe the only way to solve the price problem is through bargaining and negotiation.

Court Delays Action on Plea For Injunction

CONTINUED FROM PAGE 1

tion's health and safety. The striking United Steelworkers union said the strike was creating hardships but was not endangering the nation economy.

Judge Sorg took the case under advisement after listening to arguments by both sides for nearly three hours. President Eisenhower ordered the justice department to seek the injunction.

80-Day Interim

The Steelworkers union and 96 steel companies were named defendants in the case. The steel firms represent almost 90 per cent of the nation's steel production capacity.

An injunction, if issued by Judge Sorg, would send the half million striking steelworkers back to the mills for an 80-day cooling off period.

Meanwhile, the industry and the union would be under court order to try and negotiate a permanent settlement in the long and costly dispute.

Hurts Public

"Such a strike is an invasion of the rights of the public. We are here by virtue of a tragic failure of collective bargaining."

The strike, Doug said, has closed 310 steel plants, 118 iron ore mines and 11 transportation facilities in 32 states.

Arthur J. Goldberg, the union's general counsel, argued the government has no facts to support its contention that the strike threatens the well-being of the country. He told Judge Sorg:

"If an injunction is granted, the great sacrifices which the Steelworkers have suffered will have been largely in vain. Their strike will be broken."

Goldberg argued that the government must prove beyond doubt that a national emergency exists now before an injunction can be invoked under the Taft-Hartley law.

The section of the T-H law under which the government brought its petition is illegal, Goldberg also argued.

Chessman Asks Remains Burned, Thrown to Wind

San Quentin, Calif. — Caryl Chessman, scheduled to die in San Quentin's gas chamber Friday, wants his remains cremated and the ashes scattered to the winds.

That's what he told one of his attorneys, Rosalie Asher, Tuesday. He gave her his will and authorized her to dispose of his personal effects.

But he won't get the wish. Miss Asher explained to Chessman the law prohibits scattering his ashes. She said the remains of the man who has spent 11 1/2 years on death row for kidnap, robbery and attempted rape on Los Angeles Lovers' lanes will be placed in a mausoleum.

Sign Contracts

Miss Asher said Chessman, 38, also authorized her to sign contracts after his death for film rights to his life story.

This is Chessman's seventh scheduled date for the little green room at San Quentin. Many contend Chessman shouldn't die because he didn't kill. But Gov. Edmund G. Brown Monday refused to intervene. He said he saw no reason to overrule the courts.

Two more attempts were being made to get the U.S. Supreme Court to stay the execution.

Wiley Blasts Farm Program

Ike Not Successful In Lowering Costs, Surplus, He Says

Holmen — Sen. Alexander Wiley (R-Wis.) said Tuesday that the Eisenhower administration's farm program "despite high-costs has not

been successful in either reducing surpluses or in substantially improving the economic outlook for the farmer."

"We must continue to try to find a way to resolve the farm problem upon sound economic principles," Wiley told a Farm Bureau meeting.

"The real challenge is to find an economic solution to the supply-demand imbalance in agricultural commodities."

Sec. of Agriculture Benson to investigate milk pricing formulas around the nation. Wiley said it is unfair for eastern market farmers to get up to \$6.50 per hundred-weight for milk when Wisconsin farmers sell high quality milk at about \$3.25 per hundred-weight or slightly above.

"Although the farmer in the Midwest gets almost 50 per cent less for his milk than does the farmer in the East,"

Milwaukeeans Crash, Wife Dies, Man Injured

Litchfield, Ill. — Mrs. Mae Schaefer, 66, Milwaukee, was killed Tuesday and her husband, Lawrence, critically injured when their automobile veered off U.S. Highway 66 and struck a tree.

Authorities said Schaefer apparently lost control of the car because of a front tire blowout. Schaefer was hospitalized here.

Driver Fined \$125 After Hit, Run Accident

Right to Drive
Also Revoked for
Six Months, Stayed

Wayne W. Southard, 27, of 1506 S. Jefferson street, was fined \$125 and his driver's license was revoked for six months as an aftermath of a hit-and-run accident. He admitted the counts in municipal court.

Southard also was fined \$50 stalled car at Calumet and Jefferson streets Friday after his car had hit the rear of a parked car at 1721 S. Jefferson a few moments earlier.

The court withheld license revocation on the condition Southard is not arrested for a moving traffic violation in the next year.

Didn't See Car

Southard also was fined 50 for inattentive driving. He told police he hit the parked car because he didn't see it.

The offenses will cost Southard four points for inattentive driving, two points for not reporting an accident, for a total of six against his driving record.

Nelson A. Weeder, 22, of 515 1/2 E. Lincoln street, was jailed when he could not pay \$10 fines on each of two charges, no driver's license and no vehicle registration.

Vernon H. Kempen, 20, route 2, Kaukauna, was fined \$100 and charged six points for driving 95 and 100 miles an hour Thursday in the town of Freedom.

6-Point Speeders

Charged six points each for driving more than 20 miles an hour over the speed limit were Carol J. DeBruin, 126 S. Pine street, Kimberly, and John S. McClain, 47, Marinette, \$50 fine each.

Charged three points each for speeding were Marie G. Ruhe, 116 W. Main street, Chilton, \$10 fine; Clifford V. Krueger, 17, of 731 E. Murray avenue, 60-day revocation with the last 30 days stayed on condition he is not arrested for a moving traffic violation in the next year and \$2.95 court costs; Ernest G. Weyland, 28, Readfield, \$18.95 forfeited; Daniel G. Steidl, 20, of 212 Milwaukee street, Menasha, \$15 fine; Esther M. Schueler, 18, route 1, Appleton, \$10 fine; William R. Schiedermayer, 27, route 2, Hortonville, \$10 fine; John W. Ratz, 51, Chicago, \$10 fine; James R. Lookabaugh, 54, Kenosha, \$13.95 forfeited; Lloyd W. Hamm, 55, DePere, \$13.95 forfeited; Maurice L. Ticot, 21, Luxemburg, \$18.95 forfeited; Charles J. Campshure, 18, route 2, Neenah, \$10 fine; John E. Davis, 40, West DePere, \$13.95 forfeited, and no driver's license, four points and \$13.95 forfeited, and Henry M. Ashauer, 28, route 4, Appleton, fined \$10 after a trial before Acting Municipal Judge Stanley A. Staidl.

Illegal Passing

Charged four points each for illegal passing were John Simonton, 22, Cedar Lake, Ind., \$25 fine; Paul P. Roth, 43, Chicago, \$25 fine; Daniel J. Prestwor, 51, Milwaukee, \$28.95 forfeited; Justus E. Olson, 45, Wausau, \$15 fine; Walter Lucas, 43, Chicago, \$25 fine; Ambrose J. Joas, 38, of 845 Appleton road, Menasha, \$25 fine; James E. Clark, 20, Ontonagon, Mich., \$25 fine; and Joseph C. Borden, 37, route 1, Oshkosh, \$25 fine.

Ronald E. Hall, 38, of 133 John street, Neenah, forfeited \$13.95 and was charged three points for ignoring a stop sign.

James M. Boyle, 18, of 807 E. Lindbergh street, was fined \$25 for littering the highway.

Nathan Stafford, 30, route 1, Winneconne, was fined \$10 and charged four points for driving without a Wisconsin driver's license.

Charged with failing to have registration for their vehicles were James R. Fiedler, 32, of 1923 N. Alvin street, \$10 fine; Douglas J. Rulsh, 33, of 213 Francis street, Brillion, \$13.95 forfeited; Jayme B. Olson, 32, Wausau, \$10 fine; Gilbert F. Dumske, route 1, Menasha, \$10 fine; and Mrs. Gerhardt Ahl, 213 N. Lynwood drive, \$10 fine.

Finance Unit Begins Study of Two Budgets

Governmental Agencies Submit Requests As Committee Prepares for 1960 Program

Kaukauna — Proposed budgets of the library board and Kaukauna Vocational school were referred to the finance committee for study at the council meeting Tuesday as were pay increases requested by the police and fire departments.

The Kaukauna Vocational school requested \$40,300 while the library board requested \$34,589. Police requested a 10 per cent pay hike and three weeks vacation after 10 years service while firemen requested the same vacation schedule and a 5 per cent increase.

James Gertz, recreation director, requested \$150 for a children's Halloween party which was referred to the finance unit with power to act.

The city nurse announced her resignation effective Jan. 15, 1960, and her letter was referred to the board of health.

Play Area

The finance committee was instructed to study a proposal from Stephen Baisch, David Hartjes and Walter Rutten for approximately seven acres of land for playground and recreational purposes near High, Dietrich and Joyce street and Walter avenue.

Rutten offered his property for \$1,000 per acre while Baisch and Hartjes asked \$900 per acre. The finance group will report back to the council.

The finance committee was instructed to set up \$1,525 in the 1960 budget for a revised large city map approximately 12 x 12-foot and \$4,580 for a new enlarged map showing all storm and sanitary sewer details. The map offers were made by Donald Mayo at the request of city officials.

The engineer was instructed to prepare specifications for two new trucks and report back to the board of public works.

Debate Attracts Over 30 Students

Kaukauna — Over 30 students reported for the organizational meeting for the debate squad at Kaukauna High school, according to Donald Dake, coach.

An innovation this year will have Dake coaching students debating the negative side of the question for both the A and B squads. Coaching the affirmative side for both teams will be Francis DeBruin.

Dallas Werner will coach

The purchasing committee was instructed to prepare specifications and advertise for bids on a new sand spreader. The chairman of the board of public works and engineer were instructed to reject materials being furnished for sanding city streets.

The two are to meet with the low bidder delivering sand to ascertain why the material being delivered is not of the same type as his sample.

both the affirmative and negative debaters for the C squad as well as be responsible for newcomers out for the team.

CWV Units Set Joint Program

Kimberly — Plans for a joint installation of officers by the Appleton and Kimberly Catholic War Veterans posts have been announced.

The program is scheduled for 6:30 p.m. Sunday at Holy Name Grade school and a covered dish supper will be served. Each couple will be asked to bring a dish to pass.

Final plans for the program will be discussed at a meeting of the Kimberly unit at 7:30 p.m. Thursday at the school.

Kaukauna Frosh To Face Wilson

Kaukauna — In their final regular game of the season, Kaukauna freshmen will entertain Wilson Thursday afternoon in a Fox Valley league contest.

Kaukauna has a 2-1 record to rank third behind unbeaten Neenah and Roosevelt. Wilson has won one game while losing three against loop foes.

The Harno-Knights Quartet of Appleton will be one of the headline attractions at the Sixth annual concert of the Kaukauna-Little Chute SPEBSQA chapter at 8:15 p.m. Saturday at the Kaukauna Civic auditorium. In front is Clayton Kohl, lead. The others are, from the left, Joe Loberger, bass; Ed Boehm, tenor, and John "Pat" Schultz, baritone.

KVS Requests \$40,309 From City for 1960

Budget Amount Is Slightly Lower Than Total in 1959

Kaukauna — The Kaukauna School of Vocational and Adult Education has asked \$40,309 in the 1960 budget, a decrease of \$22 over the 1959 amount although the rate on assessed valuation remained \$1.77 per \$1,000.

Total operation budget is \$70,652 with the balance, outside the city contribution, being raised by tuition, fees, state and federal aid. The total budget is about \$2,000 less than 1959 reflecting the loss of one instructor with his duties absorbed by other teachers.

The Vocational school anticipates \$10,000 from the board of education for instructing high school students, \$8,000 in state-aid, \$1,000 in federal aid, \$1,498 tuition fees, \$1,700 adult class fees, \$1,300 from resales and 722 in course fees for a total anticipated income of \$24,208. A surplus will account for the difference between city share and other receipts.

Expenditures

Top single item in the proposed budget is instructional costs amounting to \$38,907. Administrative costs, including secretarial help, director's salary, travel, communication, express, printing, dues, open house and medical examination fees amount to \$17,000.

Other budget expenditures in 1960 will be \$5,120 for equipment and supplies for the homemaking department and shops, \$1,705 for building and fixtures, \$150 for minor improvements and \$150 for furniture.

The millage request is below the amount granted by law thus the \$40,309 cannot be denied by the council.

Now Many Wear FALSE TEETH With Little Worry

Eat, talk, laugh or sneeze without fear of insecure false teeth dropping, slipping or wobbling. PASTEETH holds plates firmer and more comfortably. This pleasant powder has no gummy, soapy, pasty taste or feeling. Doesn't cause nausea. It's alkaline (non-acid). Checks "plate odor" (denture breath). Get PASTEETH at drug counters everywhere.

Kimarks to Appear on Album Of Harmony Show Saturday

Kaukauna — Female voices will be added to the Album of Barbershop Harmony show to be held at the civic auditorium at 8:15 p.m. Saturday as the Kimarks, grade school girls at Kimberly, have been added to the program, according to John Scherer, publicity chairman for the Little Chute-Kaukauna SPEBSQA, Inc.

Four quartets, two of them among the top groups in the

Council Adopts Two Ordinances

Tree Planting, Dutch Elm Regulated, to Aid Snow Removal

Kaukauna — The common council Tuesday night adopted two ordinances and referred a third to the legislative committee for study and clarification.

The first ordinance is an attempt to control Dutch elm disease in the city, stating it shall be unlawful to permit any tree or part thereof infected to remain in the city. The diseased part must be removed and burned within 10 days of notification by the city.

Persons failing to abide by the ordinance shall be fined not less than \$5 and not more than \$200 for each offense and a separate offense shall be deemed committed on each day a diseased tree or part thereof remains on the premises beyond the 10 days of notification.

A second ordinance prohibits the cutting and planting of trees and shrubs in public streets and parkways in the city without a permit from the city.

It will be unlawful to plant box elders, poplars, willow or catalpa trees or any variety thereof. It will be unlawful to injure any tree or shrub planted in a public place and unlawful to attach any sign, advertisement or notice to any tree. Fines for violations will range from \$1 to \$200 for each offense.

The third ordinance regulates handling of snow in the city and prohibits the pushing, piling, shoveling or depositing of snow from private property onto city streets and

alleys. Fines for violation range from \$5 to \$50. Mayor Joseph Bayorgeon suggested the ordinance needed clarification, particularly in regard to city streets where store owners have no where to shovel snow except into the street.

The matter was referred to the legislative committee for study and recommendation. A joint meeting with the Chamber of Commerce will be discussed in an effort to find a solution satisfactory to city and merchants.

FVGC to Elect 3 Directors at Annual Meeting

Kaukauna — Election of three directors will highlight the annual stockholders meeting and dinner at the Fox Valley Golf club at 7 p.m. Saturday.

A financial report will be distributed and changes in by-laws, as recommended by the directors, will be considered. After a business meeting a dance will be held to climax the golfing and social season at the club.

A country style dinner will be served and persons planning to attend are to make reservations by calling Vic Haen, Art Mongin, James I. McFadden, Dominic Peeters, Van Berkel.

Appleton Man Fined In Justice Court

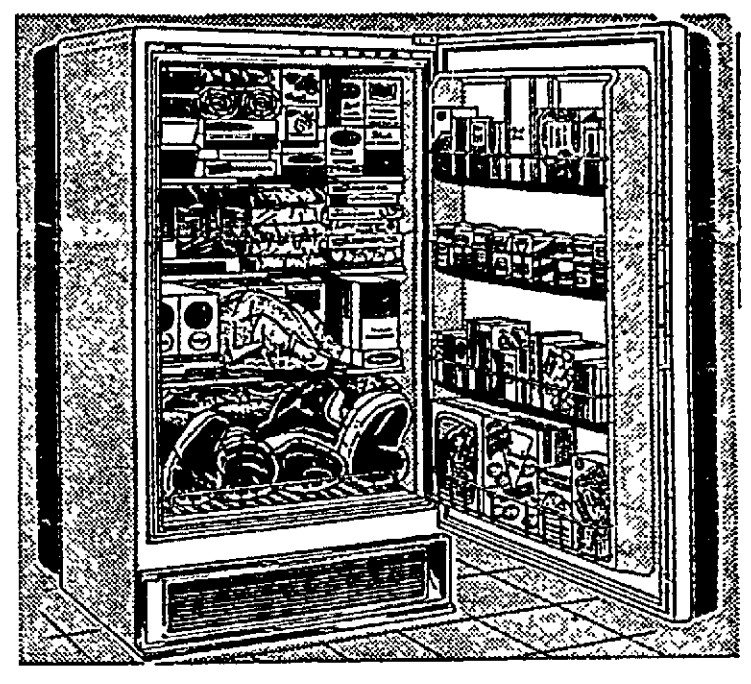

Little Chute — Larry R. Gage, 41, 500 Prospect avenue, Appleton, pleaded guilty of speeding when arraigned before Anton Jansen, justice of the peace, Monday and was fined \$10.

Cocktail Parties in Members' homes preceded the Saturday evening event of the Manhattan Dance club at Riverview Country club. At the dance new and old members alike enjoyed the orchestra selections. From left are newcomers, Mr. and Mrs. Hartley Barker, charter members, Mr. and Mrs. Elmer Rehbein and Dr. and Mrs. E. A. Fetting.

Manhattan Group, Welcome Wagon Units Hold Parties

Bright fall decorations are providing the backgrounds for dances and parties planned by Fox Cities social groups. At the formal events tuxes and gala cocktail dresses are the mode of dress while other party-goers have selected more casual attire.

Among the groups who "partied" Saturday evening was the Manhattan Dance club, which held a formal dinner dance at Riverview Country club. Dance co-chairmen were Mr. and Mrs. Richard Schouten and club members attended pre-dance cocktail parties at the homes of six couples.

The tenth anniversary of the Welcome Wagon Newcomers club and Civic league was commemorated at a dance the same evening at Rainbow ballroom. Mrs. Ronald Anderson was chairman of the celebration which featured a football theme.

Enjoying a Brief Intermission between dance selections at Saturday's Manhattan Dance club event are from left, Mrs. Jack Whalen, Carl Koletzke, Mr. and Mrs. William Lesselyong and Mrs. Thomas C. Jewell, Jr. The formal dinner dance was held at Riverview Country club.

Pair Weds In Nuptial Ceremony

In a double ring ceremony at 9:30 a.m. Saturday at St. Mary Catholic church, Bear Creek, Miss June Jarvais became the bride of Raymond Hoier, Jr., son of Mr. and Mrs. Raymond Hoier, Sr., Hortonville. The Rev. R. J. Hogan officiated.

The bride, daughter of Mr. and Mrs. Willard Jarvais, route 1, Bear Creek, was given in marriage by her father.

Miss Verna Finger, Bear Creek, cousin of the bride, was the maid of honor. Bridesmaids were Miss Ruth Burton, Bear Creek, and Mrs. Eldren Young, Hortonville, sister of the bridegroom.

Flower girls were Debbie Young, Hortonville, and Mary Jo Olmstead, Bear Creek, niece of the bride.

Harold Jarvais, Bear Creek, brother of the bride, was the best man. Groomsmen were Eldren Young, Hortonville,

A Football Theme Was featured at the tenth anniversary dance Saturday evening of the Welcome Wagon Civic league and Newcomers club at Rainbow ballroom. Visiting against a background of dance decorations are Mr. and Mrs. Ron Anderson, Mr. and Mrs. Harry Case and Mr. and Mrs. Kent Dickerman. Arrangements were under direction of Mrs. Anderson.

Schultz Photo

brother-in-law of the bridegroom, and Chuck Lautenschlager, Hortonville, cousin of the bridegroom.

Guests were seated by Eugene Lautenschlager, Hortonville, cousin of the bridegroom, and Roger Jarvais, Bear Creek, brother of the bride.

A dinner was held at the Riviera grill, Clintonville, and a reception was held at Pleasant View pavilion.

The bride is a graduate of the Bear Creek High school and is employed by the Appleton Coated Paper company. The bridegroom is employed by Gamsky Construction company, Menasha.

Delta Nu Alpha To Hear Ad Man

Owen Lyons, advertising and sales promotion manager of Marathon a division of American Can company, will address the Delta Nu Alpha Transportation fraternity at its October meeting at the Menasha hotel at 6:30 p.m. Tuesday.

Reservations must be mailed to David Olsen, 323 E. Winnebago street, before Thursday. The dinner will be \$3 per plate and is open to the public.

Samson Hall Site Of Card Parties

Stephensville — St. Patrick parish will sponsor a public card party Nov. 1 at Samson hall. The committee is Mrs. Ed Rathack, Mrs. Alvin Braun and Mrs. Ben Young.

In Good Taste Tip Usual For Driver Of Tour Bus

BY EMILY POST

Dear Mrs. Post: I have just returned from a bus tour. It was a 7-day trip and the first one I had ever taken of this kind. On our way home, one of the men in the group approached each passenger and asked them to contribute toward a tip for the tour director. I was very much surprised at this and saw no reason why he should be given a tip. He was very courteous and pleasant, but was only doing his job for which I am sure he is well paid. I refused to give anything as I thought this was going a little too far. The person taking up the collection seemed rather put out with me and I am sure thought me a terrible "cheapskate." Is such a tip customary, and was I wrong not to contribute?

Answer: It is quite customary to present the tour director with a tip at the end of a tour and you should not have refused to contribute toward it.

Couple Announces

Dear Mrs. Post: Our son has been engaged for over a year and he plans to be married shortly. We approve of the girl and the marriage. However, her parents are opposed to the marriage because of religious differences and will not attend the wedding. Would it be permissible for us, the parents of the bridegroom, to send out the wedding announcements. We have numerous friends and relatives and would like them to know of the marriage.

Answer: Under the circumstances, I think it will be best for your son and his bride to announce their own marriage.

Family Gift

Dear Mrs. Post: My son is planning to give his fiancée a hope chest for her birthday, which is next month. We have been told that it would be improper for him to give her such a present and that the hope chest should be given by her family. Will you please advise us?

Answer: It should be given to her by her family.

KD Charity Circle Plans Fur Style Show

Fur coats, jackets, stoles, shawls and small furs will be shown at a style show at 2:30 p.m. Nov. 10 at Butte des Morts Golf club. The benefit showing and tea is being sponsored by the Charity circle of the King's Daughters.

Commentators will be Mmes. Eugene Garvey, Fred Froehlich, both of Appleton, and Robert Lang, Kaukauna. Committee members are Mmes. Charles Martin, chairman, Donald Jabas, Froehlich, Dan Cloud, all of Appleton, and James Gustman, Kaukauna. Among furs to be shown are Alaskan seal, mink of all types, Russian sable, natural labrador, beaver, nutrias and new fur colors in natural and mutation varieties.

Invitations have been mailed to about 500 prospective guests and Mrs. Martin is accepting reservations from other interested persons.

Furs will be modeled in the ballroom, East room and cocktail lounge by Mmes. Ralph McGowan, R. B. Avery, Patrick Coughlin, Edward Degenhardt, John Conway, Robert Johnson, Al Schness, Robert Spooner and Donald F. Strutz, all of Appleton, and James Gustman, Kaukauna.

Charity circle members met Tuesday evening at the home of Mrs. Garvey, Riverdale drive, and Mrs. Martin was co-hostess. Mrs. James Thielman was appointed to serve as representative of the Charity circle to a King's Daughters committee for retarded children.

The circle's bridge marathon, under direction of Mrs. Strutz, is underway, with 12 pairs participating.

Lady Elks List Ticket Plans for Dinner Dance

"Aloha Luau" is the theme for the semi-formal dinner dance of the Elks ladies scheduled for Nov. 7 at the Kaukauna Elks club. On the ticket committee are Mrs. Lavern May, north side; Mrs. Al Mengarelli, south side, and Mrs. Richard Lamers, Kimberly.

Reservations are limited and deadline for reserving tickets is Nov. 4.

Church Women Plan Program

The United council of Church Women will hold a city-wide meeting beginning at 9:30 a.m. Thursday at the First Congregational church. The Rev. John Allemang will address the group. A baby sitting service will be provided.

Joan Miller Plans Fall Wedding Date

The engagement and approaching marriage of Miss Joan Miller has been announced by her mother, Mrs. Cecelia Miller, 2220 N. Richmond street. Miss Miller will be married Nov. 28 to Irvin L. Pomeroy, son of Mr. and Mrs. Sam Pomeroy, 1274 W. Second street, Kaukauna.

The future bride is a graduate of Appleton High school. Her fiancée graduated from Kaukauna High school and is employed at Badger Northland in Kaukauna.

Eggs Add Flavor To Sandwiches

Hard-cooked eggs will both stretch and give good flavor to salads and sandwiches made with crabmeat, salmon, tuna or sardines.

Judith Ann Kuba Bride In Saturday Ceremony

Miss Judith Ann Kuba, daughter of Mr. and Mrs. Wenzel Kuba, 1407 N. Owaisa street, became the bride of Ralph A. Erickson, son of Mr. and Mrs. Chester Erickson, Farmington, Minn., during Saturday evening ceremonies at the Christian and Missionary Alliance church.

The Rev. Roy Stenlund read the double ring rites and the bride's father gave her in marriage. Maid of honor was Miss Avonne Papineau, St. Paul, Minn., and aids were the bride's cousins, the Misses Kathleen Whitman and Karen Jensen, both of Appleton.

Howard Zelmer, Rosemount, Minn., was best man and groomsmen were the bridegroom's brother, David Erickson, Farmington, and the bride's brother, Dennis Kuba, Appleton.

Wedding guests were seated by the bride's cousin, Jack Hintz, Appleton, and the bridegroom's cousin, Gilbert Moe, St. Paul.

After a reception and dance at the Hotel Appleton, the couple left for a short honeymoon to Chicago. The bride is a graduate of Appleton High school and works for the Olofson company in St. Paul. The bridegroom attended Randolph, Minn., High school and works for the Fischer Construction company, Farmington.

Bream Concert Will Open Artist Series

A concert of both lute and guitar music will be presented at the Artist Series by Julian Bream, young Englishman responsible for a revival of these two instruments, at 8:15 p.m. Thursday in the Lawrence Memorial chapel.

His program will open with English and French lute music of the 16th Century, by composers Besard, Johnson, Rosseter, Batchelor, and Dowland. Following this segment, he will feature guitar music of some old masters, Handel and Bach, plus the works of Milan, Camarosa, Ravel, and Villa-Lobos. The artist does considerable research and transcribing of

works he finds in obscure library collections, particularly Bach compositions.

The evening's program is as follows:

- | | |
|---------------------------------|----------------------|
| I | Lute |
| Branle | |
| Air de Court | Jean Baptiste Besard |
| Volte | |
| Carmen's Whistle | Robert Johnson |
| Galliard | Philip Rosseter |
| Almaire | Daniel Batchelor |
| King of Denmark's Galliard | |
| Forlorn Hope John Dowland | |
| Two Almains | |
| Fantasia | |
| Intermission | |
| II | Guitar |
| Two Pavans | Luis Milan |
| Sarabande with Variations | |
| | G. F. Handel |
| Suite in E minor J. S. Bach | |
| Prelude (con fugato) | |
| Allemande | |
| Courante | |
| Sarabande | |
| Bourree | |
| Gigue | |
| Two Sonatas Domenico Cimarosa | |
| Pavane pour une Infante Defunte | Maurice Ravel |
| Three Studies | Heitor Villa-Lobos |
- Tickets for the performance are available at Bellings pharmacy.

Restricting Hospital Visits May Save Lives, Says Nurse

BY ANN LANDERS
DEAR ANN: You may or may not have settled the argument in your column on whether or not to visit sick people in hospitals, but your opinion may save a life or two—if people will listen.

I am a nurse who has had to deal with this Ann Landers problem frequently—and it is a problem. The attitude that you must visit the sick makes me sick. Folks who would benefit from company, (the aged or crippled, or disabled children confined for long periods) seldom get company. But Uncle Jake who had a coronary last week and Aunt Tess who had a baby this morning, are always surrounded by people who know

the patient wants to see them but no one else.

The teenage boy has the added hazard of ten giggling girls struggling to sit on his bed. He may be flattered, but they usually stay beyond the point where he's glad to have them.

When I was ill last year I did more entertaining in the hospital than when I was in good health at home.

The best policy is, to send your hospitalized friend a card or a note saying "I won't come to see you unless you send word and ask me."

R.N.

Dear R. N.: Thank you for a useful letter from someone who has been on both sides of the hypodermic needle. I agree that hospital visits should be by invitation only.

I hope he gives you the chance.

DEAR ANN LANDERS: The title of this letter should be "Don't marry a divorced man: or better still 'Don't Buy Somebody's Trouble.'" I'm 23 and have been married two years. When my friends see me on the street they ask if I've been sick. I look terrible.

The man I married is handsome, suave and somewhat temperamental. When he gets mad he throws things, slams doors, knocks over furniture and calls me unprintable names. I just sit and shake all over. In other words, I'm getting the same treatment his first wife got.

My mother told me a divorced man is a poor risk but I didn't believe her. I do now. Pass the word.—Battle-Scarred

Bethel 24 of the International Order of Job's Daughters entertained visiting royalty from other Wisconsin Bethels Saturday night at the Masonic temple. From left are Kay Lynn Wenzlaff, queen of the Appleton Bethel; Sue Richmond, recorder, Appleton; Doralee Bartel, honored queen from Oshkosh; Chloe Hughes, queen of the Clintonville Bethel; Ann Leffel, junior princess at Neenah-Menasha Bethel; and Johnny Sax, WBAY, Green Bay, who conducted the record hop after the initiation ceremony.

PIN-WORMS
MAY BE A FAMILY AFFAIR

Fidgeting, nose-picking and a tormenting rectal itch are often tell-tale signs of Pin-Worms... tiny parasites that medical experts say infect one out of every three persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, there must not only be killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do... and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredients go right to work—kill Pin-Worms quickly and easily.

Don't take chances with this dangerous, highly contagious condition. At the first sign of Pin-Worms, ask your druggist for genuine Jayne's P-W tablets—the small, easy-to-take tablets perfected by famous Dr. D. Jayne & Son, specialists in worm remedies for over 100 years.

JAYNE'S P-W
for Pin-Worms

DEAR ANN: My problem is different from any I've ever read in your column. I'm a girl, 17, and got my first job during Christmas vacation. I found it easy to steal a few articles from the store I worked in. I got caught and was fired.

My employer never told anyone, but he must have put it on my record because I can't get another part-time job. I've learned my lesson and I'd never take anything that didn't belong to me again. But how can I prove myself if no one will have faith in me? Please tell me how to get another chance. — Untrusting Teen

Dear Untrusting: I doubt that your employer put this information on your record. Part-time jobs are hard to get which is probably why you're having trouble.

Go to your former employer, however, and ask him. If it is on your record, plead for another chance and ask him to remove it.

Dear Battle-Scarred: Thanks for the benefit of your experience, but the statistics are on the other side.

When one or both parties are veterans of a previous marital battle the chances for a lasting marriage are slightly better than with two rookies.

The statistics take a turn for worse, however, at the 3-time loser plateau. Any one who has had three pff-fitts at the altar has less chance to make the next one stick—and the percentages decrease from then on.

Does almost everyone have a good time but you? If so, send for Ann Landers' booklet, "How To Be Well-Liked," enclosing with your request 20 cents in coin and a large, self-addressed, stamped envelope. (Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.)

Suppose you are the declarer in today's hand. You need ten tricks for your contract. You can easily take seven trumps and two aces, for those nine tricks are right on the surface.

Where is the tenth trick?
It is quite clear that the tenth trick must be a heart since nothing else can possibly become a trick. If it isn't equally clear how you can win a heart trick, just spit on your hands and get the pickaxe ready.

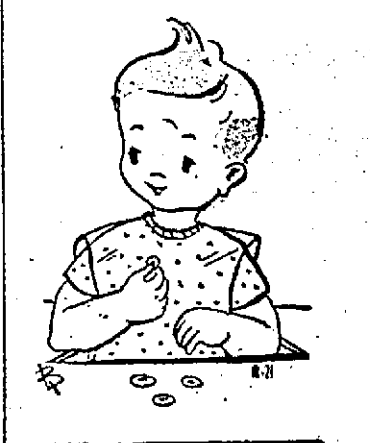

Don't Draw Trumps
One thing to note is that you cannot afford to draw trumps. When you have es-

Cream Cheese Makes Rich Pastry Dough

If you want an absolutely wonderful rich pastry for turnovers, cream a three-ounce package of cream cheese with a quarter pound of butter, then mix in a cup of unsifted flour and a dash of salt. Chill before rolling out on a prepared pastry cloth. New cooks may find it easiest to roll out this delicate pastry thick; experienced cooks will be able to roll it out thin.

Mother's Helper

by Heimann & Pearson

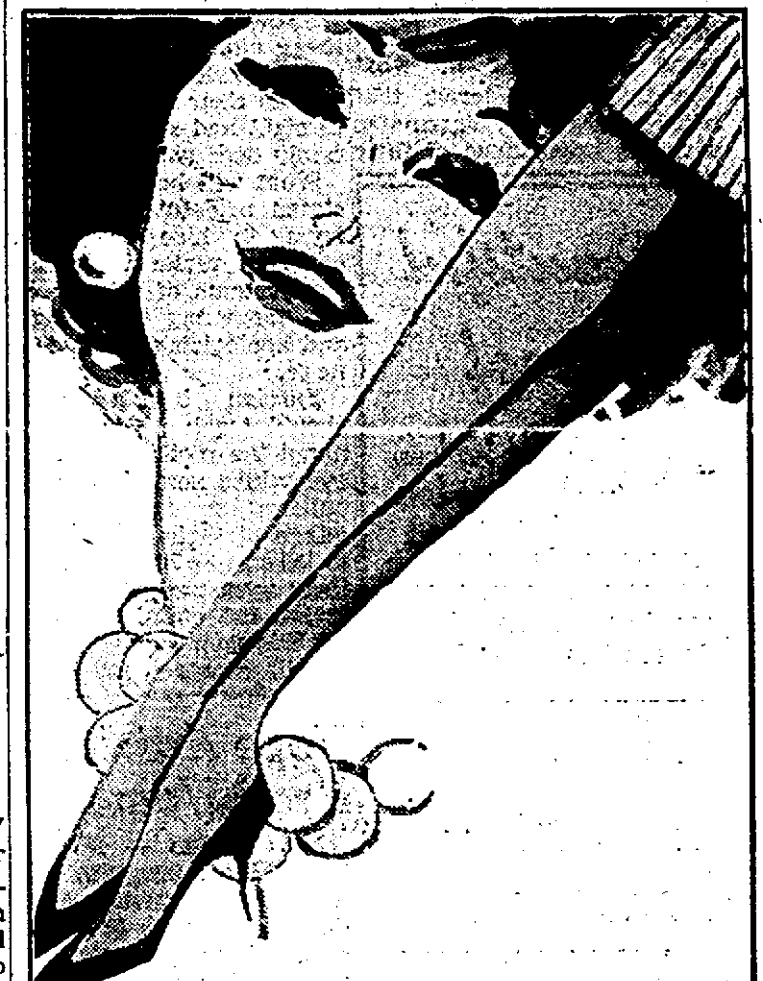

WHEN YOU put your baby in his feeding table or high-chair, make sure he is securely anchored with a safety strap or harness. It's wise to do this even though you plan to be in the room with him. These little ones are so quick! They can scramble up and fall out when your back is turned for a second.

Foreign Heritage Has Meaning, Should be Faced With Pride

BY ANGELO PATRI

The children of foreign born parents are, at times, embarrassed, quite unnecessarily, when their classmates meet their parents. Some children try to hide them, some even make up what they think are stories that will impress these classmates with the importance of their

parents, their status and accomplishments. That is a mistake because the facts are certain to come to the surface and deepen the storyteller's embarrassment. Fathers and mothers of these children often accept this attitude of their children and do their best to keep out of sight and sound. That certainly does not help.

What will help is the truth stated proudly instead of trying to hide the national costume, make a secret of the customs of mother country, shunning its language and apologizing for their heritage.

Foreign born parents should teach their children about the motherland and do everything possible to get the children to learn the language of their ancestors and to take pride in the history of their ancestors. This will not lessen the children's feeling for this their own country but it will enable them to know

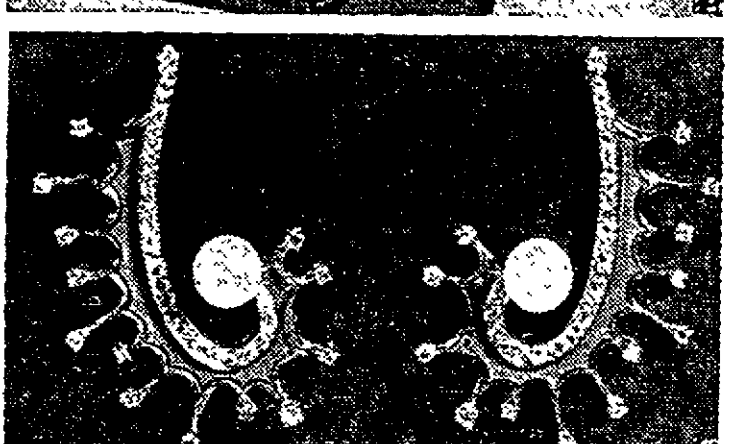

something essential to their good citizenship: the fact that every American citizen of these United States can boast of a foreign ancestry. The only ones who have not this asset are the Indians. A child should know that at one time or another every citizen of this land had a foreign-born ancestor. This is true of the president, the bank president, the head of the big corporation just as it is of the child whose parents have just arrived here. The children, all of them, should know this.

The newly arrived parents are nervous and nobody can blame them, but they should, for the sake of their children, stand tall and be themselves.

A certain pride is essential to the morale, the very character of every human being. There is room for the pride of ancestry beside the pride of American citizenship, and it should be fostered by the older people in the younger generation.

There is room in this generous land of ours for the cultures of older nations, room for their languages, their religions, customs and manners and it would be well if these parents took time and spent effort to impress this on their children so they will not be ashamed to be themselves.

Angelo Patri offers readers leaflets on a variety of subjects concerning child training. If you would like to have his leaflet, P-30, "Aid For Poor Spellers," send 10 cents in coin to him, in care of this paper, P. O. Box 99, Station G, New York 19, N. Y.

Mrs. Frances Schimpff and daughter, Mary, jewelers of Bloomington, Ill., show some of their contemporary jewelry designs. Below are seahorse earrings which won the 1959 international award.

UW Women's Residence Stresses Group Living

Madison — Barnard hall for women is playing a new role at the University of Wisconsin in an experiment in group living with emphasis on intellectual and social freedom.

The oldest dormitory maintained by the Division of Residence halls, Barnard this year has been converted into a living unit for graduate women only.

The primary objective is to emphasize intellectual opportunities. Greater social freedom is considered a key factor in realization of these advantages.

For instance, the graduate women do not have a house organization. The closest approach is a system of "fire chiefs" on each floor, serving as representatives of their areas.

No Specific Rules

"The girl don't want to be tied down to official duties," explains Head Resident Miss Ailee Wilford. "So we have no hard and fast rules. We refuse to force anything on them."

The residents each have a key to the building, and are required to keep no special hours. This is in keeping with traditional University policy for graduate women.

"Most of them retire at a reasonable hour," Miss Wilford says. "All of the women here are hard-working and need their rest."

The 132 Barnard residents are an extremely able group of students. Fourteen have a grade point average between 3.76 and a perfect 4.00. Twenty-six more are between 3.51 and 3.75.

The residents represent a varied nationality and racial background. They come from Thailand and Ceylon, from Free China and Korea, from Brazil and Argentina, from Luxembourg and Iraq, and from England and Canada. Two are Roman Catholic nuns.

Although the average age is under 25, the graduate women range from 20 to 53. Miss Wilford herself is the oldest resident and is also working toward her Ph.D. in English. She is on sabbatical leave from Long Beach State college in California.

Nine are Woodrow Wilson scholars, a select group consisting of 1,000 throughout the country.

The Wilson scholars initiated Barnard's new policy of

bringing the "classroom" into an informal atmosphere. They entertained the other 33 Wilson scholars on the Wisconsin campus at a coffee hour in Barnard's lounge.

Two evenings later the entire house gathered for a coffee hour. Now these informal gatherings may become weekly affairs.

Any resident is at liberty to invite her seminar to meet at Barnard, and other residents may sit in.

"We want to foster a girl's interest in a field other than her own," says Miss Wilford. "The idea is to avoid too narrow a specialization. That's one of the criticisms of teachers today."

The Barnard women also hope to have a buffet dinner for administrators to outline incentives for continuing graduate work.

Mother, Daughter Join Talents in Designing Prize Winning Jewelry

Your engagement ring should be just as modern in design as your refrigerator or your electric range, says Mary Schimpff, of Bloomington, Ill., a four-time winner of Diamonds-U.S.A. and the Diamonds - International Awards.

Mary is the junior partner in a mother-daughter jewelry firm which has attained international renown. This year she was one of 24 jewelers from seven countries honored by the awards given annually for excellence of design in diamonds. She has won previous honors in 1955, 1956 and 1958.

"I got interested in jewelry design while I was studying art in St. Louis. During one summer vacation my mother and I made some jewelry on a work bench in our greenhouse, and didn't realize we were starting a business. Every piece we made that first summer was sold, and after that we started jewelry design in earnest."

Studied Art
Mary and her mother, Mrs. Frances Schimpff, started their business after the death of her father. Mrs. Schimpff had studied art and had worked in the fashion business in and around St. Louis for a number of years. Mother and daughter decided to go into the jewelry business in their home town about 10 years ago. Since that time Mary has won a number of "Young Americans" craftsmen awards in addition to the Diamond Awards, and has had her jewelry designs included in exhibits shown in museums around the world as a part of the U.S. State Department's cultural program.

"We concentrate in contemporary designs in precious jewelry. We feel that jewelry should be as modern as current fashions in clothing and home decoration. Everything else is modern—cars, appliances, houses—why not jewelry?"

Mary finds the jewelry business fun.

Know Future Events

"We always know all about engagements and special anniversaries 'way ahead of time," says she. "It's a good way to keep up with the news."

Mary and her mother work together on most of their orders. Sometimes one works out the original design, sometimes the other. They start by drawing all designs in color, then make paper patterns, much like dress patterns, which they use to cut the metal used in the jewelry. Sometimes they make models in wax and then cast the designs in gold or platinum. The equipment required is simple, says Mary—drawing boards, a jigsaw and a blowtorch.

The Schimpffs have become known for original designs combining diamonds with various other colored stones, such as rubies, sapphires and

emeralds. Many of their pieces are moderately priced, such as their winning entry in this year's international competition—a pair of seahorse earrings combining small diamonds and a cultured pearl with red enamel and platinum, priced at less than \$500.

Use Organization When Moving Into New Home

Millions of American families are now on the move. Settling into a new house or apartment can be an exciting adventure for living, a second chance to make your dream house come true.

To get the best out of the move, it's important to systematize the preliminary chores and do them as easily as possible. Here are simple, practical suggestions worked out to help you.

The basic rule, the experts say, is to have both the new house and all the furnishings you move into it in hand-box order. There's no sense in moving dirt from the old quarters into the new, or having left-over tasks to spoil the fun of arranging and beautifying your new home. So be sure all your possessions are as clean as a new coin before you make a move.

Outline Routine

Once you have the spic-and-span principle clearly in mind, outline an easy routine to follow. Consult your moving company at once and settle on a date. Otherwise, they may not be able to do the job at the most desirable time. Get an estimate of charges and decide whether you or they will supply the needed barrels and cartons—and wherever they come from, get them early. You'll also need corrugated board, heavy brown paper, tissue paper, old newspaper and cord.

The next step is to clear out the things you are going to throw or give away. Get rid of them before you do anything else—be sure to toss out the eyesores you've hat-

ed so much. Now you are ready to start packing. But before you start your packing, roll out the vacuum cleaner—it's a willing slave to help you.

Move Books First

Books come first, because you can spare them for a while. Stand them upright in small cartons. Treat records and record albums the same way. Then cover the exposed edges of books and records with newspaper, and tape or tie it in place.

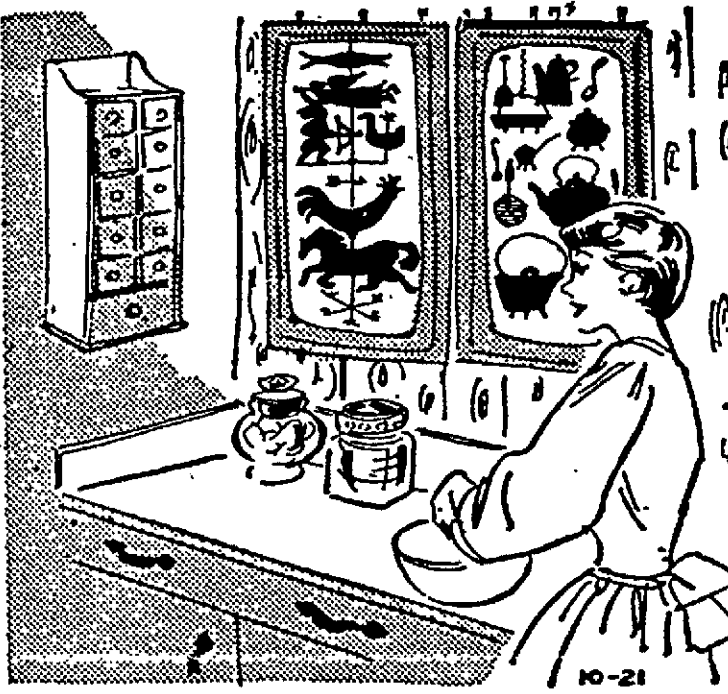

You should also take care of the draperies in the first days. Take the clean draperies down and pack them in long cartons, preferably with a lid. Otherwise, cover them tightly with paper.

Carpets, rugs and upholstered furniture should also be thoroughly vacuum-cleaned. And if you have the slightest suspicion of moth-eggs, experts stress the importance of de-mothing immediately. Follow the manufacturers' instructions for using paradichlorobenzene crystals.

It is important also to make sure that all clothing is free from moths. Anything that needs to be dry-cleaned should be sent to the cleaner with instructions to "hold" until it can be delivered to the new address. Examine all wool clothing to make sure there are no moths. If you find any, vacuum-clean the garments and de-moth, following directions as before.

Designing Woman

BY ELIZABETH HILLYER

Pictures in the Kitchen

Pictures on the wall do so much for other rooms—why not the kitchen? As kitchens borrow comfort and color scheme ideas from the living room, wall decorations are bound to change, too. Typical fruit and vegetable plaques and decals change to framed pictures with a greater variety of subjects. Old utensils in interesting shapes are the subject of one picture here, and old weather vanes are the other, both printed on linen with frames stained in weathered colors.

Your kitchen pictures might be found on a towel counter. New linen towels come hand-somely printed in fascinating designs, both Early American and contemporary, and in colors that are far from standard kitchen colors. They're easy to frame and are big enough to make a real splash of color and eye-catching interest in the room's decoration.

Mrs. C. A. "We've always painted our living-room and dining-room walls the same color because the two rooms are separated only by an archway, but we've recently put tall louvered shutters at each side of the archway to narrow it, and I'd like a change. We plan to paint the living-room walls white. The living-room furniture is color-ful enough, but it's hard to get enough color into the din-

ing room, so I'm wondering if it would be a good idea to use a white background wallpaper in the dining room with a pattern in bright colors?"

Your idea is a good one, and the colors in the paper will strengthen the color on dining chair seats or whatever other color there is in the room if it matches them. A paper that is spaced widely enough to show plenty of white background will be best.

Send today for Elizabeth Hillyer's booklet "What's Wrong with that Room?" a quick check list of room faults and how to correct them—a booklet that contains so much information it's a short-short course in practical decorating. For your copy, address Miss Hillyer at this newspaper and enclose a stamped, self-addressed envelope and 15 cents with your request.

Named to Council Color Bearer Post

Sherwood — Mrs. Kenneth Ott has been named by the Sherwood Legion auxiliary as color bearer for the Calumet county council. She replaces retiring president Mrs. Gilbert Thiel as council representative. The council meets at Darboy Thursday. Council meeting delegates are Mrs. Gilbert Mueller, Mrs. Kenneth Ott and Mrs. Alvin Drouth.

New London Rotary Club Tours Plant

New London — Members of the Rotary club toured the plant of Curwood, Inc., Monday night following a dinner meeting at Elwood hotel.

Robert Woods, vice president of the firm which produces polyethylene film, conducted the tour.

The Rev. V. A. Ganz, pastor of Trinity Lutheran church here and the Immanuel Lutheran church, Zittau, was in charge of Bible study during the third sector meeting Monday night at the

Brown, Guglielmi Maintain Leads

Hornung 5th in NFL Rushing, McHan Ranks 6th in Passing

Philadelphia — For the second straight week Cleveland's Jimmy Brown leads the National Football league in rushing but J. D. Smith of San Francisco is pressing him for the top spot, statistics released today showed.

Brown has picked up 437 yards on 101 carries for a 4.3 average of 4.3 compared to Smith's 410 yards in 78 tries for a 5.3 average. Ollie Matson of Los Angeles is third with 403 yards on 66 carries good for a 6.1 average.

Quarterback Ralph Guglielmi of Washington leads the passers for the second week in a row with 21 completions out of 45 attempts for 439 yards and a 9.76 average gain. New York's Chuck Conerly has moved into the No. 2 spot with 656 yards on 47 completions out of 79 tries for 8.30 average. Standings are based on average gain per pass completed.

Big Bulge
Woodley Lewis of the Chicago Cardinals continues to enjoy a big bulge as the best pass receiver. His 21 catches have netted him 397 yards and two touchdowns. Second is Frank Gifford of New York with 20 catches and 301 yards.

In the scoring department Tommy McDonald of Philadelphia dropped from first to third, giving way to Tom Davis of San Francisco and Bobby Layne of Pittsburgh. Davis has 34 points, Layne has 30 and McDonald has 30.

The Green Bay Packers' Paul Hornung is fifth among ground gainers with 297 yards on 74 carries for a 4-yard per try average. His longest run has been 22 yards.

The Packers' quarterback, Lamar McHan, is sixth among the passers with 29 completions in 64 tosses for 469 yards, or an average gain of 7.33 yards per attempt. McHan has a completion average of 45.3 per cent. Four of his tosses have been intercepted, but six have gone for touchdowns. His longest toss was 67 yards.

Max McGee of the Packers rates ninth among the punters with an average of 40.8 yards on 25 boots, more than any kicker in the league. His longest was 61 yards.

Among the kickoff return leaders, the Packer Johnny Symank is sixth, handling five chances for 120 yards or

an average of 24 yards. His best effort was 39 yards.

Neenah and Roosevelt Duel for Frosh Title

FOX VALLEY FRESHMAN LEAGUE				
	W	L	T	
Neenah	4	0	0	
Roosevelt	3	1	0	
Kaukauna	2	1	1	
Menasha	1	3	0	
Wilson	1	3	0	
Kimberly	0	4	0	

Thursday's Game: Neenah at Roosevelt, Wilson at Kaukauna, Kimberly at Menasha.

The records of the Roosevelt and Neenah High school football teams, which meet at Roosevelt Thursday afternoon for the Fox Valley Frosh league title, are similarly impressive.

Both clubs have been scored upon only once this season. The lone touchdown brought Roosevelt its only tie—a 6-6 deadlock with Kaukauna. Defending champion Neenah gave up its TD in a 44-6 rout of Wilson.

The Rockets have averaged just under four touchdowns a game (23.5 points) to Roosevelt's 16 points per tilt.

Beat Ghosts
The Rockets dispatched Kaukauna, 18-0, having much less trouble with the yearling Ghosts than Roosevelt experienced. And, Roosevelt's 20-0 decision over Wilson wasn't as impressive as Neenah's rout.

Against their other two common foes, Menasha and Kim-

They'll Do It Every Time

Bob Jensen Thumps 609 in Major Loop

Helen Mitchell Tops 5-by-8 League on 511

Bob Jensen of Court's Cities Service won Hahn's Major league honors Tuesday night with a score of 609. Jack Burton of first place Behnke's (14-4) thumped a 237 and wound up with a 595.

Helen Mitchell headed the pack in Hahn's Five-by-Eight wheel with a 511 aggregate for Howie's Bar. She turned in the co-leading 194 singleton. Marge Thiesen also thumped a 194 and wound up with 501 for Subway Bar.

KC Bar (17-4) holds a 4-game lead.

Wayne Lemberger of the

Area Bowling

LeNoble Rolls 599 Effort At Freedom

Chester LeNoble of Little Chute Pop put together a 599-3-liner in the latest round of Major league bowling at Ludwig Lanes in Freedom. Ludwig Lanes (12-3) owns a 3-game lead.

Les Hooyman shot a 552, Joe Ludwig, Jr., a 556 and Charles Welter a 572.

F. Vandenberg rattled a 578 in the Sherwood Businessmen's wheel. Club 333 (10-5) heads runnerup Flatcau by one game. Ole Lorenz shot a 572.

Gene Randerson's 231 for the Martinis (6-3) was the top effort in the Cocktail Couples wheel at Freedom. Margaret Randerson posted a 203 for women's honors. The Zombies and Bacards share first place with the Martinis.

The Salems captured three lines and are one game in front in the Cigaret Couples circuit at Twelve Corners. There were no honor scores.

Warriors Study Defenses for BC Aerials

Saturday Foe Has 2 of Best Passers In the East

Milwaukee — Marquette's Warriors continued to work today on defensive patterns that they hope will stop Boston college's air-minded football team next Saturday.

Boston has two of the best passers in the east in John Amabile and George Van Cott, who have been averaging from 30 to 35 forward passes a game this year. Between them they have thrown five touchdowns passes this season and have boosted Boston college into sixth place among the nation's passing teams.

In previous games this year Boston beat Villanova and Dartmouth after losing to Navy, 24-9, and Army, 44-9. Marquette, meanwhile, hasn't won a game.

Boston, in four games, completed 55 of 103 passes for 688 yards while Marquette has completed 68 of 132 for 886 yards in five games.

Marquette Coach Lisle Blackburn expects to have John Bluth, a senior guard from Chicago, ready for action Saturday. He has been suffering with a bad knee. It is doubtful whether Ron Jennings, a promising sophomore halfback who hurt his back last week, will be available, however.

Appleton's John Bauer Attends Pin Meeting

John Bauer, 919 W. Lawrence street, will attend a meeting of the State American Legion bowling tournament committee at Greenfield Sunday.

Dates for the coming state tourney (which will be held at Greenfield), names of tournament directors, inspection of the Greenfield alleys and setting of the price for bowling are on the meeting agenda.

Wednesday, Oct. 21, 1959 Appleton Post-Crescent A21

Rahr Withdraws Conservation Aid

Madison — Guido Rahr, acting out of personal pique Manitoque industrialist and long-time leader in wildlife conservation, said today that he has decided to withdraw all financial support from conservation activities because of a "campaign of villification."

The wealthy sportsman, a 3-term member of the Conservation commission and twice its chairman, told fellow commissioners that he was not

Ghosts Win Harrier Test

Sweep Top 3 Places Against AHS and Manty

Kaukauna — The Kaukauna High school cross country team warmed up for its Midwestern conference competition Saturday by chalking up a 3-team win at the Fox Valley Golf club Tuesday afternoon.

Kaukauna finished with 23 points followed by Appleton with 45 and Manitowoc with 57. The winners swept the first three places with Merle Hammond first in 10 minutes, 33 seconds followed by Mark Asman in 10:39 and Jerry Jakl, 10:46.

Appleton runners finished fourth, eighth, ninth and tenth. Kaukauna's Norman Micke was sixth.

Members of the "B" squads from the schools competed with only four runners figured in final standings as Appleton had only four men eligible. Manitowoc finished with 20 points; Kaukauna had 24 and Appleton 39.

Swanson of Appleton finished first in 11:36, followed by Birch of Manitowoc. Jim Keberlein and Norm Eppinger of Kaukauna were fourth and fifth, respectively.

Les Woerpel, executive secretary of the Wisconsin Federation of Conservation clubs at Stevens Point, recently attacked Rahr in his group's mimeographed editorial flyer for a muskellunge research project being conducted on Rahr's Vilas county retreat.

Rahr, who estimated he has given University of Wisconsin biologists \$29,000 plus use of his wilderness area for the project, said:

"I have written the university and withdrawn all financial support for this project. It is in no wise based upon the value of the project."

"I find it necessary for the well being of the project and my own well being to sever my connection with it, and also to end my financial support of other conservation activities."

"It is not merely the publication in Woerpel's sheet. It doesn't amount to much. But what he printed was reproduced in some newspapers without any effort to check the facts."

Rahr's activities include, among others, support of the Audubon Society camp near Sarona, a number of scholarships and research grants and extensive use of private resources to broaden the commission's activities.

Van Dinter, Horn Slap 564 Triples

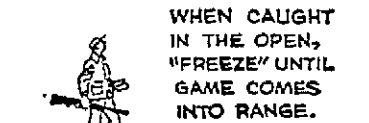

Dividing laurels in the latest round of Bird Couples league bowling at Hahn's alleys were Bob Van Dinter of the Crows and Howard Horn of the Sparrows, with 564s.

Van Dinter slapped a 226 singleton. The Hummingbirds (8-1) copied three lines and lead the circuit by one game. Walt Winter posted a triplicate of 168s.

SPORTSMAN'S DIGEST

By Hal Sharp

GAME UNALARMED BY FROZEN HUNTER

WHEN CAUGHT IN THE OPEN, "FREEZE" UNTIL GAME COMES INTO RANGE.

I HAVE HAD DUCKS FLY DIRECTLY OVERHEAD AND DEER PASS WITHIN TEN YARDS BY JUST REMAINING STILL AS THEY APPROACHED.

MOST GAME IS NOT ALARMED BY AN INACTIVE FIGURE—UNLESS DANGER IS SCENTED.

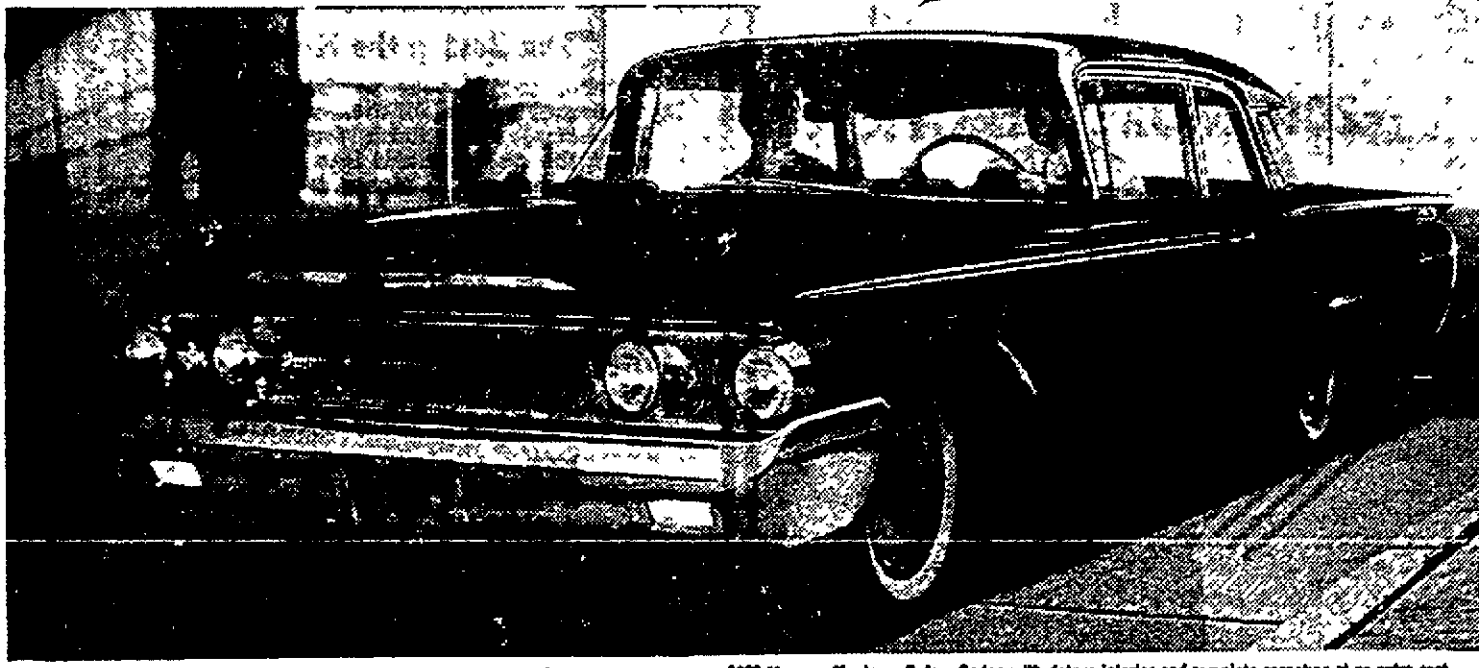

SOME DUCK HUNTERS SIT IN FRONT OF A "BLIND" WHICH MAY BE A ROCK PILE THEIR CLOTHING BLENDS WITH.

STANDING HUNTERS MAY HAVE JUST A TREE TRUNK BEHIND THEM WHILE AWAITING DEER TO PASS. IF NOTHING ELSE, "FREEZE" LIKE A TREE TRUNK WHEN YOU HEAR GAME COMING.

Tebbetts Again Denies He Will Manage Braves

Continued from Page 20

ceed Fred Haney and very likely will be drafted to manage the Braves in 1960.

"My name has never come up in all the discussions between Mr. Perini, (general manager) John McHale and myself," the 47-year-old club executive said. "Lou has never approached me. He knows my feelings."

According to the source, Perini has been using his best salesmanship to try and convince Tebbetts that a move from the front office back to the field would benefit the club.

Tebbetts said that he and McHale have discussed several managerial possibilities, but emphasized that "no one has been contacted."

"It's a Big Job"

"The reason it has taken so long is that it's a big job," he said. "No decision has been reached. In fact, we haven't narrowed down to one man as a choice."

According to the informant Perini gave serious consideration to only two other possibilities—Leo Durocher and Charlie Dressen. Should the reluctant Tebbetts convince Perini he is more valuable in the brass division, Dressen is reported next in line.

Durocher, itching to return to active baseball, is expected to hold off his return until next year. He has been rumored as a possible successor to Bill Rigney at San Francisco, but the Giants are now expected to re-sign Rigney.

"Red" Schoendienst, the Braves' second baseman who fought back from a bout with tuberculosis to rejoin the club in late season, reportedly also was considered as manager by Perini. However, his lack of experience as a pilot weighed heavily against him.

"When I came here from Cincinnati," Tebbetts said, "I said I wouldn't take the job if any managerial post look inviting. Now I love my job, love my work. I'm young, and inexperienced, but I've learned plenty and love it."

2 Rumors Start

When Tebbetts left Cincinnati and joined the Braves two rumors started: (1) he would replace Haney as manager if the Braves slumped and (2) he was being primed by Perini to take over as president.

"I'll never manage a club again," Birdie said at the time.

"I'll just be part of the organization. My only ambition is to contribute something to the success of the Braves in the future."

Witty and affable, Tebbetts also is noted as a tough taskmaster when the situation demands. Some Milwaukee fans think he is the type of manager the Braves need after the reign of Haney, who resigned a few weeks after watching

Wiesner Leads UW Rushing; Hackbart Prediction Tested

Continued from Page 20

Saturday nights in Milwaukee (channel 12), but so far as we know, they'll not be carried by an area channel.

Fox Cities fans have a good chance of seeing an outstanding young shortstop for the second straight year. The "Versalles of 1960" could well be Bob Savarine. Called "another Luis Aparicio" by Luman Harris of the Oriole farm system, Savarine logically should move up to Class B in '60 after a sensational .353 hitting year in "D."

Harris has been quoted as saying: "This kid (Savarine) is just as fast, just as good a fielder as a similar stage, has the sling shot arm and is a better hitter (than Luis)." The Orioles, incidentally, are toying with the notion of making a pitcher out of bonus baby Dave Nicholson. If this is true, there seems a good chance he'll use up his last minor league option in a Foxes uniform.

The parting of the Senators and the Foxes, we're glad to say, was highly amicable. The Senators will operate their "B" franchise in Wilson, N. C. of the Carolina loop in '60. The 3-1 league now has at least two new major league affiliates—Baltimore and Pittsburgh (who just replaced the Cubs at Burlington).

Tom Wiesner, Neenah's gift to the Badger football team, now leads the UW in individual rushing with 162 yards—an average of 3.8 per carry. The rugged junior has drawn press raves for his belting style of play in most of the games this season.

When asked last winter by "Duffy" Wiesner Daugherty if he'd be interested in playing in the next East-West all-star game, Wisconsin's Dale Hackbart reportedly replied, "Thanks, but I can't. We'll be playing in the Rose bowl." Well, after last Saturday's encouraging UW performance, there's still a chance Hackbart (and his mates) can make good on that optimistic prediction. But, it will be tough sledding. The Badgers must win their remaining five games—then, if there is a title tie, hope they'll get the conference nod.

Unless the six weeks of pre-season practice change John Erickson's mind, he's figuring on Appleton's Jack Ulwelling as a regular UW guard in 1959-60. We asked Erickson about it recently in Madison, and he said in effect: "You can't build a champion with sophomores, but you sure can build a good team for the future." Therefore, sophs like Ulwelling, Green Bay's Tom Hughes and Shawano's Marty Gharritty loom large in the UW plans both this season and in the next two. Erickson says that Ulwelling has improved his leg spring since his UW freshman season and that he's really flying at the rim. Erickson, incidentally, will employ John Orr as his varsity assistant and Oshkosh's Ron Nord as freshman coach.

Norman Leads

MU's Pete Hall Ranks Third In Nation in Forward Passing

New York — Pete Hall, Marquette quarterback, ranks third in the nation among major college forward passers with 56 completed passes in 108 attempts for 692 yards.

Dick Norman of Stanford leads in passes with 65 completions in 121 attempts for 786 yards. Norman also leads in total offense with 809 yards while Hall is fourth in this department with 684.

Two players—Norman and Pervis Atkins of New Mexico State—took the lead in three offensive departments at the start of the season and shows no signs of relinquishing it. Norman's 65 pass completions are nine more than his

AP Wirephoto

Every Time there's a kick for an extra point at the Wapsie Valley (Ia.) Consolidated school an official has to retrieve the ball from among the corn stalks. Six trips to the field were necessary (this is one of them) in Wapsie's 34-14 triumph over New Hartford.

Robbins Paces Seniors' Field

Pinehurst, N. C. — Tom Robbins of Pinehurst loomed as the man to beat in the North and South Seniors Golf tournament which moved into its second round today.

The 66-year-old missed by only three strokes shooting his age as he won a brilliantly-played first round match Tuesday from James McAlvin of Lake Forest, Ill., 3 and 1.

Robbins, 1956 winner of the tournament and the 1958 U. nearest rivals, Joe Caldwell of Army and Hall, according to official NCAA statistics released today.

Tight Race

There still is a tight race for punting honors. Joe Zuger of Arizona State took over the top spot last week, with a season's average of 50.3 yards, two yards more than Darrell Harper of Michigan.

The wider goal post cross bar has been a tonic to the field goal kickers. Wake Forest has won three games via that method. The 2-point-after-touchdown tries are running 19 per cent behind last year. Wendell Harris of LSU tops the field goal booters with four.

Greatest gain of the week in individual offense was made by Iowa's Olen Treadway, who jumped from forty-second to eighth in total offense and from twenty-first to fourth in passing by completing 26 of 41 tosses for 304 yards against Wisconsin.

Vikes, Terrors Not 'Down' After Losses

Continued from Page 20

sides Nussbaum were not in the best of shape for the game, Dillon said, citing Ron Tollefson, Dick Heiss and Cal Kluess.

Dillon expressed pleasure at the support the team got for the West game, saying that the following AHS had at Green Bay was the "best ever." The Quarterback club deserves a lot of credit for promoting the venture, Dillon said.

Heslton, too, commended his school's support. He revealed that five busloads of Vike students went to Ripon for the game.

Heslton termed Ripon the best team Lawrence has faced this year—"by far." The Redmen were well-coached, have a big line (three weigh between 230 and 250), and had the homecoming enthusiasm. In addition, he said, Dick Celichowski "played as good a game as anyone ever has against us."

Vikes Outcharged

Though the Vikes kept battling, they didn't play their best game of the season, Heslton declared. He said Lawrence was outcharged up front.

Coe's winged-T offense will be hard to defense Heslton observed but assured his hearers that his team is working at it full time this week.

Heslton interjected the thought that he's pretty proud to be a member of the coaching profession in Wisconsin. He said that Milt Bruhn didn't "cry a tear" over the Badgers' loss to Purdue, that Vince Lombardi took the Packer defeat in stride and that "Liz" Blackburn has reacted the same way in his tough season at Marquette.

S. Golf association senior champion, weathered a late birdie flurry to close out McAlvin with a birdie of his own on the seventeenth.

Minimum Contact for OSU

Chicago — Midwest football briefs:

Purdue — Sophomore tackle Pat Russ worked out with the first string while Coach Jack Mollenkopf shifted his backfield to overcome a series of injuries.

Ohio State — Ohio State ran through a minimum-contact

Truckers Meet Kimberly '11

Continued from Page 20

come up with its fourth win in five league starts at New London's expense. The Bulldogs haven't won yet but have scored in the last two games.

The Bulldogs are young and eager and are gaining the much-needed experience which may help them in causing some trouble in future years. Neenah won, 51-7, last fall.

Ghosts vs. Jays

Kaukauna is still very much in the title picture and will attempt to stay that way at Menasha's expense. The Bluejays will be on the rebound to prove they aren't as bad as the score of the Clintonville game indicates.

The game will be the Ghosts' last test before next week's big game against Clintonville. Menasha blanked the Kaws 13-0 last year.

Surprising Shawano, in the midst of its best season in the last decade, will be favored to go above the .500 mark at Two Rivers. The Indians, now tied for fourth place, haven't won three games since 1952.

Two Rivers has been disappointing thus far. Shawano earned a 13-7 verdict a year ago.

Burton's Injured Ankle Is Coming Along Fine

Chicago — Midwest football briefs:

Iowa — End Curt Merz was in uniform but did not take part in Hawkeye drills because of an injured knee.

Minnesota — Guard Tom Brown and tackle Arnie Osmundson missed practice because of injuries. Both are doubtful starters for the Michigan encounter Saturday.

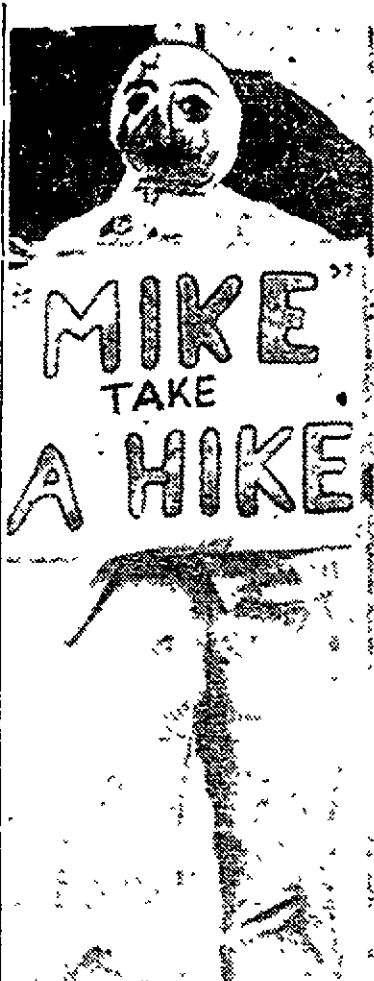

Michigan State — Bumps and bruises collected in the Notre Dame game kept the Spartans from contact work.

Northwestern — The Wildcats went through an anti-fumble drill. Halfback Ron Burton tested his injured ankle and said it was coming around fine.

Illinois — Dave Ash took over the No. 1 center spot for the Illini. Sophomore Stan Yukevich was promoted to the second team.

Notre Dame — The top three Irish fullbacks were sidelined because of injuries. Pat Doyle took over the fullback slot along with sophomore Joe Perkowski.

San Antonio, Texas — Frankie Valdez, 128½, San Antonio, outpointed Bobby Bell, 128½, New York, 10.

Private contributions are paying for the remodeling and the building rental while the county will provide the staff.

Fined \$2, Costs
Neenah — Gary White, 18, 800 Keyes street, Menasha, was fined \$2 and costs by Police Justice E. P. Arpin this morning after he pleaded guilty of disorderly conduct. He was arrested at 10:05 p.m. Wednesday for refusing to leave a private residence when requested.

POST CRESCENT News of the Twin Cities Menasha - Neenah

7-2 Council Vote Okays Menasha's Second 'Beer Bar'

**Ordinance for 21 Minimum Age
Introduced; 'Blind Date' Cited**

Menasha — The city council Tuesday approved granting a second beer bar license in Menasha by a 7-2 vote.

An ordinance calling for a minimum beer purchase and drinking age of 21 years was referred to the ordinance and resolutions committee on a 6-3 vote. Present ordinances allow persons over 18 to drink beer in "beer-only" taverns and also to purchase beer. Aldermen Lee Rather, Ray Zielinski and Fred Block dissented.

Aldermen Rather and Louis Gammey voted against granting the Class B malt beverage license to Harvey Badtke, 1 Main street, for the bowling alley in the basement of the Brin building.

Rather explained he knew the Brin building and its activities were essential? "However, this is another 'beer bar,' and I am absolutely against 'beer bars.' We should not have the several we have, and we shouldn't add to it?" Gammey said he voted no because the council previously had "totally disregarded beer licenses for the Pizza place and for Herb Gollner. I don't like that 'blind date' ticket deal they pulled off last week. That went down as low as the sixth grade. It was a low trick." (Gammey was referring to tickets, later voided, calling for school children to match their ticket numbers with others. Those who did would have been admitted to the movies free, and would have been given malted milks and hamburgers.)

The ordinance, dealing with Class B malt licenses was amended by an 8-1 vote, Gammey dissenting, to allow the city to issue such licenses to corporations, as well as individuals. All other types of beer and liquor licenses already can be granted to corporations or persons.

The amendment to the beer age ordinance will provide for a fine of \$10 to \$200 and costs or up to 90 days in jail for conviction. Those between 18 and 21 may drink beer, if accompanied by parent, guardian or spouse over 21.

Neely to Tell Teachers of Board Policy

**Replies to Letter
Asking Details on
Coach Ouster Move**

Menasha — As an outgrowth of the recent pressure to oust Lucian Gajewski as head basketball coach, Board of Education Pres. Ted R. Neely has been asked to explain board policies to teachers.

Neely said he will meet with the teachers at 4 p.m. Monday. The meeting is not open to the public.

A letter delivered to Neely Tuesday asked him to speak to the assembled school faculties at 4 p.m. Friday or Monday, or at any other convenient time before next Monday's regular board meeting.

At the Oct. 12 board meeting, the pressure to replace the coach emerged as a result of prodding by Commissioner John Pawlowski.

Four board members Oct. 7 discussed Gajewski's ouster as coach, and the following morning Supt. of Schools M. J. Gegan was requested to ask Gajewski to resign as coach. Gajewski refused, and was summoned to a board personnel committee meeting an hour before the last board session.

At that time he was told reasons, not made public, for the board's wanting a new coach. Neely has said Gajewski's conduct and character are not in question nor is his teaching assignment. Coaching is an added duty assignment with extra pay.

Frozen Pipes?

**NOT WHEN YOU USE
GENERAL ELECTRIC
HEATING CABLE
SETS**

Eliminate the dangers and inconvenience of frozen water pipes this quick, easy way. Simply wrap exposed sections with G-E heating cable sets. These flexible, lead-covered cables bend easily to any desired shape; resist corrosion. They come ready to use in convenient sets of 30 and 60 feet of cable formed into 15-foot and 30-foot "hairpins" with ends assembled into a weatherproof plug... for 110 volts. Also 120-foot sets formed into 60-foot "hairpins" for 220 volts. Ideal for melting ice on eaves, in gutters and for soil heating, too.

30-ft sets \$8.40
60-ft sets \$14.70
120-ft sets \$31.50

Menasha's Rotary Club was visited Tuesday and today by Rotary international's district 622 District Gov. Christopher R. Prentice of Racine, second from left. With Prentice, at a Tuesday night gathering in the home of club Pres. Richard Mathews, Appleton, were, from left, Marvin E. Melick, treasurer; Mathews; and M. J. Gegan, student guest committee chairman.

Council Votes Approval of Sewer Job

**Alderman Cites
Ban on Contractor
By City of Appleton**

Menasha — A low bid of \$54,326 for sanitary sewers in the Maplewood Heights subdivision was accepted Tuesday by a 9-1 city council vote. Dissenting was Ald. Louis Gammey.

The contract will be given to Tenor Brothers Construction company, Green Bay. Other bids were \$68,249 and \$68,121.

The new subdivision is in the general area of Ninth and Tenth and Appleton streets. Gammey reminded the council the Tenor firm had been banned from working in Appleton for some time, and suggested checking with Appleton officials before approving the contract.

City Engineer M. J. North contacted the Appleton mayor and city engineer during the meeting and reported they said the Tenor firm did excellent work, but the trouble had been because of union dues checkoff. For that, the firm was banned two years.

Fair Wage
Gammey countered that it was more than a checkoff problem, "that it boils down to Menasha not having a fair wage setup. The city does not require prevailing wages in the area to be paid, so local contractors can't compete."

North said any contractor is required to pay minimum wage rates specified in the city offices, and contended contractors cannot get help unless they pay high enough wages. Menasha may not be in line with union wage rates, he conceded.

City Atty. William R. Giese said the city could adopt any minimum wage rate it wants.

Names Chairmen for Rural Area Campaign

**Hospital Building Fund Drive
To be Outlined to Township Workers**

Neenah — Chairmen have been named for each of the towns in the area campaign for the Theda Clark Memorial hospital building fund by D. R. "Jim" Courtney, vice president of Courtney and Plummer and campaign area section chairman.

They include Amos D. Page, farmer and Menasha town board chairman; Laurel K. Heaney, manager of the Kimberly Eskdale farms and Neenah town board chairman; Gordon Hanson, insurance agent and Winchester town chairman; Benjamin H. Bockin, retired, and former Winneconne village president; Adelbert Jensen, prominent farmer in the Town of Vinland, and Daniel Howman, associated with Courtney and Plummer, for the Town of Clayton.

The Towns of Neenah, Menasha, Vinland, Clayton and parts of Winchester and Winneconne are included in the hospital's primary service area outside the cities of Neenah and Menasha.

Outline Program
Plans for the building program will be outlined to more than 100 persons from that area at a 7:30 p.m. dinner Thursday at the Valley Inn. N. H. Bergstrom, chairman of the board of trustees of Theda Clark Memorial hospital, will speak at the informative meeting on the campaign which will open Nov. 9 to raise a \$3,850,000 building fund. Gerald L. Aldridge, hospital administrator, will review the proposed building plans and needs and a member of the medical staff will express staff views on the necessity of the program.

Associate chairmen to assist in planning the township campaign still are to be announced. They in turn will aid in securing a crew of 150 to 250 township and village committeemen, enough so there will be one 2-member team for every five or six prospects. Some 500 to 1,000 individuals and businesses will be solicited in the area section of the campaign.

**Permit Issued for
\$24,000 New House**
Neenah — A permit for a \$24,000 home to be built on Chatham court has been issued to Jerome T. Bonnier by Building Inspector Carlton F. Williams. The house will be 1 1/2 stories high and 32 by 69 feet in size with an attached garage. It is the 152nd new home permit issued this year.

'No Burning' Ordinance Withstands Pressure

**Menasha Mayor to Direct Enforcement
Throughout City; Aldermen Vote 6-4**

Menasha — After a long deliberation and a 6-4 vote, the council decided against reconsideration of the ordinance.

Voting against reconsideration of the ordinance, discussed many times since its passage May 19, were Alds. Fred Block, Paul Laemmrich, Fred Rohloff, Gordon Schanke, George Stulp and Ray Zielinski.

When Rather first made his motion, Mayor DuCharme ruled him out of order. Rather countered "that's no answer to a motion from the floor."

Later Accepts Motion
The mayor said the move was under study 1 1/2 years, and now many have disposed of their incinerators. Later he accepted the motion.

Rather said he is "sure burning is going on now despite the ordinance. We were told all the paper we could pick up was needed at the incinerator - sewage plant. The \$30,000 next year (for a third garbage truck and 4-man crew) will be expensive fuel. We could buy a lot of fuel oil for that much money." (Fuel oil had been used for burning garbage and semi-dry sewage at the plant.)

Stulp, who introduced the original resolution, asked a fair trial of the ordinance after the third truck is in use. He cited "one or two jokers working for the board of health" as source of some problems, who are "dictating the policies of the pickup crews."

"Took Offense"
Schanke said he "took offense" with Stulp's remarks and said Health Officer H. O. Haugh probably is spending more time and effort with his crews than any other department head. "Granted conditions are not what they should be, but the comments toward the crews don't make for good conditions."

"They went from a daily pickup of 7,000 pounds for the two crews a year ago to 30,000 before the 'no-burning' ordinance was passed. Now it's 38,000 pounds - five times what it was a year ago. That is a good job, and P. D. Haugh should get credit for it."

Stulp apologized for his remark.

Block said all departments should be investigated if any were. "If we reconsider the ordinance why buy the other truck? Then one crew and one truck will do more loafing than before." (The truck purchase was approved two weeks ago.)

Driver Hurt in Neenah Accident

Neenah — Henry J. Bloechl, 65, Oshkosh, was treated at Theda Clark hospital for a head laceration that required five stitches to close after his pickup truck and a car driven by Henry Emmers, 71, 2000 E. John street, Appleton, collided at the intersection of Green Bay road, which is Old Highway 41, and Main street, at 7:07 a.m. Monday.

Driver Fined \$100, Costs Convicted for Reckless Driving, License Charges

Menasha — Royal Fritsch, 20, 382 Ahnaip street, today was fined a total of \$100 plus costs on two charges in Police Justice Arthur J. Ales' court.

He pleaded guilty of reckless driving, \$75 and costs, and of operating two cars with the same set of license plates, \$25 and costs. He paid the smaller fine, and must pay the other by Monday or spend 30 days in jail.

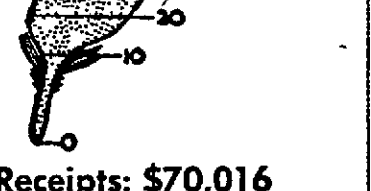

Fritsch was arrested Tuesday night after police traced his car, which rounded a corner at high speed and ran over the lawn in front of the Lawrence Mauritz home, 981 Ninth street.

Fritsch also faces charges Thursday morning in Oshkosh municipal court connected with throwing a pumpkin, which shattered the windshield of the car of Fred Reilly, 240 Frederick street. Reilly Saturday night reported to county police the pumpkin had been thrown at his car on Midway road by a group of youths riding in a car description of which matched Fritsch's, Police Chief Peter P. Clark said today.

Harry O. Procknow, Jr., 37, 625 Third street, today forfeited \$10 and costs in Ales' court for driving an unregistered car. He was arrested Tuesday afternoon in his car, which had no license plates.

Donald Joas, 19, route 2, Neenah, pleaded innocent of speeding and will face trial at 9:30 Oct. 28 in Ales' court. He was charged with riding his motorcycle at 30 m.p.h. on Ahnaip street Tuesday afternoon.

Goal: \$126,400

Receipts: \$70,016

3 Speakers Discuss Rainy Day Planning At Finance Forum

Oshkosh — About 520 women attended the finance forum sponsored by First National bank of Oshkosh Tuesday. Three speakers discussed aspects of planning "for a rainy day."

Dean Grant, assistant trust officer at the bank, discussed "will you have the will power?" Marvin Juedes, trust officer at the bank, followed with "securing your family's financial future" and Miss Frieda Mueller, a general partner in the Robert Baird company, Milwaukee, spoke on investment programs.

"A will should be drawn with infinite care by someone who understands the legality, federal and state law — in short, by a lawyer," Grant told the women.

Any person of legal age should have a will and the Wisconsin state constitution is unique in that it guarantees the right of every person to have a will, he said.

Grant described the mechanics of a will and pointed out problems arising when no will is made. Every year 50 to 70 per cent of those who die

leave no will, he said. In these cases the laws of the state determine how an estate is divided regardless of the good intentions of the testator.

He described the duties of the administratrix and warned the job comes when one is least prepared, at a time of bereavement and confusion.

Warning his audience not to procrastinate, Grant advised how to make a will by securing advice and counsel from accountants where a business man, from trust officers at a bank and from the lawyer, who is the technician.

"No one but a lawyer should draft a will and estate planning should have his advice as well. Do not try to lead your own will — it can lead to very serious consequences," Grant concluded.

Estate Planning

Juedes described estate planning as an analysis arrangement and rearrangement of all property owned to carry out the wishes of the owner. "Inadequate planning can cause hardship to one's heirs."

Listing the basic principles of estate planning as liquidity of cash, needs and flexibility, Juedes termed estate planning as a "human and personal" thing.

To supplement a pension, social security or company benefits, Miss Mueller urged the women to learn how to invest their money wisely.

One way to save is to spend less than one's income and wisely invest the balance in a savings account, savings bond or municipals or corporate bonds, as well as insurance. The latter is especially important for business women or widows.

Monthly Plan

Suggesting that one should set aside 5 to 20 per cent of one's income as soon as it is received, she listed several types of programs available. One is a monthly investment plan, another is investment in trusts.

Miss Mueller said the main function of the security is raising capital. The value of a security is in its safety, its return and its stability, she said.

"Right now stocks in missile or electronic companies are popular because of their future prospects. But there is fantastic fluctuation. It is the attraction of new industry," she said.

"Be emotionally prepared to take risks in buying stocks," Miss Mueller advised her audience.

18 to Complete C of C Class for Supervisors

Human Relations Training Course Ends With Banquet

Neenah — Eighteen persons will receive certificates at a banquet Thursday night for completing the human relations training course for foremen and supervisors sponsored by the Neenah - Menasha Chamber of Commerce and Twin City Personnel association in conjunction with the University of Wisconsin's management institute and extension division.

The session has included four day-long instruction sessions held at the Hotel Menasha where the banquet will be held at 6 p.m. Thursday.

Badad Boyd, director of off-campus programs of the university's management institute, will be the dinner speaker.

Receiving the certificates will be William O'Connell, Richard Kimberly and Frank Kitzinger of Kimberly - Clark corporation, Edward Wojahn of Central Paper company, David Sugden and Ernest Brehner of John Strange Paper company, G. L. Cross of Stowe - Woodward, Inc.; Robert Bellin, Leonard Tackmier, Floyd Granger and John Seefeldt of Bergstrom Paper company, Robert N. Schmidt of Edgewater Paper company, Joseph Schmidt and Joseph Van Thiel of Combined Locks Paper company; Reginald Waldo and Norman Rodgers of Galloway company, Robert E. Helms of Wisconsin Container corporation and Donald J. Bludau of Western Condensing company.

Spring Road PTA Has Card Series

Neenah — Winners at the second in a series of card parties being sponsored by Spring Road school Parent-Teacher association Monday were the Mmes. Irene Flynn, Nell Johnson, Lyle Lillkerap and Lloyd Rider and Carl Jacobsen, Ervin Kettner and Adolph Sauer.

The last party will be held Nov. 2.

A Halloween Dinner Dance is planned for 7 p.m. Oct. 31 at Stroebe's Island haven by Neenah - Menasha Vocational Practical Nurses Alumnae association. Discussing arrangements for the costume event from left are Mrs. Elmer Haas, Mrs. Sylvester Britzke, Mrs. George Challoner, Oshkosh, and Mrs. Robert Seithamer.

Golden Agers To be Guests of Oshkosh Club

Neenah — Forty-nine Neenah Golden Age club members will attend the Oct. 27 fifth anniversary party of Oshkosh Golden Age club. The party will include a dinner, program, cards and dancing.

Neenah members traveling by bus will leave Boys' Brigade building at 5:15 p.m. Tickets will be sold at the 7:30 p.m. meeting at Neenah recreation building. Two films, "Wings to Alaska" and "Let's All Sing Together" will be shown.

Honor Resident At Farewell Party

Menasha — Miss Mary Ann Bruhl, route 2, Menasha, entertained at a Saturday farewell party in honor of Miss Patricia Schommer.

Miss Schommer and her parents, Mr. and Mrs. Gerald Schommer, Lakeshore drive, will leave Nov. 1 for Hollywood, Fla., where they will make their home.

Attendants Honor Winneconne Girl

Winneconne — A bridal party was given Sunday at the parish hall of St. Mary Catholic church by the attendants of Miss Betty Unser.

The hostesses were Mrs. Robert Davis and Miss Gertrude Yost, Oshkosh, and Mrs. Alvin Sodermark, Neenah.

Miss Unser, daughter of Mrs. Margaret Unser, will marry John Yost, Jr., son of Mr. and Mrs. John Yost, Omro, on Nov. 7.

Court Allouez to Hold Card Party

Menasha — Court Allouez, Catholic Daughters of America, members will give a card party at 7:45 p.m. Thursday in Knights of Columbus club rooms.

The committee includes the Mmes. Harry Cyr, and Ernest Anderson, co-chairmen, assisted by the Mmes. R. G. DuCharme, Fred Stimp, Charles Sorenson and E. X. Labre.

Teachers' Tea Sponsored by Lutheran Women

Neenah — The women of Our Savior's Lutheran church will sponsor a tea for teachers at 7:30 p.m. Thursday at Fellowship hall.

Mrs. Phillip Stone will play two piano selections by Brahms; "In an Irish Jaunting Car" by Whitfield and "Tuba Dance" by Dett.

Selections from "The Return of Hyman Kaplan" by Rosten will be given by Mr. and Mrs. Richard Willis.

Mrs. M. J. Emerson will sing a solo, accompanied by Mrs. Elvard Anderson on the piano.

WCTU Meeting

Neenah — Mrs. W. C. F. Hayes will report on the recent Women's Christian Temperance Union convention held in Chippewa Falls at the 1:30 p.m. Friday dessert meeting of Neenah WCTU at First Evangelical United Brethren church. Mrs. Hayes and Mrs. Dan Howman will be hostesses.

Floral Table Arrangements for a benefit card party, being held at 7:30 p.m. tonight at the Valley Inn, were made by Miss Marcella Czaplewski, left, and Mrs. Leone Wingen, members of Neenah-Menasha Zonta club. Proceeds of the party will be used for club service projects.

Staff Member Describes Family Care Placement

Oshkosh — An appeal for homes to provide family care for patients hospitalized for emotional stresses was made to Oshkosh Community council at a noon luncheon today at Alex's Town house.

Mrs. Eugene Williams, social service staff member at Winnebago State hospital, described the family care program, which the hospital is attempting to extend.

"Family care is a means of continuing treatment of a person hospitalized for emotional stresses which they could not handle, after they are improved and no longer need hospitalization," she defined.

The social service staff is authorized to place patients outside of the hospital under a law passed by the state legislature several years ago. The state hospital became interested in the program in 1954 and is expanding its efforts at this time.

Family care includes the placement of a patient in a carefully selected private home other than that provided by financially responsible relatives, when placement is deemed to be an extension of the therapeutic plan for the patient, she said. For some patients, family care may speed recovery and an eventual return to their home and individual responsibility. For others, placement may be for an indefinite period.

"Family care placement is not a substitute form of custodial care. Nor is it used for patients who have received maximum hospital benefits and are ready to return to community living," explained Mrs. Williams.

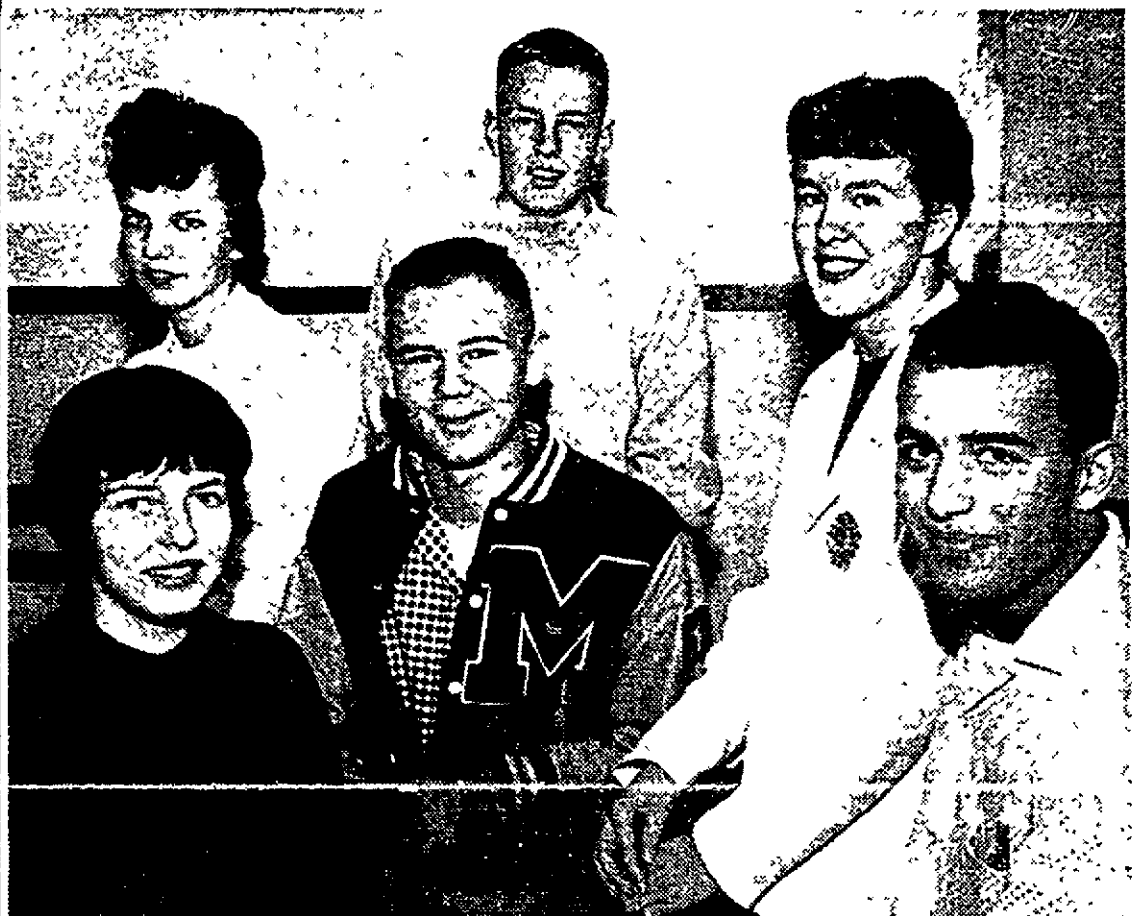

The hospital medical staff selects patients who have recovered from their acute symptoms and whose behavior is fairly well stabilized for the program. These people need to "return to the warmth of a near-normal home life to gain self confidence and a sense of personal importance in order to take the next step in adjustment."

"Many are young people. Some are helped to obtain training for future employment," she said.

Household Tasks

The patient is expected to share in household tasks as a family member, to join in social and recreational activities and participate in church and community affairs. Families taking patients into their homes receive reimbursement through the hospital. The patients' clothing and incidental expenses also are met by the hospital, she said.

"Not all placements are completely successful, because not all patients are good candidates for the program," Mrs. Williams emphasized. She pointed out that no single drug or prescribed activity helps all patients and, "That is why there must be such careful screening of

Her Talk on a Career in Library work with the Army was illustrated with slides when Miss Katharine Hyatt, staff librarian with Fifth Army headquarters in Chicago spoke at the fifth annual students librarians' workshop Tuesday at Oshkosh State college. From left are Miss Mary S. Malnar, children's librarian at Oshkosh library, and Miss Hyatt.

Army, Newspaper Librarians Describe Careers at Workshop

See World With Job

Oshkosh — A global job market awaits the college girl preparing for a career in library work. At almost any spot where American troops are stationed, some form of library service is being performed, librarians and student assistant librarians from schools throughout the state were told at the fifth annual student librarians' workshop Tuesday at Oshkosh State college.

Miss Katharine Hyatt, staff librarian director with Fifth Army headquarters in Chicago, began her career in library work in St. Louis. She entered the military library field at Scott field, Ill., in 1941.

Reminiscing about her years overseas, the trim, grey-haired librarian mused, "I don't know why, but when you're overseas, you get to know people better. You live closer together than stateside. All of my best friends are ones I made overseas," she confided.

In Germany, As materials and supply librarian with European headquarters command, Bad Nauheim, Germany, Miss Hyatt spent 1947-48 in purchasing and distributing books and supplies to all libraries in the European command.

She spent the previous year at Erlangen, Germany, where she was responsible for library service to training command libraries throughout Germany.

A 2-year tour of duty is required overseas "because it takes six months to learn the ropes and people," she explained.

Women serving in army libraries began wearing uniforms in 1942, said Miss Hyatt modeling the salte blue uniform with white insignia. "First we had seersucker, then the miracle fibers. Eventually we'll arrive at a uniform everyone will be satisfied with," she smiled. Air force librarians do not wear uniforms, she pointed out. Librarians are civilian employees of the government, although members of the women's services often serve with them as assistants.

December Rite Planned by Engaged Pair

Neenah — Mr. and Mrs. Ewalt Wollerman, 308 Hewitt street, have announced the engagement of their daughter Yvonne, to Lawrence Dennee, son of Mr. and Mrs. Peter Dennee, 717 Arthur street, Menasha.

Miss Wollerman was graduated from Neenah High school and Oshkosh State college. She is employed in the office of Central Paper company.

Her fiancé is a graduate of Menasha High school and is employed by George Banta company.

The couple is planning a Dec. 5 wedding at St. Paul's Lutheran church.

Tell Marriage Of Keith Borden

Neenah — The Sept. 19 marriage of the former Miss Barbara Ann Caldamone and Keith Francis Borden has been announced by her parents, Mr. and Mrs. John Caldamone, West Warwick, R.I. Mr. and Mrs. William Borden, 505 Nicolet boulevard, are the parents of the bridegroom.

The wedding took place at Sacred Heart Catholic church, Natick, R.I.

VNA Mothers' Class

Neenah — "Baby's Bath and Baby's Clothes" is the 2 p.m. Thursday topic for Visiting Nurse association Mothers' class at the VNA house. Mrs. Arthur Remley is hostess.

"Where Fashion Wise Women and Girls Who Care What They Wear Always Shop"

Newsman Heads Staff

Oshkosh — "Our library serves as our writers' memories," William Schiela, head librarian of the Milwaukee Journal, told the librarians' workshop, which met at Wisconsin State college Tuesday.

"We never know what information a reporter will want, and when he wants it he needs it in a hurry, generally to beat a deadline. We file 500 clippings daily and 1,500 from the Sunday editions. This filing and cross filing must be done within 30 hours after the paper comes off the press."

The newspaper's library goes back to 1882, and includes every sort of item: marriages, births, minor crimes, disasters, and every-

thing that has been printed on major news items such as Sputnik, the Cuban rebellion and sensational crimes.

13 Librarians

With 160 people on the staff, the 13 librarians must be prepared to give them the required information in a few minutes.

For the past several years, industry and unions alike have paid for advertising to present their side to the public in their own way, and this file is kept, as well as a photograph file of about 900 pictures weekly. These pictures, depending on their importance are kept "from a minimum of 10 years to forever," Schiela said. Those discarded are sent to the Wisconsin Historical society for background material, to show clothes, cars and buildings of that era.

Besides this "working" file, every edition back to 1882 has been microfilmed. These films are kept at the Wisconsin Historical society and in case of atomic attack there are microfilm copies in a vault in Cleveland, Ohio.

A member of the Milwaukee Journal staff for 24 years, Schiela has been a librarian with the newspaper for the past 10 years. Prior to that he had been a reporter, rewrites man and editor.

NEENAH MENASHA

Twin Cities to See Mobile Atoms Exhibit

AEC Display to Be at High Schools, Downtown Area

Neenah — Presentation of the "Town and Atom" exhibit of the United States atomic energy commission is scheduled for Monday and Tuesday, Oct. 26 and 27, in the Twin Cities under sponsorship of the Neenah-Menasha Jaycees.

The mobile exhibit is open to the public and admission is free. On Monday morning it will be at Menasha High school and from noon to 3:30 p.m. at St. Mary's High school. From 3:30 to 5 p.m. it will be in a downtown location.

The exhibit will be at the Valley Inn Monday evening and the exhibit's manager will speak then to the Junior Chamber of Commerce. On Tuesday the mobile unit will be at Neenah High school all day until 3:30 p.m. and then in downtown Neenah for the remainder of the day, according to Charles Schuetz, chairman of the "Atoms for Peace" committee of the Neenah-Menasha Jaycees, sponsors of the exhibit in cooperation with the University of Wisconsin extension division.

The atomic energy commission exhibit, housed in a walk-through type of bus, contains panels and models explaining the basic principles of atomic energy and its uses. Visitors to the free exhibit will obtain a comprehensive picture of the many ways in which the peaceful atom is playing a more and more important role in everyday life.

The exhibits, some of them operated by the spectator himself, explain research and development in the atomic energy field, ranging from the mining and refining of radioactive ores to the construction of nuclear reactors designed to provide electrical power.

The mobile exhibit is operated for the atomic energy commission by the museum division of the Oak Ridge Institute of Nuclear Studies.

Phillips Couple Hurt in Mishap; Driver Charged

Oshkosh — A Phillips couple was taken to Mercy hospital after their car went out of control on a curve on Highway 110 in the town of Winneconne Monday afternoon. The extent of the injuries wasn't reported.

Injured were John Tuma, 65, and his wife, Grace, Tuma who was charged with inattentive driving, said he reached for the cigaret lighter as he approached the curve. The car went onto the shoulder, crossed the highway and landed in the ditch on the opposite side of the road. Police said his vehicle was a total wreck.

Rodney Gauger, 16, of 1315 N. Harrison street, Appleton, was charged with driving too fast for conditions after his car was involved in an accident on Highway 41 in the town of Menasha Sunday afternoon.

A car driven by Isabelle A. Woolley, Skokie, Ill., was struck in the rear by Gauger's auto as it was stopped in the line of traffic at a construction site. Herminia Nemeth, Iron Mountain, Mich., a passenger in the Woolley car, was taken to Theda Clark hospital, Neenah, for a check-up.

Recommend 10-Year Lease For Boathouse

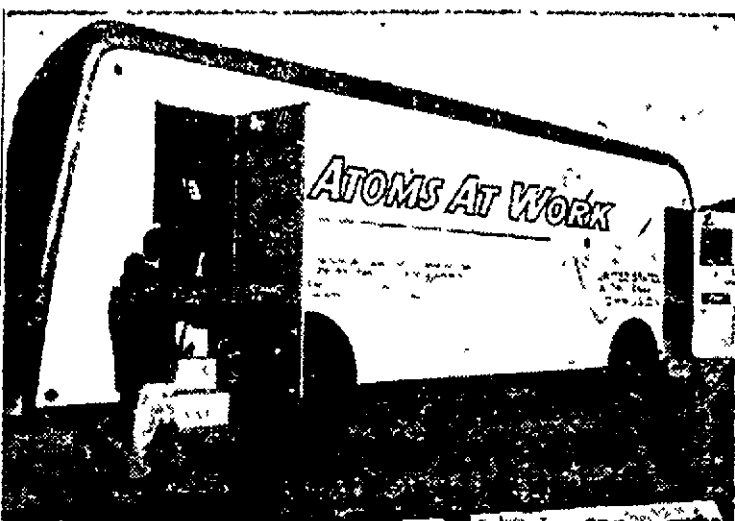

Menasha — A 10-year lease of land, former site of the Sensenbrenner boathouse at Brighton beach, was referred to the water and light commission for its approval before the city council can give the final okay.

The public buildings and ground committee has recommended giving the lease to the Fishermen's Club of Menasha.

The water and light commission must be consulted, City Atty. William R. Giese pointed out, because boats entering and leaving the boathouse area must proceed through the city water intake settling basin. A clause in the deed on the settling basin area restricts its use, and under certain conditions the land could revert to the original owners.

Giese suggested formal approval by the commission to prevent legal snags later, which might lead to the city's need to go to court to defend title to the settling basin land.

The boathouse lease after 10 years, will be renewable yearly, all at \$1 a year. The city engineer and park superintendent are to ensure the building is up to specifications accepted by the city, and that it be kept in good repair, with the city not liable for any claims.

Twin City Residents Will get a chance to see the "Atoms at Work" mobile exhibit of the Atomic Energy commission which will visit high schools and downtown areas Monday and Tuesday under sponsorship of the Junior Chamber of Commerce as a public service.

Asks Parking Regulation on Nassau Street

Driver Complaints Noted by Klein; Report Due Nov. 3

Menasha — Parking regulations on Nassau street near Ahnape will be considered by the city council's police, fire, traffic and safety committee, and recommendations made at the Nov. 3 meeting. Ald. John Klein asked the study Tuesday, citing complaints from drivers having

trouble because parking is allowed on both sides. (The street is one of the city's narrowest.)

Klein suggested a 2-hour

parking limit on both sides, or on one side with parking forbidden on the opposite side. It would eliminate shift workers parking on the street all day, he added. Ald. Edward Stinski, chairman of the committee, said a staggered open-closed space

setup might be considered. City Engineer M. J. Noth said he did not think such a "checkerboard" parking scheme would let traffic pass safely.

The council also: Informally agreed a few public telephone booths should be moved inward from corners for better driver vision.

Approved repair of a sidewalk slab at the southeast end of the Racine street bridge. It has fallen 4 inches.

Requested the water and light commission to install water mains in the new Maplewood Heights subdivision, between the Ninth and Tenth at Appleton streets area.

Reappointed E. E. Glomstead to the water and light commission.

Three Zoning Hearings Up For Aldermen

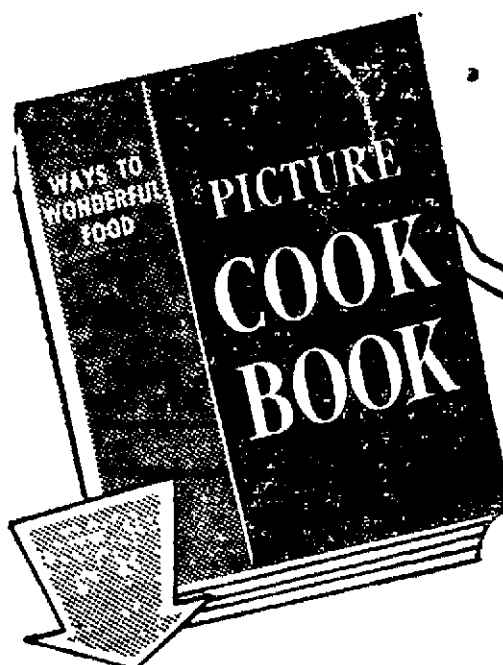

Neenah Council Also May Act on Rubbish Burning

Neenah — Public hearings on three zoning requests will be held by the council at 7:30 tonight. A local shopping district classification is requested for the northwest corner of Winneconne avenue and

Church street and also for the north side of Winneconne avenue from Church to Isabella streets.

Proposed for rezoning to multiple family is a group of lots in the Greenacres plat of the Gillingham farm area and commercial zoning for 23 lots in that area.

The council also may act tonight on an ordinance prohibiting all rubbish burning in backyards. This was presented at the last council meeting and action was deferred. Also deferred was action on a resolution to remove S. Commercial street south of Winneconne avenue and N. Lake street within the city from the county trunk system after the reconstruction work on those streets is completed.

Justice Ales Returns From Traffic Course
Menasha — Police Justice Arthur J. Ales last week com- for members Andrews was first, Henry second and Jung third. The next meeting Nov. 2 will be a demonstration on color portrait photography.

pleted a 5-day traffic court judges' institute at Northwestern university, Evanston, Ill. It was sponsored by the American Bar association and the National Safety council. Fifty-three traffic judges from all over the United States, Virgin Islands and Canada attended the institute. A nationwide system of uniform traffic laws was stressed there.

Clarence Ollson

ry to Venezuela, the Rev. William P. Evert announced today.

Ollson and his wife went to Venezuela in June, 1946, and has been there since except for his furloughs home. He is under appointment of the Assemblies of God foreign missions department, with headquarters at Springfield, Mo.

He opened a church in Valencia, a city of 125,000 population and this church has grown to where it is completely self-supporting today with its own national minister, youth organization, women's missionary council and a Sunday school of more than 200 persons.

Together with other Assemblies of God missionaries, he helped organize the Assemblies of God churches in Venezuela into a national organization. He served as chairman of its field committee and as president of the Assemblies of God Bible school in Venezuela. In this capacity he traveled throughout the country.

He attended Central Bible institute.

Pair Fined On Game Law Counts

Waupaca — Hunting after hours cost a Menasha couple \$10 fines each when they pleaded guilty Monday night before Justice George Whalen. They were Mr. and Mrs. Melvin Holmes. Conservation wardens arrested them Saturday in the town of Fremont when they emerged from the woods after deer hunting hours with strung bows.

Three Kaukauna men also paid \$10 fines for hunting squirrels in a close area. They are Carl Killian, 19, Joseph Mayerl, 36, and Larry Spice, 19.

They were hunting in the town of Dayton Sunday south of Highway 22. The season north of the highway is open, but the season south of the highway is closed until Saturday.

Oshkosh Firm Low on Sewer, Water Main Bids

Neenah — Bids for storm sewer work on Marathon street and sanitary sewer and water main on Geiger street were opened by the committee on public works and the water works commission Monday and the contract will be awarded at this evening's council meeting.

Bids for the Grove street water main were deferred until next Monday when the costs for that project will be received.

Low on the other projects was Central Contracting company of Oshkosh which had a total bid of \$19,680. The other total bids were C. F. Kalupa, Berlin, \$21,372, and Gray-Robinson company, Manitowoc, \$26,331.

No Decision Made On 'Open' League

9 Teams Represented at 1st Session; Meeting Again Oct. 26

Menasha — No final decision was made in the formation of an open basketball league at an organization session Tuesday night at the Memorial building. Recreation Director Bob Vanevenhoven reported this morning. Vanevenhoven said that there was some sentiment favoring a double league (a municipal and industrial league operated last year) but that the circuit would probably wind up as a combination church and industrial wheel.

Wilyat Jolts High 595 Trio

Tops Industrial Loop; Tissue Mill Team Holds Lead

Menasha — Don Wilyat collected a 595 series to head the Twin City Men's Industrial Bowling league Tuesday night at Mid-Town alleys. Other honor scores included Jerry Trudell 587, Lawrence Kossel and Norm Beyler 563 and Louis Herziger 551. The Wisconsin Tissue Mills team leads with 83 Petersen points. It has a 14 game lead over Kimberly — Clark Lakeview and a 2-game edge over the next four teams.

Rocket Frosh Team Eyes 14th Straight Win

Neenah — Neenah's freshman gridders will be eyeing their 14th straight win over a 3-year period when they take on Roosevelt Junior High school at Appleton Thursday afternoon. The Rockets won their first four games this year, copped all five a year ago when they won their first league crown and bested the last four foes in 1957 after losing the first two starts. Menasha attempts to close its season 1-game below the .500 mark when it collides with Kimberly at 4 p.m. Thursday at Butte des Morts field. The Jays have a 1-3 mark.

Zephyr Frosh Gridders Best Fox Lutheran

Square Record at 2-2; Tally Twice In Fourth Quarter

Menasha — The St. Mary frosh team evened its record at 2-2 with a 25-6 win over Fox Valley Lutheran of Appleton Tuesday afternoon at the Jefferson park gridiron. Both teams were bolstered by several sophomores.

The Zephyrs scored in the first quarter when end Dick Dachelet recovered a Fox Lutheran fumble in the end zone. The extra point was missed. Fox Lutheran's Jack Plamann ran 50 yards to score in the second period but St. Mary took a 13-6 halftime lead on a 50-yard pass from Bill Starr to Dave Eckholm. Tom Heroux plunged for the extra point.

The third period was scoreless but the Zephyrs scored twice in the final quarter. Steve Schmidt plunged six yards for the third touchdown with about five minutes left to play. The ball was put in position by a long run by Starr.

On the last play of the game Starr and Eckholm connected on a 40-yard pass play. Both extra points were missed. The game was cut to eight minute quarters and most of the last half was played in near darkness.

Squire Fullback Retains Lead in Catholic League

Menasha — His team didn't see league action last weekend but Ray Rottier, Pennings fullback, continues to hold the Fox Valley Catholic conference scoring lead with his 18 points.

Ed Hammen, St. John fullback, moved into second place with his seven points against St. Mary. He has 14 points on two touchdowns and as many conversions.

Bob Pecotte of Marinette ranks third with 13 points while Andy Ebben of St. John, Joe Schmitt, Pennings, and Jim Flesch, Springs, all have 12. Of the four, only Flesch tallied over the weekend.

Lloyd Post, Springs tackle, who booted a field goal against St. Mary last week, added a touchdown in the Marinette game to bring his total to nine points. Bill Schormer of Springs has eight and Mark VanderZanden, and Larry Schmitt, Pennings, Don Karisny, Norm Brown and Bob Jensen, St. Mary, and Joe Gowskie and Dan Szymik, Marinette, six each.

St. Mary Freshman Quarterback Bill Starr sweeps around end on his way to a big ground gainer in the fourth quarter of Tuesday's game against the Appleton Fox Valley Lutheran yearlings. Starr's gain to the 6-yard line set up the Zephyrs' third touchdown. He also threw two touchdown passes as the Zephyrs recorded a 25-6 win, evening their record at 2-2.

Titans Prepare For Platteville; Eye Initial Win

Oshkosh — Still looking for their first league win, the Oshkosh State college gridders were back at work Monday, drilling for their final out-of-town contest next Saturday at Platteville.

The Titans played Superior to a 13-13 tie last Saturday night for their second deadlock in five league starts. The other three contests were losses. Oshkosh is situated in ninth place in the 10-team league.

Platteville is just a notch above the Titans with a 1-3 record. It broke into a win column with a 27-13 upset verdict over the University of Wisconsin - Milwaukee last Saturday.

Statistics in the Oshkosh-Superior game showed the teams were pretty evenly matched. Oshkosh had an 11-10 first down edge and gained 115 yards rushing to 116 for the Yellowjackets. The Titans had a 17-yard edge in passing on seven completions in 14 attempts.

John VanSistine of Berlin capably filled in for the injured Tom Malchow at quarterback and played 60 minutes as did Bruce Armstrong, former Winneconne High school end.

Zephyr Graders End Season at Kaukauna

Menasha — St. Mary Grade school will close its Catholic Boy league football slate with a contest Thursday afternoon at Kaukauna Holy Cross. The Zephyr graders, who draw a bye during the final week of action, have a win over St. Patrick and losses to Kimberly Holy Name, Little Chute St. John, Kaukauna St. Mary and Appleton St. Joseph.

Quarterback Club

Neenah — Neenah Quarterback club members will hear about last week's win over Two Rivers and the upcoming game against New London at

Spang, Dorow Divide City League Honors

Former Crashes Peak 632 Series; 257 Best Single

Neenah — Al Spang slammed a 632 series and William Dorow had a 257 game in the Neenah City Bowling league Tuesday night at Muench's Recreation alleys.

Other honor games included a pair of 225s by Carl Mittag, a 256 by Al Muench and Bill Draeger's 241.

Muench had a runnerup 627 series while Mittag collected a 625 count and Dorow finished with an even 600. Other honor scores included

Sophomores Win in Homecoming Skits

Winneconne — The sophomore class placed first in the homecoming skits at Winneconne High school Thursday night. Second place went to the senior boys, third to the Future Homemakers and honorable mention to the Camera club and Future Teachers. Judges were George Kontos, Bonnie Larson and Milton Wentzel.

School Gets Award

Menasha — Jefferson school for the second consecutive year, has received a certificate of exceptional merit and has been placed on the national school safety honor roll of the National Safety Council. The school's committee for the safety program was Norbert Brunner, principal; Mr. and Mrs. Roy VerHoven, PTA council safety representatives; and Leonard Marko, fifth grade instructor and safety education supervisor.

Justice, Equality Record Dart Wins

Menasha — Florence Brantmeier hit 18 for 40 to lead Justice to two wins over Liberty in the Menasha Eagles Ladies Dartball league, which opened play Monday night at Eagles hall. Sally Redmond had 17 for 43 to top Liberty.

Equality won two from Truth, paced by Blanche Smith's 16 for 44. Betty Hoelzel hit 14 for 49 for Truth. The league has openings for additional new players.

Church Observes Layman's Sunday

Allenville — Layman's Sunday was observed Sunday at the worship service of Community Baptist church. Participating in the service were Alvin Jensen, Louis Jensen, Earle Armstrong, Chester Smith, Earl Calkins and Earl Winkewerder.

The Married Couples club will meet at the church at 8 p.m. tonight.

The Every Member Enlistment committee will meet at the church at 8 p.m. Friday to prepare for the every member canvass. On this committee are the pastor, Sunday school superintendent, chairmen of the boards of deacons, trustees and Christian education and the finance committee and the presidents of the Men's club, Women's Missionary society, Missionary circle, BYF and Married Couples club.

Members of the church will take part in a fall work day Oct. 31 at Green Lake with Curtis Combs in charge of arrangements.

Oshkosh Pastor Named Secretary of Synod

Milwaukee — The Rev. Theodore Sauer, Oshkosh, was named secretary of the Wisconsin Evangelical Lutheran synod.

The Rev. Oscar J. Naumann, St. Paul, Minn., accepted full-time presidency of the organization. Other officers are the Rev. Irwin J. Haebeck, Milwaukee, first vice president, and the Rev. Karl Krause, Lansing, Mich., second vice president.

Olejnuk Powers 624 In Fellowship Loop

Clubs 246 Loner; Judy Rickert's 509 Tops Ladies' Wheel

Neenah — Dick Olejnuk of the Neenah Foundry team swept laurels in the Goodfellowship Bowling league at Lakewood Tuesday night with his 246 game and 624 series.

Jim St. Louis came up with a 234 game and 611 series for runnerup honors in both departments. "Hank" Plath also had a 234 loner. Other honor scores included Gil Weiland 588, Gene Sor-

enson 575, Plath 573, John Block 562, John Cody 555, Joe Coonen 553 and Erv Kruse 552.

Ed and Woody's broke a 3-way tie for first place and leads by one game with a 15-6 record.

Joanne Bauer of the Teitz team slashed a 211 game and Judy Rickert of Club Oshkosh fashioned a 509 series to dominate the Thursday Night Ladies Handicap circuit at Lakewood.

The Larson team is in the lead with a 14-4 record with a 3-game advantage over a pair of runnersup.

MEN WANTED

Applications will now be accepted for the purpose of establishing an eligible reserve list for pending vacancies in the . . .

Set Times for Atomic Energy Display Unit

Will be Exhibited Downtown, at Shopping Center

"Atoms at Work" walk-through mobile unit depicting use of atomic energy in medicine, agriculture, industry and research, will be in Appleton Friday and Saturday.

Friday the unit will stop at junior high schools and then will be moved to Appleton street and College avenue. It will be open there between 5 and 9 p.m.

Saturday the unit will be downtown in the morning, but will be moved to Valley Fair shopping center for exhibition between 1 and 9 p.m.

The, "Atoms at Work" exhibit is sponsored by the United States Atomic Energy commission as a part of its "Atoms for Peace" activities. The museum division of the Oak Ridge Institute of nuclear studies, under contract with the commission, operates five mobile exhibits.

The mobile unit includes photographs, samples and animated models showing the uses of atomic energy in various fields. An exhibits manager will conduct the tours.

Arrangements for the exhibit were made by the Appleton Junior Chamber of Commerce.

Appleton Teenagers Injured in Mishap

Two Appleton teenagers were taken to St. Elizabeth hospital by Winnebago county sheriff's deputies after their car was involved in a mishap on Highway 10 in the Town of Menasha late Tuesday afternoon.

Injured were Jack G. Giesch, 18, of 524 E. South River street, and Patrick Grapengieser, 1529 N. Viola avenue. Both were released after treatment.

The car collided with one driven by Robert J. Massey, 30, route 1, Menasha. Giesch was charged with operating in the wrong lane of traffic. Massey was unhurt but his car was wrecked.

St. Joseph Church Plans Fall Festival

A fall festival including a fish fry, luncheon, and bake sale, will be held at St. Joseph Catholic church Friday and Sunday.

The fish fry will be from 5 to 10 p.m. Friday. The bake sale will begin at 7 a.m. Sunday, and will be followed by a ham dinner from 11 a.m. to 2 p.m. and a luncheon beginning at 4 p.m.

The festival also will include games and booths selling needlework, home made candy, novelties and craft projects.

Co-chairmen of the festival are Kenneth Day, Lawrence Milhaupt and Norman Pleir. Proceeds will help pay for the new Sisters of Notre Dame motherhouse.

Preble Rejects Incorporation as 4th Class City

Post-Crescent News Service

Green Bay — For the third time in the last four years, Preble residents have turned down an attempt to incorporate the town as a fourth class city.

A total of 2,389 persons voted in the referendum Tuesday, which was 67.5 per cent of the registered voters. The results were:

For incorporation 1,135. Against incorporation 1,254. Peter Walraven, president of the Preble-Humboldt school district and the petitioner for the incorporation vote, said he naturally was disappointed at the results of the referendum.

"This still leaves us (the school district) with the problem of piecemeal disintegration and hampers the long-range planning for school purposes," Walraven said.

Walraven said that if the three areas under annexation consideration by Green Bay go into the city it will cost the school district anywhere from \$250,000 to \$400,000 in settling the assets of the district.

Tipsy Driver Gets 60 Days

Almond Man Also Fined for Fourth Charge in 5 Years

An Almond man was jailed and fined and an Appleton man forfeited \$118.95, Tuesday on charges of drunken driving. Both had their driver's licenses revoked for one year.

They are Willard Schulte, 27, Almond, and Raymond W. Dorschner, 36, of 308 E. Atlantic street.

Schulte was sentenced to 60 days in the Stevens Point jail and fined \$150 when he was found guilty of drunken driving for the fourth time in five years.

Schulte was arrested Oct. 3 in the town of Lannark near the Waupaca-Portage county line by State Patrolman Richard Zylman. He was taken to Waupaca, where he registered .24 percent on a breathalyzer. A percentage of .15 is considered evidence of intoxication.

Schulte pleaded innocent at arraignment but was found guilty after a trial before James Levi, county judge, Stevens Point.

In addition to the drunk driving convictions, the state patrol listed other convictions of driving after revocation twice, and non registration, failure to transfer title and fraudulent use of license plates, once each. All violations were in the last five years, Zylman said.

If Schulte is unable to pay the \$150 fine after spending 60 days in jail, he will spend another 30 days there.

Dorschner forfeited \$118.95 before Acting Municipal Judge Stanley A. Staidl. He was arrested in the 400 block of N. Superior street after a policeman warned him not to drive when he saw Dorschner walking to his car. A patrolman arrested him after he saw him driving erratically. Dorschner refused to take the drunkometer test.

Post-Crescent Photo

The First of 33 Weekly police training sessions given by the federal bureau of investigation opened Tuesday at the Appleton police station. Seated, left to right, are Clark Lovrien, FBI special agent from Milwaukee, and Appleton Capt. Harry Salzman. Standing, same order, are Manawa Police Chief Rodney Taubel, New London Chief Harry Macklin and Appleton Traffic Sgt. John Gosch. Tuesday's session was on basic recruit training. The school is held in the Appleton station and the entire city force is attending. The courses are sponsored by the chiefs of police and sheriffs associations.

Bennett St. Water Line Plan Denied

Extension of water service to Alois C. Weiss' property on Bennett street by way of the Summer street water main and an easement across adjoining property was informally denied Tuesday by the board of public works.

The Weiss property is on the west side of Bennett street between Wisconsin avenue and Summer street and Weiss already has received permission for the water service plan from the water department, Building Inspector Walter Bogan told the board.

The catch is, said Bogan, that city ordinances are specific: The water main must be in the fronting street before he can issue a building permit. There is no water main in that block of Bennett street, he said.

"Appeals Board Left" Board members cite the necessity of strict observance of the ordinance after recalling denial of a similar request last year by another Bennett street property owner.

Last year's denial came on the heels of a situation in which a water line laid across private property by easement was found to have broken under a garage and was damaging the garage.

Board members pointed out that Weiss still could obtain a building permit by appealing Bogan's decision to the board of building appeals. A similar appeal by the other Bennett street property owner was recognized last year.

Rodeo Performers at AHS Lyceum Program

The Roscos, performers in rodeo, theater, television and screen, will appear at Appleton High school Thursday afternoon in "Rodeo Roundup." Their program will be the second lyceum program of the year for AHS students.

The entertainers were members of the first rodeo show from the United States that went to Latin America.

Works Board to Ask Hiring of City Planner

Hiring of a city planner and from the end of gravity sewer establishment of a city plan-ers to the new northwest sewage lift station and some other small storm sewers for its low bid of \$22,378.32. Bids were opened a week ago.

Ald. Pointer withdrew his request for establishing a budget for the industrial development committee after it was explained that Appleton Industrial Development corporation will compile and publish a brochure on Appleton's industrial facets.

Other board action: Board members decided to inspect the nine acres Lawrence P. Ertl, route 4, Appleton, is offering to sell the city for an elementary school site for \$24,000. The land is on John street extended at the former Old Dutch Settlement road leading to Speel school.

The mayor and city clerk were authorized to sign a deed giving the Fox Valley Sheltered Workshop 2.74 acres of land in the city's industrial development park on S. Perkins street. The workshop will pay actual land costs plus other costs which the city encountered since obtaining the property from Roy Winter for \$1,500 an acre.

Contracts Awarded C. R. Meyer and Son, Oshkosh, was awarded a contract to rebuild the S. Lawe street retaining wall for its low bid of \$25,980.48. Bids were opened a week ago.

A. J. Kienast and Sons, Oshkosh, was awarded a contract to build a force main

State plumbing inspectors will open a 2-day conference in Appleton Thursday, Reginald J. Gloudemans, Appleton plumbing inspector and president of the Wisconsin Society of Plumbing Inspectors, said today.

Conference headquarters for a morning and afternoon session Thursday and a morning session only on Friday will be the Hotel Appleton.

Eight speeches on technical subjects, a panel discussion and election of officers are scheduled. Registration starts at 8:30 a. m. Thursday at the hotel, with an address of welcome by Mayor Mitchell set at 9:30 a. m.

Officers, besides Gloudemans, are Louis Graesslin, Janesville, vice president; John J. Zawerschnik, West Milwaukee, secretary, and Wilfred Collette, Cudahy, acting secretary.

Discuss Plans For Plamann School Project

Set Tentative Date For Fund Raising Day in County

Problems of financing and operating the proposed Robert Plamann school for Retarded children were discussed Tuesday night by the Outagamie County Council for Retarded Children at the courthouse annex.

Guest speaker was Kenneth Blessing, supervisor for the state department of public instruction bureau for handicapped children. Blessing has worked with area officials in developing classes for retarded children at Hortonville, Seymour, and in the Badger and Little Chute school districts.

Blessing explained that legislation on assistance to handicapped children is permissive rather than mandatory. That is, it encourages local groups to take the initiative in providing facilities for handicapped children, but does not require special service or classes for handicapped.

State Obligation

The state's department of public instruction is responsible for consultation, assistance, supervision and some financial aid when a community establishes such service, he said.

The Appleton method of working for a retarded children's school through the Kiwanis and other service clubs is unique, Blessing said.

Six acres of land were donated in May for the school by the widow and daughter of the late Robert Plamann. The area is just west of County Trunk EE near Apple Creek in Grand Chute. Construction must be completed within five years.

Fund Raising

Construction money will be raised by donations from civic groups and private fund raising efforts. The school will include special classrooms, a sheltered workshop and office space. Architect George G. Narovec estimates it will cost between \$35,000 and \$50,000.

A tentative fund raising drive is planned for Dec. 1, according to James Mauthe, fund raising chairman. He said he is contacting businessmen in hope they will give a percentage of gross receipts for that day.

At present, the group has \$14,000 in pledges and cash toward the \$50,000 goal. Mauthe said the group is making every effort to collect enough money to begin work in April, 1960.

When the school is completed it is anticipated the Appleton board or Outagamie county school committee will take control.

According to Blessing, approximately 65 per cent of the yearly operating cost would be returned to the county by the state.

Two County Polio Victims Now at Warm Springs

Two Outagamie county polio patients now are at Warm Springs, Ga., foundation for treatment. They are:

Carla Melchert, 10, daughter of Mr. and Mrs. Carl J. Melchert, 1109 N. Oneida street, Appleton, and Willard Van Handel, 14, son of Mr. and Mrs. Edward Van Handel, route 4, Appleton.

Both children caught polio during the 1955 epidemic.

Surgery Scheduled

Carla has impaired use of her arms and legs and Willard is almost completely paralyzed, with no use of his arm, leg or back muscles. He was admitted to Warm Springs in August, Carla in October.

Willard is scheduled for surgery and rehabilitation and may be released about Christmas time.

Both of the children are being sponsored by the county chapter of the National Foundation. The chapter held a special drive in August to make the Warm Springs trips, and other rehabilitation projects possible.

'New Germany' Subject of Talk To Church Unit

"The New Germany" will be the subject of a talk by Mrs. Tatjana Fabian-Lanko, lecturer in German and Russian at Lawrence college, at All Saints Episcopal church, at 10 a.m. Thursday.

The lecture is the fifth in a series of six being sponsored by the Women of All Saints church.

Mrs. Fabian-Lanko received her Ph.D. at the University of Marburg, Germany, and has taught in London.

C&NW Time Schedule Changed

Chicago and North Western Railway company train schedules to the Fox Cities will be changed Sunday when daylight saving time ends in Illinois.

The schedule changes vary and are not across-the-board hour changes. Beginning Sunday, the Appleton train schedule will be:

Southbound—No. 212, daily, 2:13 a.m.; No. 206, daily, 7:17 a.m.; No. 216, daily, 4:37 p.m.; No. 224, daily except Sunday, 10:28 p.m.; No. 240, Sunday only, 10:57 a.m.

Northbound—No. 211, daily, 2:13 a.m.; No. 217, daily, 6:25 a.m.; No. 149, daily except Sunday, 1:17 p.m.; No. 209, daily, 8:14 p.m.; No. 239, Sunday only, 12:32 p.m.

Confusion Ends The railway made no seasonal adjustments in schedules when Wisconsin went back to standard time Sept. 27 because most of its passenger trains originate or terminate in Illinois, the railroad said. New timetables are being printed.

To be sure of departure times now, passengers have been requested by the North Western to call the depot when planning a trip.

Change Policy On Out-City Fire Calls

Appleton Firemen to Respond Only After Chiefs Call for Help

A misunderstanding about their 11-year - old mutual fire aid agreement has been cleared up by the Appleton city council's public safety committee and officials of six surrounding towns.

The fire aid pact of 1948, said Safety Committee Chairman Ald. Thomas K. Schneider today, provided that chiefs of the departments could call upon each other when fires in their jurisdiction got out of hand.

Responding firemen of other governments were to be paid \$300 an hour for a truck and five men for the first hour and \$200 an hour for the next hour of fraction of an hour. An additional truck and crew at any time would cost an additional \$200 an hour or fraction of an hour.

How?

Somewhat—it was not immediately determined exactly how—the agreements were interpreted to mean that individuals living outside the city could bypass their government's fire department and call Appleton's directly if they posted a bond assuring that they would pay the fees.

Town governments with separate agreements with Appleton include towns of Grand Chute, Buchanan, Neenah, Menasha, Harrison and Vandenberg.

Deplores Impression

Appleton Fire Chief Paul Neumann questioned the procedure a year ago when a town of Grand Chute motel owner sought to post a bond for the right to call Appleton. The first decision on the matter came Monday.

What's wrong, said Neumann, is that the Grand Chute volunteers could better handle any fire at the motel than his department because Grand Chute has stored large gallons of water aboard its trucks and his department has only a 300-gallon capacity on one truck.

With no fire hydrants to put his trucks in operation, his department would respond and stand idly by while the motel burns, he said. The chief deplored the public impression such an incident would cause.

Officials Agree

The safety committee and town officials, Schneider reported, agreed to revert the situation to observance of the original spirit of the agreements.

This will end direct calls to Appleton firemen by some 15 individuals and businesses in surrounding towns, including supper clubs, taverns, Valley Fair Shopping Center and Tornow's Market on Memorial drive.

If these people want fire service, their properties are in a position for annexation to the city, it was pointed, Schneider said.

There will be three exceptions to the new interpretation: The county hospital, Riverview sanatorium and the S. Oneida street Wisconsin Michigan Power company substation.

Parents of Students at Xavier High school visited their children's class rooms Monday and Tuesday night, learning something of what their children do daily at the new school. From left, Brother L. Peter, F. S. C., director, chats with Ledgard Feavel and Leonard Bransch, parents of sophomore students. About 400 freshmen parents and 250 sophomore parents attended the open houses.

City's Debt Limit Hiked by \$276,537

State's New Equalized Value Pushes Maximum to \$19,627,193

The increase of \$3,456,720 in the state's view of Appleton property values for tax purposes has hiked the city's statutory bonded debt limit by \$276,537.

Figures released by City Clerk Broehm put the new total state equalized value of Appleton property, both in Outagamie and Calumet counties, at \$245,339,920. It was \$241,883,200 last year at this time.

Since bonded debt is limited by law to 8 per cent of equalized value, the new bonded limit is \$19,627,193. It was \$19,350,656 at this time last year.

Move Ahead

Current debt commitments show Appleton will end this year owing \$8,981,000 to bondholders. This is \$132,000 more than carried over from last year on Jan. 1.

However, the prospect is that the city will be more than \$10,000,000 in debt by year's end. Bond issues for the new Edison school, south side swimming pool and police station addition lie ahead.

Current commitments equal 45.7 per cent of the new limit. Add to the commitments the \$1,385,000 proposed for borrowing and the percentage of debt to limit will become 52.7.

The city this year has, or will pay off \$754,000 in principal

and about \$233,344 in interest on all bonded debts. This includes principal and interest on general obligation bonds floated to defray the 5-year installment plan for paying of special assessments.

Without considering the special assessments payment program, the city has paid or will pay off \$527,000 in principal and \$224,344 in interest on bonded debt this year.

Next year, current commitments call for principal payments totaling \$538,000. This does not include provisions for special assessments payments or payments on the new Edison school, swimming pool or police station addition issues.

The upcoming projects could require about \$70,000 in principal payments next year.

51% for Schools

Broehm did not report the amount which interest claims are expected to demand next year, but they can be expected to require in excess of the \$225,000 of this year. The contemplated borrowing could require as much as an additional \$50,000 in interest.

Broehm will report next year's principal and interest requirements to the council's finance committee when it begins 1960 budget hearings Monday night.

Broehm's figures show that of the current obligations, 51.9 per cent resulted from construction of new schools or school additions, 17.6 per cent resulted from bridge construction, 22.1 per cent from sewer work, 5.9 per cent from financing of special assessments (which do not result in a tax levy demand), 1.6 per cent from library remodeling and 7 per cent for south side fire station construction.

Charge Dismissed

A charge of failing to support his wife and two children, aged 14 and 4, has been dismissed against Glenn Perkins, Kaukauna, after Mrs. Lois Perkins, 408 E. Fifteenth street, Kaukauna, told the court Perkins had agreed to support the family. The couple is separated.

Private College Foundation Gets \$104,000 Gifts

The Wisconsin Foundation of Independent Colleges, Inc., reported receipts of \$104,190 in the six months ended Sept. 30.

The results compare with \$99,064 collected in the comparable period in 1958.

Dr. John B. Johnson, Jr., president of Milwaukee-Downer college and of the foundation, said the fiscal year goal is \$300,000.

The foundation was established almost six years ago to assist the 17 non-tax supported liberal arts colleges in Wisconsin to obtain supplementary funds with which to meet operating expenses.

Members include: Beloit; Carroll, Waukesha; Dominican, Racine; Edgewood, Madison; Holy Family, Manitowoc; Lawrence, Appleton; Milton, Milton; Lakeland, Sheboygan; Northland, Ashland; Ripon, Ripon; St. Norbert, West De Pere; Viterbo, La

Retirement Policy Set for City Workers

A compulsory retirement policy for city employees has been adopted by the city council's finance committee.

It is the same plan the committee indicated two weeks ago it would recommend.

Other Action

City councilmen will vote on the policy tonight. If approved, an ordinance will be drafted.

The policy provides that all employees, except firemen and policemen, must retire on the last day on the month in which

they are 70 years old, starting Jan. 1, 1962.

Policemen and firemen are compelled to retire at 65 unless the council waives and the state retirement fund accepts the waiver. In 1964, the age for policemen and firemen will be lowered to 60.

Other committee action:

The committee recommended payment of \$770.88 to St. Joseph Cemetery association to defray cost of maintaining veterans graves.

A claim from the town of Harrison that \$867.94 in state income tax shares has erroneously been made to Appleton was referred to Becker and Okada and Smith, Ellingson and Schuldes, who hold city contracts for the work.

Two Top Boars Go for \$72.50 At Chilton Sale

Prices Lower by
40 Per cent Than
1958 Annual Event

Chilton — Top boars at the 16th annual Calumet county boar and gilt sale here went for \$72.50 but were 40 per cent lower than last year's sale. "Butcher hogs are down in price and preeder stock follows the market," Norval Dvorak, general manager of Wisconsin Feeder Pig Marketing Co-op, said explaining the low prices.

The boars went to Rhinold Voeks, route 3, Appleton, and

Dennis Dobberstein, route 1, New London. Voeks' Chester white was consigned by Robert Hemauer, route 1, New Holstein. Hemauer is a vo-ag instructor at the New Holstein high school. Dobberstein, who is 16, has three gilts and will use his Hampshire boar, consigned by Eugene Mertz, route 1, Hilbert, for feeder pig stock.

Top gilt of the evening was a Poland China consigned by the Calumet 4-H clubs. It was part of a special pig project in the county. Darrell Mueller, route 3, Seymour, paid \$52.50 for it.

Average price for gilts was \$40 for 15. Boars averaged \$45 for 22. Gross for the evening was \$1,520 for the 37 animals. In 1958 the gross was \$4,005 for 55 head. Top boar went for \$110 and top gilt \$100.

A. J. Thiel, Chilton was auctioneer. Randy Thiel, Chilton, was ringman and Orrin Meyer, Calumet county agent, read pedigrees.

Sugar Bush Couple Visiting Chicago

Sugar Bush — Mr. and Mrs. Henry Steingraber are visiting in Chicago.

Work Garden Over Before Cold Sets in

End of Season
Chores Make Soil
More Productive

Before it gets too cold—do some end-of-the-season things to make your vegetable garden productive and successful next year.

Cut down next year's insect, weed, and disease troubles by spading or plowing now.

To clean up, take away refuse from this summer's garden. This is better than plowing the old plant refuse into the soil, because it takes too long to decay and soil gets trashy.

Plowing Helps

Fall plowing helps keep soil in good condition and lets it dry out and warm up easier in spring. It also saves time during the spring rush and helps to rid insects and diseases which live during the winter in or on the soil.

Leave the soil quite rough this fall. Don't try to smooth out the seed bed. Rough soil helps to hold snow and moisture. A crust develops on smooth soil, and water runs off during winter and early spring.

It is best to add compost and other decayed organic matter to the garden when plowing. Commercial fertilizer can be added, too, unless soil is extremely light and sandy.

Don't Save Seeds

Don't save seeds from certain garden vegetables. Saving seeds often leads to disease problems which can cause loss of yield and quality. The cost of seed is a relatively minor part of the total investment in a garden, but it has great influence on the results.

Clean the soil off metal parts of tools and wipe the tools with an oiled cloth. Soak rusted parts in kerosene for a few hours and then scour off the rust with a wire brush or oiled rag dipped in fine sand.

Hang tools on nails or hooks in the garage or tool house to keep them out of the way.

Agent Warns Against Early Corn Harvest

Waupaca—Farmers should check moisture content of corn before starting picking. Joe Walker, county agent, warned.

Walker said some samples have a moisture content ranging from 26 to 34 per cent. If moisture content is more than 23 to 25 per cent the corn should not be picked, he explained.

sease occurred in non-sprayed trees. The reason some sprayed trees became infected may be attributed to several possibilities; incomplete spray coverage, deterioration of spray, or infection through root grafts.

Both of these measures must be thorough and complete for satisfactory control. Removing only part of the elm wood, while reducing the hazard does not eliminate it. Partially spraying some of the elms in a community cannot protect all of the elms in that community.

Some "sprayed" trees became infected this year. But of spray, or infection through most cases of Dutch elm disease.

Amherst FFA Performing Corn Harvest Safety Check

Amherst — Future Farmers of America from the high school here are putting free hours into a community service with a return in safer and saner farming in mind.

With the advent of harvest Ronald Suski, FFA safety chairman, a senior at school, with help of Vo-Ag Instructor Chester Novak, obtained a special corn harvest safety program brochure.

About 50 or 60 of the advanced members of the FFA chapter will visit farms and inspect corn harvest equipment. The program moved into full swing last week with final touches this week.

Safety devices on the tractor and corn picker are checked. Machinery is inspected to be sure it is in operating condition.

Special attention is given to see if all safety shields are in place, such as over the power take-off (point where power from the tractor is transferred to operate corn picker mechanism). Snapping unit adjustment is checked to be sure it is centered on the row to be picked. (This is a gutter shaped unit with two lips which straddle a row of corn and picks the cobs). Adjustment is made through the picker hitch.

Farmers picking corn are cautioned by the FFA inspectors to drive tractors slowly, usually in second gear. A tractor is to be turned off and the power take-off disengaged before a driver dismounts from the vehicle. Farmers are told to warn careless operators of existing

dangers and to keep equipment in constant repair.

Mrs. Housewife is cautioned to keep clothing worn on picking equipment in good repair. Loose fitting clothes or small rips or tears can catch in moving parts and result in possible injury.

When picking is particularly heavy women are told to prepare a mid-morning or afternoon snack to reduce worker fatigue. Renewed energy and alert crews prevent accidents.

Dairy Group At Shawano

Shawano — Special speakers including Al Bresemann, state department of agriculture, Wayne Wendorf, department of agriculture, and Rep. Melvin Laird will appear at the 21st annual Northeastern Wisconsin Cheesemakers and Buttermakers association meeting here today and Thursday.

Bresemann will discuss cheese grading, Wendorf the progress and aims of the Wisconsin Cheese foundation and Laird will present legislation as related to the dairy industry.

Officers of the association are W. B. Schroeder, Pulaski, secretary; Frank Buss, Jr., Caroline, treasurer; S. W. Streblow, Gillett, president, and Elmer Berry, Shawano, vice president.

Elm Disease Has Good Start

Southeastern Part
Of State Found to
Have Tree Trouble

Dutch elm disease has now become well established in the southeastern part of Wisconsin.

Conclusions are based on the fact that the disease is now known to have occurred in 15 counties and 152 communities. Last year it was found in 10 counties and 105 communities.

The total number of confirmed cases last year was 1,832. This year the number is 3,561 or almost double that of 1958. There are also perhaps hundreds of unreported and unconfirmed cases in rural areas.

With many communities practicing control measures, this increase in 1959 may seem a little discouraging. The control of Dutch elm disease consists of two operations. Sanitation, the removal and destruction of all confirmed cases and of weak and dead elm trees and wood, and the application of dormant spray.

Both of these measures must be thorough and complete for satisfactory control. Removing only part of the elm wood, while reducing the hazard does not eliminate it. Partially spraying some of the elms in a community cannot protect all of the elms in that community.

Some "sprayed" trees became infected this year. But of spray, or infection through most cases of Dutch elm disease.

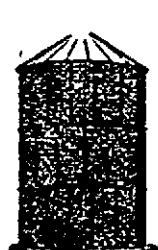

A Shield Over a Power take-off is inspected by Ronald Suski, Amherst High school FFA safety chairman. Paul Kubisiak, left, looks on. The FFA advanced class is making a community safety check of corn harvesting equipment to prevent accidents.

Where to Put Softball Field Still Undecided

School Board Sets Decision on Second High Land Monday

Where the city will build a lighted softball field to replace the one giving way to the new swimming pool in Interlake park remained undecided today.

A meeting Tuesday between the board of public works and school board representatives produced some headway. Members of both boards

agreed with the recreation commission that the project should get underway this fall to insure a playable field next spring.

School board members seemed to agree that two acres of the 30-acre second high school site at Calumet and John streets might be used if the field could be planned to fit the site plan for the projected high school.

They would insist that the field be under the jurisdiction of the school board, they said. Discussion showed that the field probably would be constructed along Calumet street where land is most level if the school board approves.

Recreation Director Elmer W. Grover said one other consideration involves water and toilet facilities for the field.

Sewer, Water Works Extension of sewer and water lines from their present terminal points to the Calumet street field site could cost as much as \$15,000, Director of Public Works Duszynski estimated.

Whether the school board will approve the softball field depends on these factors, School Supt. John P. Mann said.

1. Where the high school football field and bleachers will go.

2. Where the proposed high school football field and bleachers will go.

3. Where outfield poles for the softball field's lights will go.

He indicated the softball

field would not be permitted to interfere with the location of the school buildings or football field.

Soil test borings will be needed to determine where the building is to go, Mann said.

Board members discussed for a time the advisability of adding the soil testing to a contract already let for testing soil at the new swimming pool site, the new Edison school site and the police station addition site, but no action was taken.

The works board said it will invite the park board to next week's meeting and discuss possibilities of placing diamonds on park property purchased from Joseph H. Doerfler (south of Hoover avenue at Jackson street), the park land on which the northwest sewage lift station is being constructed or an addition to Telulah park.

Seeks 4 More The problem, said Grover, is not one of simple replacement of the lighted field. He actually needs two more hardball and two more softball diamonds, he said, to meet the demands of the American Legion junior and Valley Fair Shopping Center's county league hardball teams, the new Babe Ruth league and occupancy of some softball diamonds by the newly-formed Little League.

Grover estimated four additional diamonds would require 10 acres of land, two acres for each softball diamond and 3.5 acres for each hardball diamond.

Second High In 1963-64

Mann Says He Can't Eliminate Football Field Provisions

A second high school probably will be needed in Appleton by 1963 or 1964, School Supt. John P. Mann told the board of public works Tuesday.

This is a revision of earlier estimates, which indicated the second high school would be needed a year or two earlier.

It will be two years at least before the full impact of the Xavier Catholic High school and Fox Valley Lutheran High school enrollment growths are felt, he explained.

The second high school probably would be erected to accommodate between 1,600 and 1,800 students, Mann said.

Goodland Field When asked whether Goodland field might not serve as the home playing field for both Appleton high schools upon completion of the second high, Mann replied that the use of Goodland field for high school football games has been studied in the past and several reasons appeared against it.

Specifically, he said, the second high school probably would not be entered in the Fox Valley league, but the Mid-Eastern conference, which has schools of smaller enrollment.

This would create scheduling conflicts, he said, and probably bring about times when both city high schools would be playing the same night in Appleton.

Scheduling also could be difficult, he said, if the second high school goes into the Fox Valley loop since Green Bay and Sheboygan already have two schools entered.

At any rate, he said, it would not be right to deprive the second high school of a field on which to play its games.

Fire Causes Smoke Damage at Prange Company Annex

Fire in the new H. C. Prange company annex, the former Rio theater building, caused an undetermined amount of smoke damage about 8:50 a.m. today.

Firemen said workmen cutting a heating pipe with an acetylene torch set fire to floor joists. Firemen were forced to cut a small hole in the flooring to get at the blaze.

The smoke smell was still in the store about 10:30 a.m.

Unusual Harvest of raspberries in October is picked by Mrs. Adolph Thulien, Iola. The heavy sweater and shirt under the work jacket, cap and gloves are not usual clothing for an October berry picker. Mrs. Thulien says the berries now, in large numbers, are better than those earlier. Heavy rains and cloudy days brought on the second harvest.

Air-Rail-Bus Terminal Not Depot Evidence

Chamber of Commerce Counsel Maintains Plans Not Pertinent to Moving Facility

The two air-rail-bus terminals proposed for the Fox Cities were not admitted as evidence this morning at the hearing to have the Chicago and North Western Railway company depot moved from the junction back to its downtown location.

Chamber of Commerce Counsel David Bliss objected to discussing the plans, both published in the Post-Crescent, as "being not at all pertinent to the reasonableness of the present depot."

Examiner Rolfe Hanson said the drawings would be admitted as testimony if the state of the plans were described to him.

Greater Distances North Western Counsel Roger P. Bessey said the ruling would preclude his demonstrating that both plans involve greater distances from downtown Appleton to the terminal than now exists.

One of the plans involves improving the present county airport. The other involves a new site southwest of Appleton. Neither plan has been acted on or considered by any governmental body.

The hearing, the third held on a petition by Urban P. Van Susteren to have the depot moved, was recessed until 1:30 p. m. The morning was devoted to the testimony of one witness, Allan J. Deno, division engineer for the North Western.

Single Witness Deno described the existing depots, comparing square footage of waiting rooms, platforms, and gave testi-

mony about toilet facilities.

The present waiting room contains 994 square feet, the old, 880 square feet. The present has 49 seats, the old 35. The present has both wooden and upholstered settees, the old only wooden. The present platform is 850 feet long, the old 780 feet, with 300 feet covered. The present has a 51-car parking lot, the old had only street parking, which often is filled with cars not railroad business, Deno said.

A new heating system is being installed now, Deno said, and the inadequacies of the rest rooms are being taken care of. This involves putting separate heating units in the rest rooms and closing louvers between the rest rooms and the waiting room.

\$16,793 Improvements Deno described other interior and exterior improvements to the Second street depot made since passenger service was transferred there in 1958. Total improvement costs have been \$14,722 on the depot and another \$16,743 for a new freight building.

Deno and Van Susteren disagreed about adequacy of the depot. Van Susteren at two earlier hearings stated he would prove the present depot is inadequate. Deno maintained the facilities are adequate for Appleton and that the building compares favorably with depots in other Wisconsin cities.

Noted October 5, 1959 By the Court, STANLEY A. STADL, County Judge.

LEGAL NOTICES

STATE OF WISCONSIN OUTAGAMIE COUNTY COURT IN PROBATE

File No. 19,900 In the Matter of the Estate of NETTIE HERMES a/k/a NEL- LIE HERMES, Deceased.

On the application of the co- executor of the estate of Nettie Hermes a/k/a Nellie Hermes, deceased, late of the village of Little Chute, Outagamie County, Wisconsin, for the allowance and adjustment of his account, for the allowance of debts or claims paid without filing, for the determination of who are the heirs of the deceased, for the determination of the inheritance tax, for the assignment of the residue of the estate, and the adjudication of the termination of joint tenancy or life estate, if any,

IT IS ORDERED:

That the application be heard and determined at a term of the Court, to be held in and for the County of Outagamie, at the Court House in the City of Appleton, on the 3rd day of November, 1959, at the opening of Court on that day, or as soon thereafter as the matter can be heard.

That notice thereof be given by publication of this Order for three consecutive weeks, once in each week in Appleton Post-Crescent, and by mailing a copy of this Order to the Public Administrator of this County, the Wisconsin Department of Taxation and every interested person whose post office address is known or can with reasonable diligence be ascertained, at least twenty days before the hearing or proceeding.

Dated October 13, 1959. By the Court, STANLEY A. STADL, County Judge.

VAN HOOF & VAN HOOF, Attorneys for the Estate, 200 East Main Avenue, Little Chute, Wisconsin. Oct. 14-21-59

STATE OF WISCONSIN OUTAGAMIE COUNTY COURT IN PROBATE

In the Matter of the Estate of Esther S. Nitzband, also known as Esther S. Nitzband, Deceased.

A petition for administration of the estate of Esther S. Nitzband, deceased, late of the City of Appleton, Outagamie County, Wisconsin, and for determination and adjudication of heirship, having been filed.

IT IS ORDERED:

That the time within which all creditors of said deceased shall present claims against such estate for examination and allowance is hereby fixed and limited up to and including the 11th day of January, 1960.

That proofs of heirship be taken and all claims and demands against the said deceased be examined and adjusted by the Court on the 12th day of January, 1960, at the opening of the Court on that day, or as soon thereafter as the matter can be heard.

That notice of this Order for three consecutive weeks, once in each week, in the Appleton Post-Crescent, the first publication to be within fifteen days from the date hereof; and by mailing a copy of this Order to every interested person whose post office address is known or can with reasonable diligence be ascertained at least twenty days before the hearing or proceeding.

Dated October 9, 1959. By the Court, STANLEY A. STADL, County Judge.

Joseph Witmer, Attorney, Appleton, Wis. Oct. 14-21-59

Preparations are Well Underway for the Golden Agers pancake day and bazaar Saturday. Pancakes will be served from 10 a.m. to 7:30 p.m. at the Masonic temple. Preparing material for the bazaar are, left to right, Mrs. Lulu Besnah, bazaar co-chairman; Mrs. Kristine Barney, Mrs. Arthur Melzer, the other bazaar co-chairman; and Mrs. Gertrude Hoffman.

Reporters are Historians

U. S. Newspaper Week Should be History Week, Too, Writer Believes

BY ARTHUR EDSON

Washington — National newspaper week currently is being observed, and it's too bad it can't be national history week, too.

For better or for worse, unconsciously or maybe even self-consciously, we reporters in time become historians.

True, old newspapers are normally consulted only for the big events. What was the immediate reaction, for example, when Lincoln was shot?

But less spectacular events have their importance, too.

Anyone living 100 years from now who wants to understand this curious age might well skip some speeches by our statesmen and read the stories papers are carry-

ing about the inquiry into television quiz shows.

Is it ethical to coach a man on every detail of every answer and then call him a contestant? Or is this simply show business, free entertainment, and who was hurt anyway?

Simple Question
Understanding us should be simpler if the historian of 2059 realizes that we can make a complete, complex production out of a simple question of right and wrong. One value in reading history is to discover for ourselves how much we change and yet how much we remain the same.

During this past session of congress there were cries of what some congressmen were getting away with—relatives on the payroll, rent paid for a congressman's front porch, assorted boondoggling.

Well, the Alexandria, Va., Gazette, published across the Potomac river from the capital, runs a column, "News of the Olden Days." Here's a report from 1859:

"We have recently seen a list of articles furnished the last house of representatives, under the head of 'contingent expenses,' which discloses not only a very curious taste among our honorable lawmakers, but also shows where a great deal of the money goes. . . .

"There are 4,500 pen-knives furnished to the members during the session, all paid for at the public's expense. There are 234 members in all which

makes about 20 pen-knives to each member. . . .

"Next year, at this rate of progression, we shall have congress paying the bar bills and hack fares of the honorable members and the pin money of their wives and daughters. We live in a great country."

Other congressional habits haven't changed much either, as this 1859 item will show:

Debate on Slavery

"The debate on slavery and Kansas still goes on in the house of representatives, the Indian appropriation bill be- comes law in the committee of the whole.

"The speeches are, for the most part, articles from the newspapers hashed up and seasoned with what may be called 'congressional eloquence!' They are not worth the paper on which they are printed."

Congressmen are still shocked when a president is attacked on the floor, just as they were in 1859: "In the house of representatives on Tuesday whilst Mr. Burroughs was denouncing Presidents Pierce and Buchanan for their course on the Kansas question, Mr. Smith of Virginia called him to order.

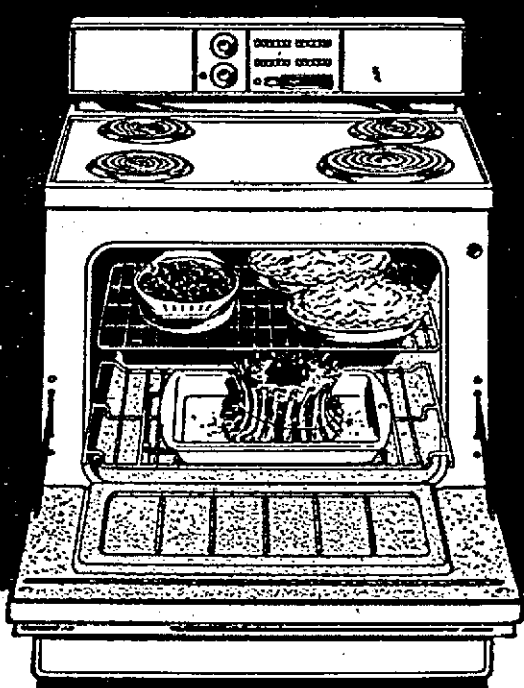

"It was disgraceful, he said, in a gentleman denouncing on this floor, a co-ordinate branch of the government. (Cries of 'no, no.')

It's nice to know, on national newspaper week, that we are still reporting the charges—and the anguished cries they produce.
